

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2071

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Funds requested are for preliminary engineering, planning, environmental study, final design, permitting, bidding, administration, project management and construction. for safe landing and take-off of medium size jet aircraft with runway and taxiway alpha extension improvements needed to be made at the city's airport. These proposed improvements provide for new economic development opportunities in this rural area of economic opportunity. The city's Municipal Airport opened in 1983 and serves an important role in the Central Florida region's aviation system by providing flight training, aircraft repair, aircraft storage, and fueling. In addition to recreational aircraft operators, the airport serves many local businesses, including spray operators for the local agricultural industry.

Construction/Renovation/Land/Planning Engineering	Contractual services for preliminary engineering, environmental study, planning, final design, permitting, bidding, administration, project management and construction.	9,000,000
Total State Funds Requested (must equal total from question #6)		9,000,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2071

Goal is to make needed improvements to the city's Municipal Airport to meet aviation standards for safe landing & take-off of medium size jet aircraft with runway and taxiway alpha extension to meet demand & attract more aircraft operations, bringing more visitors to the community & local businesses in this Financially Disadvantaged Municipality located in Hardee County, a Rural Area of Economic Opportunity.

b. What activities and services will be provided to meet the intended purpose of these funds?

To seek contractual services for preliminary engineering, planning, environmental study, final design, permitting, bidding, administration, project management and construction at the city's Municipal Airport through the city's procurement policy.

c. What direct services will be provided to citizens by the appropriation project?

Direct services will be an improved municipal airport that will meet aviation standards for safe landing & take-off of medium size jet aircraft with runway and taxiway alpha extension that will better serve the Central Florida region's aviation system and the citizenry. The ripple effect provides for increased revenues, new economic development opportunities, and potential job creation.

d. Who is the target population served by this project? How many individuals are expected to be served?

Target population served is the Central Florida region, the aviation industry, agriculture, businesses, tourists, visitors, individuals seeking flight training services, etc. Greater than 800 will be served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Expected benefit is meeting aviation standards and for providing safe landing and take-off of medium size jet aircraft by extending the runway and taxiway alpha that will increase aviation activities, aviation-related companies, privately owned/operated aircraft, new commerce, and other companies/industries, and agriculture-related companies, etc. Measurement is completion and certification of project and meeting permitting agencies regulations.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Nonpayment of invoices until milestones are achieved; implementation of a corrective action plan.
