14. Program Performance

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1212

a. What specific purpose or goal will be achieved by the funds requested?

Providing a 1-on-1 service to these isolated seniors ensures that these otherwise isolated seniors will have some level of assistance they would otherwise not have access to. This service is a key component in allowing us to identify a client's general deterioration. This service is intended to be short term and transitional while LHANC's Referrals division assists clients navigate the many hurdles of obtaining long-term care services.

b. What activities and services will be provided to meet the intended purpose of these funds?

Direct care includes assistance with bathing, preparing meals, running errands, light household chores, as well as information and referral to other permanent long-term care services. Additionally, the clients will have access to a case manager that will assist in identifying additional long-term care services to these clients.

c. What direct services will be provided to citizens by the appropriation project?

Every program client will receive the following direct services, as needed for a 4 month period as clients are assisted through case management teams to be transitioned toward more permanent assistance: case management, personal care, meals, referrals. Services are determined by the client/caregiver and case manager.

d. Who is the target population served by this project? How many individuals are expected to be served?

Persons 60 years of age or older who require assistance in obtaining long-term care services in order to remain in the community. LHANC anticipates that it will serve approximately 96 older adults daily for 4 months while they receive assistance transitioning from these temporary services to more long-term assistance. We anticipate serving approx. 250 unduplicated clients for the program year.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

100% of clients will receive case management services. 100% of clients will be assessed for referrals into additional services.
 100% of eligible clients will be referred for long-term care services. 100% of clients will receive personal care, meals, or other ancillary service during the program transition. 90% of clients will self-report being satisfied with the service.
 The outcomes will be measured using anonymous client satisfaction surveys. Additionally, client files will be audited for assessments and referrals to other programs and services.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

In the event that Little Havana Activities & Nutrition Centers of Dade County, Inc. fails to meet the deliverables or performance measures, the service should not be funded in subsequent years.
