LFIR # 1046

1. Project Title Fort Hamer Road 4-Lane Design - Manatee County

2. Senate Sponsor Jim Boyd

3. Date of Request 01/31/2023

4. Project/Program Description

Funding support for the design of Fort Hamer Road from two-lanes to four-lanes. Fort Hamer is a primary reliever for I-75 congestion and incident management. The project includes two segments. The first is Fort Hamer Road from the Manatee River to U.S. 301; this project is reconstruction and widening 3.0 miles of existing two-lane road to four-lanes. The second extends from U.S. 301 to Moccasin Wallow Road. This 2.0-mile section was constructed as a two-lane road but designed and prepared for four lanes. The second project is for the additional two lanes on this 2.0-mile section.

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1046

The purpose of the requested funds is to provide financial support for the design of widening Fort Hamer Road from two-lanes to four-lane from the north side of the Ft. Hamer Bridge to Moccasin Wallow Road. Fort Hamer Road is a primary reliever for I-75 congestion and incident management. With continued growth east of I-75 in the County this project's goal is to alleviate congestion and increase capacity for north/south traffic demands.

b. What activities and services will be provided to meet the intended purpose of these funds?

Roadway capacity improvements for this thoroughfare corridor.

c. What direct services will be provided to citizens by the appropriation project?

Traffic congestion relief, multimodal connectivity, improve roadway safety for vehicles and pedestrians, reduce commuting times, improve access to evacuation routes, and create job opportunities.

d. Who is the target population served by this project? How many individuals are expected to be served?

General population. The project will serve all individuals who live and travel in and around the project area.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit of this project to increased level of service for the users of the roadway corridor and improve roadway safety. Traffic Information Systems Section will monitor, study, and collect traffic and accident (vehicle and pedestrian) data and include in the Sarasota-Manatee Regional Traffic Management (RTMC) quarterly and annual reports.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The penalties for failing to meet deliverable or performance measures should include withheld disbursement, auditing measures, and potential loss of funds.
