LFIR # 2838

Cohen Military Family Clinics at Aspire Health Partners and Centerstone for critical ongoing expansion of behavioral health services for National Guard, veterans and military family members across the state. This population struggles with the side-effects of a life of service to our country; moves, deployments, relationship stressors, trauma, other mental health issues. Aspire and Centerstone provide evidenced based, culturally competent, person centered therapy for multiple mental health concerns.

b. What activities and services will be provided to meet the intended purpose of these funds?

Veterans will be provided assessment, case management, outpatient, and telehealth treatment services as described in Ch. 65D-30 and in accordance with the Commission on Accreditation of Rehabilitative Facilities (CARF) accrediting standards.

c. What direct services will be provided to citizens by the appropriation project?

National Guard, veterans and families will be provided services to include initial assessment, suicide screening and intervention (as appropriate), case management (to provide wrap-around community resources and referrals), individual, couples, family and/or group outpatient therapy both in-person and via televideo as well and community engagement activities to promote social engagement activities

d. Who is the target population served by this project? How many individuals are expected to be served?

National Guardsmen, veterans, and military family members. We expect to serve between 401 - 800 individuals.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

We will improve the mental health of those served by the reduction of depressive and anxiety symptoms by 25%, post-traumatic stress disorder symptoms by 50%, improved quality of life by 10%, reduction in suicidal ideation by 20%. Outcome measures will be collected for each client served at initial assessment and monthly throughout each client's episode of treatment. Outcome measures include: PHQ-9 (for Depression), GAD-7 (for Anxiety), C-SSRS (for suicide risk), and QLES (quality of life rating scale) as well as post-discharge administration of the QLES at 3, 6 and 12 month intervals.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Suggested penalties will be those outlined in the executed contract.
