Fiscal Year 2023-2024

LFIR # 3109

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The Sankofa Teaching with Historic Places Project will develop teaching tools and lesson plans similar to those created by the National Park Service to assist Florida educators in involving students in learning powerful stories found in the Sunshine State's diverse history through virtual or in-person visits to historic places. The Sankofa Teaching with Historic Places project will bring greater vitality to instruction in history, social studies, geography, civics, and other subjects. Historic places offer connections across time, encouraging understanding of people who shaped our past. Students will be able to connect with Florida's history, particularly regarding places that were associated with the African American Civil Rights movement in United States.

b. What activities and services will be provided to meet the intended purpose of these funds?

Activities and services will include developing teaching guides that will educate students regarding people and places that came before us and to thereby foster a sense of culture related to our state. Visits to historic places will permit students to avoid mistakes and create better paths for our societies. Learning guides to be developed through this project will allow students to visit historic places virtually or onsite.

c. What direct services will be provided to citizens by the appropriation project?

Students will understand the historical values of objects, respect diverse cultures, and understand a multicultural populace. They will survey architecture of a particular period and appreciate the quality of art of various generations. They may discover buried treasures which will give us an insight into the economic conditions of various periods of American life.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target of the project will be Florida students who will have opportunities to visit historic places including the Moore Cultural Center, Wells' Built Museum, Zora Hurston Museum, John Riley House, Lincolnville, Jackie Robinson Stadium, Bethune Cookman University, Hampton House, Woodson Museum, Ritz Theatre, Bethel Institutional Baptist Church, Olustee Battle Field, Fernandina/Ft. Clinch, and Rosewood. Emphasis will be placed on students in grades 4 and 8.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The project will be measured based on the number of virtual and onsite visits made to the historic places highlighted in the request. Students will benefit by understanding the archaeological value, architectural value, communal value, historic value, and associative value of places that are real and personal. They will touch the lives of people who have many times been recorded in history.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Clawback of funds.
