Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1855

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Replacement of aging Lift Station infrastructure and hardening for a resilient system. Minimize inflow and infiltration flows and be better prepared during and after storm events.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2023-2024

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	1,100,000
Total State Funds Requested	1,100,000

7. Total Project Cost for Fiscal Year 2023-2024 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	1,100,000	50%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	1,100,000	50%
Other	0	0%
Total Project Costs for Fiscal Year 2023-2024	2,200,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

Construction/Renovation/Land/Planning Engineering	Requested funds along with majority of matching funds will be used for fixed capital construction. A portion of the matching funds will be utilized to fund planning/design/CEI costs.	1,100,000
Total State Funds Requested (must equal total from question #6)		1,100,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 1855

Hardening of wastewater infrastructure to provide needed resiliency for maintaining service levels during and after storm events, and protect health and safety of the residents.

b. What activities and services will be provided to meet the intended purpose of these funds?

Rehabilitation of the lift stations with service life of 25 years and older to include structural improvements, pump replacements, piping modifications, and manhole retrofits.

c. What direct services will be provided to citizens by the appropriation project?

Recover from storm events with minimal health and safety concerns and threats to life and property. Prevent loss of service and/or use of sanitary facilities during and post-storm events.

d. Who is the target population served by this project? How many individuals are expected to be served?

Areas served by the wastewater lift stations. A total of 4,130 households; +/- 770 business establishments; 5 elementary and 1 middle school; 5 parks, 2 government facilities; and 2 places of worship.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Increased service life of exiting infrastructure, and reliability of equipment to efficiently operate to collect and transmit wastewater and maintain the levels of service. Maintain operational status during and after storm events. Minimize costs for damage resulting from flooded systems and other related causes.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Failure to utilize the funds in the specified manor shall result in funds being returned to the State.
