## Local Funding Initiative Request

### Fiscal Year 2023-2024

LFIR # 3185

1. **Project Title**

2. **Senate Sponsor**

3. **Date of Request**

**4. Project/Program Description**

Improve safety on Oil Well Road (CR 858) - Segment 4, by widening the existing traffic lanes from 10 feet to 12 feet, and provide five-foot-wide paved shoulders with incidental drainage and guardrail work on both sides of the road. This narrow roadway is heavily used by residents, visitors, and for commercial activities. Currently, there is no street lighting or paved shoulders for driver safety during vehicular breakdowns nor to provide for the safety of law enforcement to perform traffic stops. This roadway does not provide cyclists the option of operating outside of the travel lane. Unpaved edges of the road can also settle and erode creating a drop-off that is dangerous to all users.
