## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 3180

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The funds will be used to renovate the Lauderdale Lakes Health Clinic, with a focus on improving maternal health. The current facility is outdated and unable to adequately support the maternal health needs of the diverse and growing population it serves. This will allow the clinic to provide high-quality, patient-centered care in a modern and safe environment. This will greatly benefit the community as data shows that access to quality maternal health services reduce maternal mortality.

### Fiscal Year 2023-2024

LFIR # 3180

The goal is to update and modernize the clinic which serves a high-risk population. Renovation will improve access to care and enhance healthcare services for adult and pediatric patients, emphasizing prenatal care and care for those with chronic disease. Target population is very high risk.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Funding will allow for modernization and renovation and funds will be allocated towards design, planning, construction, modernization, fees, and development. By improving the neonatal suite, Broward Health will improve access to vital Obstetrical and Gynecological patients, especially underserved and high-risk populations.

**c. What direct services will be provided to citizens by the appropriation project?**

Staff will provide prenatal education and outreach to women of childbearing age, with an emphasis on women of color.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

Broward Health will focus on improving maternal health in Broward County, specifically zip codes 33060, 33063, 33064, 33065, 33068, 33069, 33309, 33311, 33312, 33313, 33317, 33319 and 33334 where there is the greatest need. These areas have high rates of Black infant mortality and have the highest rates of preterm births and low birthweight babies, two leading contributors to infant mortality.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

Improve maternal and fetal outcomes in Broward County (with an emphasis on zip Codes with high rates of Low Birth Weight and Pre-Term Births) by:

1. Expanding access to early prenatal care and access to services.
2. Providing prenatal education and outreach to women of childbearing age 3. Work with community agencies to address the disparities in maternal outcomes, especially women of color.

To collect data and track the objectives, an integrated Electronic Health Record (EHR) system will be utilized. EHR data includes demographics, information regarding hospitalizations, and other information typically found in the patient medical record. This project will employ a project management software to track impact and disseminate information to internal and external stakeholders.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

Broward Health is open to discuss any and all penalties for failing to meet deliverables or performance measures provided for in the contract. Broward Health is prepared to make restitution of amount awarded, and/or to discuss additional/alternative penalties with the contracting agency as part of the contract negotiation process.
