12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Improvements to the roadway located on Pecan Street from Church Avenue to South Boulevard are much needed to provide a sufficient route along SR 77. The roadway is located next to the first African American school in the county and leads to the Washington County Industrial Park.

b. What activities and services will be provided to meet the intended purpose of these funds?

The proposed improvements will include resurfacing to make the roadway more passable and encourage traffic alleviation from SR 77.

c. What direct services will be provided to citizens by the appropriation project?

This route can be utilized as an alternative thoroughfare from SR 77 and utilized for the Washington County Industrial Park.

d. Who is the target population served by this project? How many individuals are expected to be served?

The general population will be served by this project and is expected to exceed 1,000 people.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

A large number of people will experience a reduction of delay in travel as this project will allow for increased flow of traffic. More people will be able to travel the area either to work or to the beaches. This impact can be monitored.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The city will ensure that all deliverables are met and there will be no failures to meet the performance measures set forth by the funding.
