14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2902

This project will reduce the potential for water pollution and general public health risk, while increasing economic development opportunities within City of North Miami and the environment.

b. What activities and services will be provided to meet the intended purpose of these funds?

Design, permitting and bidding will be required to meet the purpose of the funds.

c. What direct services will be provided to citizens by the appropriation project?

The project will help to reduce the pollutant loading to the Biscayne Bay by reducing the volume of stormwater runoff into this water body and reduce the flooding and potential health risks in this area.

d. Who is the target population served by this project? How many individuals are expected to be served?

the target population is the 60,000 residents of the city as well as the regional visitors who frequent this commercial area.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Reduced sanitary overflow, reduced risk of polluting the ground water source (Biscayne Aquifer), eliminate the risk of the migration of contaminants to the City's raw water source.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Failure to meet deliverables could result in withdrawal of funding.
