## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 2551

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

**4. Project/Program Description**

One Rake At A Time aims to restore the Rainbow River which is in significant decline before it is too late. We are beginning a pilot project to clean and replant the river focusing on the lower river that is the most critically impaired. This project will utilize the same methodology that has been extremely successful in Kings Bay, Crystal River. One Rake At A Time has spent over 10 years hand raking and cleaning Florida's rivers but now it is clear hand raking will never be enough. By giving the river a good vacuuming to remove the decades of muck and then replanting the river with native plants, the river will be able to heal and restore itself once and for all.

5. **State Agency to receive requested funds**
- State Agency contacted?**

**6. Amount of the Nonrecurring Request for Fiscal Year 2023-2024**

Type of Funding	Amount
Operations	1,825,000
Fixed Capital Outlay	0
<b>Total State Funds Requested</b>	<b>1,825,000</b>

**7. Total Project Cost for Fiscal Year 2023-2024 (including matching funds available for this project)**

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	1,825,000	100%
<b>Matching Funds</b>		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
<b>Total Project Costs for Fiscal Year 2023-2024</b>	<b>1,825,000</b>	<b>100%</b>

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**
- a. **If yes, indicate nonrecurring amount per year.**

**b. Describe the source of funding that can be used in lieu of state funding.**

We are also seeking Springs Restoration Funds from DEP, grant funds from private foundations/SWFWMD/and Federal programs, as well as Deepwater Horizon funds. We hope through a public/private partnership we can restore the river in the next 5 years.

10. **Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?**

# The Florida Senate

## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 2551

No

If yes, indicate the amount of funds received and what the funds were used for.

## Complete questions 11 and 12 for Fixed Capital Outlay Projects

### 11. Status of Construction

a. What is the current phase of the project?

- Planning   
  Design   
  Construction

b. Is the project "shovel ready" (i.e permitted)?

c. What is the estimated start date of construction?

d. What is the estimated completion date of construction?

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

### 13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
<b>Administrative Costs:</b>		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study	Project management/grant management, accounting services, annual GAAP audit, etc.	75,000
<b>Operational Costs: Other</b>		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
<b>Fixed Capital Construction/Major Renovation:</b>		
Construction/Renovation/Land/Planning Engineering	Educational/outreach materials (signs, printing, etc.). Basic science equipment to have the local high school students grow eelgrass and conduct experiments. Survey/permits for restoration project (\$150,000), restoration and replanting of a 3 acre pilot project in the lower Rainbow River (\$1,500,00).	1,750,000
<b>Total State Funds Requested (must equal total from question #6)</b>		<b>1,825,000</b>

### 14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

# The Florida Senate

## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 2551

Funds will be provided to restore the impaired Rainbow River. Designated as an aquatic preserve in 1986 and an Outstanding Florida Water (OFW) in 1987, it was then deemed in 1989 to be a SWIM priority water body. The river has been declining for decades. The lower river is especially impaired from nearby phosphate mining. It is a world famous tourist attraction and critical habitat that will be restored. Educational opportunities for school children, visitors, and residents are planned.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

This project will remove millions of pounds of muck and legacy nutrients from decades of herbicide applications from the river bottom. Once removed then native plants can be installed and the eventually these native plants will out compete the invasive and restore the river to its pristine state. As part of the agreement with DEP monitoring will continue for 3 years.

**c. What direct services will be provided to citizens by the appropriation project?**

Rainbow Springs State Park is a hugely popular attraction drawing visitors from around the world. And while the headspring is still full of native eelgrass, algae has begun moving in signaling even this area of the river is in trouble. Cleaning the whole river will ensure all the businesses that rely on tourism such as boat and tube rentals, restaurants, lodging, will continue to thrive.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

Anyone that lives on or enjoys the river will see increased water quality, a healthier river, and a decrease in toxic/harmful algae and invasive species.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

Increased tourism can be measured in numbers of state park visitors, the increased revenue from tourism in the local area, number of hotel rooms rented, number of boat rentals, etc. Increased beneficial/native plants are measured as part of the required annual survey that is conducted for 3 years post restoration. Reduction in nutrients such as phosphate and nitrogen can be measured by the thousands of pounds of organic muck and debris that is removed from the river.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

Funds are disbursed as a cost reimbursement program so that the grant administrator ensures all deliverables are met before funds are released.

**15. Requester Contact Information**

**a. First Name**  **Last Name**

**b. Organization**

**c. E-mail Address**

**d. Phone Number**  **Ext.**

**16. Recipient Contact Information**

**a. Organization**

**b. Municipality and County**

**c. Organization Type**

- For Profit Entity
- Non Profit 501(c)(3)

### Please complete the questions below for Water Projects only.

#### 18. Have you applied for alternative state funding?

- Waste Water Revolving Loan
- Drinking Water Revolving Loan
- Small Community Wastewater Treatment Grant
- Other (please specify) DEP Springs Restoration Funding
- N/A

#### 19. What is the population economic status?

- Financially Disadvantaged Community (ch. 62-552, F.A.C)
- Financially Disadvantaged Municipality (ch. 62-552, F.A.C)
- Rural Area of Economic Concern
- Rural Area of Opportunity (s. 288.0656, Florida Statutes)
- N/A

#### 20. What is the status of construction?

#### 21. What percentage of the construction has been completed?

# The Florida Senate

## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 2551

no construction as part of this project

**22. What is the estimated completion date of construction?**

no construction as part of this project
