Complete questions 10 and 11 for Fixed Capital Outlay Projects

0.	Status of Const	truction					
•	a. What is the c	urrent phase of t	he project?				
	Planning	O Design	Construction	O N/A			
ı	b. Is the project	"shovel ready"	(i.e permitted)?				
(c. What is the es	stimated start da	ate of construction?				
(d. What is the e	stimated comple	etion date of constru	ction?			
(e. What funding	stream will be u	ised for ongoing ope	erations a	and maintenance	of the project?	
11.			o receive, directly or ers of the facility and			tal outlay funding. Include	the

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount				
Administrative Costs:						
Executive Director/Project Head Salary and Benefits	Statewide system leader and local site directors across UF Health	525,000				
Other Salary and Benefits		0				
Expense/Equipment/Travel/Supplies/ Other		0				
Consultants/Contracted Services/Study		0				
Operational Costs						
Salary and Benefits	UF Health's MSTU crew (stroke trained registered nurse and CT technologist) and the Stroke Neurologist's time	2,000,000				
Expense/Equipment/Travel/Supplies/ Other	Equipment, supplies, medications to operate the ambulance	825,000				
Consultants/Contracted Services/Study	EMS partnering agency staff (paramedic and EMT)	1,650,000				
Fixed Capital Construction/Major Renovation:						
Construction/Renovation/Land/ Planning Engineering		0				
Total State Funds Requested (must equal total from question #6) 5,000,000						

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Improved stroke care throughout the state resulting in enhanced patient outcomes (such as increase in patient treatment with intravenous thrombolytics, shorter inpatient hospital length of stay, more patients discharged directly to home, increased functional ability).

b. What activities and services will be provided to meet the intended purpose of these funds?

LFIR # 1113

Automatic dispatch of the Mobile Stroke Treatment Unit to bring expert stroke care to the field, allowing for more timely diagnosis and treatment of acute stroke patients. Additionally, the MSTU has implemented "direct to" pathways bringing the patient to the definitive care directly from the ambulance (such as direct admission to the endovascular suite for emergent brain surgery or direct admission to the Neuro-medicine Intensive Care Unit post treatment on the MSTU).

c. What direct services will be provided to citizens by the appropriation project?

More rapid diagnosis and treatment of acute stroke patients - saving critical moments to minimize long-term disability and improve clinical outcomes for stroke patients.

d. Who is the target population served by this project? How many individuals are expected to be served?

Citizens in Alachua County, Duval County and Sumter County with the ability to serve as a resource for the citizens in the surrounding rural counties. The UF Health Mobile Stroke Program has the ability to impact 13,000 stroke hospitalizations annually.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improved stroke care metrics and patient outcome measures. The Mobile Stroke Program tracks stroke care measures for every patients admitted to the MSTU for the acute stroke work up (time to labs completed, time to CT completed, time to acute interventions provided). Additionally, the Mobile Stroke Program measures disability as the time of stroke presentation as well as disability at the time of discharge and 90 day post stroke - this is measured by the Modified Rankin Scale (mRS) Score. Both the stroke care metrics and the patient's mRS will allow us to measure stroke patient outcomes in a clear and meaningful way.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

	for failing to meet deliverables or performance measures provided for in the contract?	
	Penalties would be not receiving funding if we are not achieving the performance measure we set forth.	
4.	Is this project related to mitigation, response, or recovery from a natural disaster? No	
a	. If Yes, what phase best describes the project?	
	☐ Mitigation (reducing or eliminating potential loss of life or property)	
	Response (addressing the immediate and short-term effects of a natural disaster)	
	Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure)	
k	. Name of the natural disaster (or Executive Order # for events not under a federal declaration):	
5.	Has the entity applied for or received federal assistance for this project?	
	☐ Yes, Applied	
	☐ Yes, Received	
	□ No	
	□ No, but intends to apply	
a	. If yes, provide the FEMA project worksheet ID#:	

b. Provide the total project cost listed on the FEMA project worksheet:
