Fiscal Year 2025-2026

LFIR # 1047

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The Brain Bus is able to educate the general population about Alzheimer's disease. By focusing on community education of healthy habits and early detection, we are potentially able to reduce burden, improve health outcomes, and promote health and well-being among both people living with dementia and their caregivers. Additionally, the Brain Bus is able to provide a variety of educational opportunities that include an explanation of who is at increased risk, how to reduce your risk, the early warning signs, the benefits of early detection, and information about diagnostic centers. The Brain Bus is focused on serving undeserved communities statewide. The Brain Bus also works to support caregivers so they have the resources needed to provide the best quality care.

Fiscal Year 2025-2026

LFIR # 1047

The primary goal of the Brain Bus is to support health concerns for people at higher risk for developing Alzheimer's disease and to support the ability of Alzheimer's caregivers to provide the highest quality of care. We will provide targeted outreach support to individuals who otherwise might not learn about Association services within rural and underserved communities.

b. What activities and services will be provided to meet the intended purpose of these funds?

We will provide targeted outreach/ support to people who otherwise might not learn about Association provided services and supporting people at higher risk of developing Alzheimer's disease to better understand the importance of brain health, the warning signs and benefits of an early diagnosis. We will accomplish 350 total Brain Bus "stops" with this funding.

c. What direct services will be provided to citizens by the appropriation project?

The Brain Bus will provide both virtual and in-person "stops" which inform individuals about a variety of educational topics including risk reduction, early warning signs, the benefits of early detection, research, and information about diagnostic centers.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Brain Bus's target population is women, under-served, isolated and/or rural families dealing with, or at risk for Alzheimer's disease or a memory-related disorder. The services of the Brain Bus are open to all individuals who need services, and always free of charge. Over the course of one year, over 350 stops will be made across the State of Florida providing information and services to thousands of Floridians.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Visitors will gain knowledge about the importance of brain health, the warning signs, and the benefits of early diagnosis. Visitors will also gain knowledge about Association provided services that will enable caregivers to continue providing high-quality care.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Revocation of funds. Also, the program is monitored annually by the Area Agency on Aging of Pasco-Pinellas which provides any necessary corrective actions.
