## Local Funding Initiative Request

### Fiscal Year 2022-2023

LFIR # 2650

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Protect Overbrook neighborhood residents from repetitive property losses and public health issues. Roughly 50% of the 136 single family homes have experienced interior flooding during extremely heavy rain events, and 13% during moderate rain events. Insure mitigation of stormwater flows to prevent downstream flooding and deleterious environmental impacts. Improve transportation conditions during flooding events. Improvement of economic activity by virtue of increased property values.

**12. Program Performance**

**a. What specific purpose or goal will be achieved by the funds requested?**

The funds requested will assist with funding the improvements to the county's stormwater system to eliminate structural flooding of homes, as well as reduce roadway flooding.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Construction and construction engineering and inspection services.

**c. What direct services will be provided to citizens by the appropriation project?**

The appropriation will mitigate current flooding events, which prevent ingress/egress into the area due to uncontrolled stormwater entering the area with half of homes experiencing interior flooding in heavy rain events.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

This appropriation serves to provide flooding relief and prevent repetitive loss to the Overbrook area of roughly 136 single family homes and provide secondary stormwater support to over 1,000 homes.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

The expected benefit of the project is eliminating structural flooding and reducing roadway flooding. The way this benefit will be measured is by post-construction As-Built surveys, quality of life, and monitoring after extreme flooding events.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**
