Fiscal Year 2023-2024

LFIR # 2052

Construction of approximately 13.1 miles of large diameter potable water transmission pipeline to improve water system reliability and support growing water demands in Charlotte County.

c. What direct services will be provided to citizens by the appropriation project?

This project provides a reliable and safe drinking water supply for public health, safety and welfare of the residents and economic growth of the region consisting of Charlotte, DeSoto, Manatee and Sarasota Counties.

d. Who is the target population served by this project? How many individuals are expected to be served?

The four-county region comprising the Authority's service area has a population of approximately 1,100,000 residents. The Authority's regional water supply system connects to utilities serving more than half of that population and in 2022 approximately 30 million gallons per day of drinking water was supplied to the region to support public health and economic growth. The Phase 2B Regional Water Transmission Pipeline is an extension of the regional drinking water transmission system and will improve regional water system reliability, and support growing water needs in western Charlotte County.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This project provides reliable water supply infrastructure to the region for economic development and public health and safety. The project enhances regional water supply resiliency to disasters such as drought, floods, hurricanes, and climate change. The outcome will be measure through improving water supply availability and maintaining the current high standards for drinking water quality under all foreseeable conditions.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Withhold reimbursement of project funds if there is a failure to meet the funding contract requirements.
