The Florida Senate Local Funding Initiative Request Fiscal Year 2023-2024

LFIR # 2702

Mitigate future flood damage to current flood prone residential and business areas in Kissimmee. Increasing capacity of the system will improve collection rates, prevent flooding of residential areas, and improve water quality before outfall to Shingle Creek then Lake Tohopekaliga. It will also protect the public from environmental issues associated with flood water runoff, loss of property, pollutants, and resident displacement of housing stock which is critical to low-income residents.

b. What a	b. What activities and services will be provided to meet the intended purpose of these funds?							
There were three main phases to the project's design which is intended to provide drainage improvement to a laportion of the city and mitigate current flooding issues. Many of the homes adjacent to the area have had flood is with heavy rains. Areas include North Forest Avenue, North Lavon Avenue and North Palm Avenue between Ma Luther King Jr. Boulevard, and Oak Street, and Hill Street between Thacker Avenue and North Palm Avenue. The two phases were completed, but due to budget shortfalls, the third and final phase is pending.						the area have had flood issues Palm Avenue between Martin and North Palm Avenue. The first
