**b. What activities and services will be provided to meet the intended purpose of these funds?**

If approved low-income seniors will receive home repair services that include electrical upgrades, HVAC upgrades, ADA upgrades, bathroom upgrades, kitchen upgrades, improved accessibility, and flooring upgrades.

**c. What direct services will be provided to citizens by the appropriation project?**

Home repair and rehabilitative services to low-income Miami Dade County homeowners including senior homeowners who would otherwise be unable to address the needed home repairs and rehabilitation.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

Elderly persons, economically disadvantaged persons, the physically disabled, etc. Twenty-five to fifty persons are expected to be served.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

The expected benefit is that seniors will be able to remain in their homes, which results in a general reduction in institutionalization for seniors and the dependency of said institutionalization, which reduces the dependency and drain of critical resources. Miami-Dade County will track the number of seniors that were able to remain in their home after repairs were completed.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

The agency will develop, submit and implement a Corrective Action Plan to address non performance findings. In addition, funds would be on a reimbursement basis after services are performed.
