Fiscal Year 2022-2023

LFIR # 2538

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The City of DeFuniak Springs CR 280B Water and Sewer Expansion project would provide water and wastewater infrastructure to serve properties adjacent to the new CR 280B Connector Road. CR 280B has encouraged economic development in the area as anticipated and is beginning to attract large developments, however, there are currently no utilities in place. By expanding utilities along the roadway, the City of DeFuniak Springs would see new commercial and residential development, new mixed use development and additional development.

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

There is a demonstrated need for expanded utility infrastructure along the new CR 280B Connector Road. By expanding facilities along the roadway, the City of DeFuniak Springs would see new commercial and residential development and new mixed use, residential and industries.

b. What activities and services will be provided to meet the intended purpose of these funds?

The funding will allow for engineering, permitting, construction and inspection to upgrade components within the existing water and wastewater systems. This would allow for increased economic development along with new commercial and residential development.

c. What direct services will be provided to citizens by the appropriation project?

There will be an increase in area average wages and services such as food, lodging and retail facilities. There will also be an increase in the number of new skilled jobs in the area.

d. Who is the target population served by this project? How many individuals are expected to be served?

Increased economic development opportunities will directly benefit those individuals who are unemployed or who are economically disadvantaged.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

There will be an increase in job opportunities and increase in the local median household income (MHI).

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
