Fixed Capital Construction/Major Renovation:					
Construction/Renovation/Land/ Planning Engineering		0			
Total State Funds Requested (must equal total from question #6)					

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate Local Funding Initiative Request Fiscal Year 2024-2025

LFIR # 2213

Increase the capacity of the Taylor County Development Authority to foster economic development within Taylor County in order to counterbalance the negative economic impacts of both the recent closure of the Georgia Pacific Cellulose mill and Hurricane Idalia.

b. What activities and services will be provided to meet the intended purpose of these funds?

No direct services to individuals will be provided by this project.

The Taylor County Development Authority provides services to existing local businesses looking to expand as well as to prospective businesses wishing to locate new business operations in Taylor County. Services provided include help with site selection, navigation of local land use/planning & zoning regulations and processes, provision of utility services, availability of transportation and other infrastructure needs. Assistance with securing governmental Economic Incentives and/or grant funds for infrastructure improvements is also offered.

6	availability of transportation and other infrastructure needs. Assistance with securing governmental Economic Incentives
l	and/or grant funds for infrastructure improvements is also offered.
	What direct convices will be previded to citizene by the engreposition preject?
C	:. What direct services will be provided to citizens by the appropriation project?

d. Who is the target population served by this project? How many individuals are expected to be served?

The entire citizenry of Taylor County will be served by this project as everyone in Taylor County will benefit from an increase in the local job base and resulting improvements to the local economy.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit of this project is to allow the Taylor County Development Authority to expand its current staffing levels in order to foster economic development within Taylor County in order to counterbalance the negative economic impacts of both the recent closure of the Georgia Pacific Cellulose mill and Hurricane Idalia by increasing the number of available local jobs. The methodology for measurement will be the number of employees added to nonfarm payrolls within Taylor County monthly.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

No penalties beyond those included in the contracting agency's standard contract are suggested.
