In addition to needs-based financial assistance, families will participate in intensive housing case management to address goals for self-sufficiency.

c. What direct services will be provided to citizens by the appropriation project?

d. Who is the target population served by this project? How many individuals are expected to be served?

The targeted populations are child-welfare involved families, or families with children who are at risk of entering the child welfare system as a response to the family's housing insecurity or an experience of homelessness. Additionally, 85% of participating families will not experience homelessness within 6 months of exiting the program.
