The Florida Senate Local Funding Initiative Request Fiscal Year 2023-2024

LFIR # 2062

a. What specific purpose or goal will be achieved by the funds requested?

Funds to be used for preliminary architectural/engineering for study/design services. The goal is to restore/renovate the historic cigar factory built in 1925 to provide a safe, hardened facility that meets code regulations to protect the residents, users, visitors, tourists, community, and public. Once completed, the facility provides economic opportunities to attract new enterprises, businesses, retail shops, restaurants, and includes a micro cigar museum/store to promote Florida historic educational information about the Cuban American Cigar industry and the facility, create a hub for local events, employment options, increase tourism, and revenues.

b. What activities and services will be provided to meet the intended purpose of these funds?

Activities include seeking contractual preliminary architectural/engineering study/design services through the city's procurement policies and procedures in order to restore the facility for economic development purposes to attract and house new enterprises, and a business incubator. A multi-use facility may include restaurants, outdoor live music area, retail shops to include a micro cigar museum/store with decor containing historic photographs and memorabilia educating visitors about the historic significance of the industry and the building.

c. What direct services will be provided to citizens by the appropriation project?

Direct services to citizens provided as a result of preliminary architectural/engineering study/design services allows for the project to move forward with restoration. Once restored, the historic cigar factory offers a viable venue for economic development and revitalization of the city's Midtown area with incubator businesses, restaurants, retail spaces, event space, etc. that will be a destination location in the region for the community and tourists to safely enjoy, gather, meet, dine, shop, live, and learn about Florida's historical Cuban American Cigar industry in a micro cigar museum/store.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population includes the City of Bartow, which serves as the county seat for regional, federal, and state offices, agencies, properties, and buildings which are tax exempt, creating a reduction of revenue that is needed to adequately serve its citizenry. The restoration of the Cigar Factory and revitalization of the Midtown area is expected to serve greater than 19,477 that includes the county and surrounding communities and tourism industry.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Expected benefit is a completed study/design detailing the restoration of the 1925 cigar factory building to be restored as a safe facility that will serve as a catalyst with the revitalization of the Midtown area that will offer Cuban American Cigar industry historic educational information in a micro cigar museum/store, economic development, create job opportunities, increase revenues with new enterprise, expanding companies, business start-ups, retail shops, restaurants, events venue, etc.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Contractual agreements will include timelines, milestones, implementation of corrective action plan, if necessary and non-payment of invoices until milestones achieved.
