Fiscal Year 2025-2026

LFIR # 1173

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Nurse Family Partnership (NFP) works by having specially trained nurses regularly visit young, first-time parents-to-be, starting early in the pregnancy and continuing through the child's second birthday. NFP empowers first-time parents to transform their lives and create better futures for themselves and their babies. Expectant parents benefit by getting the care and support they need to have a healthy pregnancy. At the same time, new parents develop a close relationship with a nurse who becomes a trusted resource they can rely on for advice on everything from safely caring for their child to taking steps to provide a stable, secure future for them both. Through the partnership, the nurse provides new parents with the confidence and the tools they need not only to assure a healthy start for their babies, but to envision a life of stability and opportunities for success for both parent and child.

b. What activities and services will be provided to meet the intended purpose of these funds?

Implementation of the Nurse Family Partnership model, an evidence-based, community health program for first-time mothers facing high-risk factors to improve maternal health, child health and development, and enhance individual educational and economic achievement. The funding will be spent to sustain nurse home visitor salaries and benefits for 12 sites serving 30 counties.

c. What direct services will be provided to citizens by the appropriation project?

1. Care coordination by developing a Care Plan based on an initial assessment and continuously updating it to ensure the client's needs are met.
2. Assessments & screenings for maternal and child health, child development, mental health, substance use, intimate partner violence, and social determinants of health.
3. Case management to support prenatal care, pregnancy issues, conduct warm hand-offs to medical and social services, and remind moms of well-child visits and immunization schedules.
4. Counseling & health education on issues such as tobacco cessation, substance use disorders, nutrition, the birthing process, safe sleep practices, birth spacing, and children's health and development.

d. Who is the target population served by this project? How many individuals are expected to be served?

First-time, high-risk pregnant women who are living in poverty and their babies, as well as Multiparous and Late Registrant mothers through the NFPX Bridge study. Annual mothers and babies expected to be served with full allocation are at least 325. Funded counties will include Alachua, Baker, Brevard, Broward, Citrus, Clay, Collier, Dixie, Duval, Gadsden, Gilchrist, Hendry, Hernando, Hillsborough, Indian River, Jackson, Lee, Levy, Marion, Martin, Miami-Dade, Okeechobee, Orange, Palm Beach, Pinellas, St. Lucie, Putnam, Sumter, Suwanee, and Union counties.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Nurse Family Partnership has extensive data, research studies and replication analyses showing the program's impact over the past 40 years. NFP has repeatedly demonstrated:

- 82% increase in labor participation by the mothers
- 9% reduction in Medicaid costs and an 11% reduction in Food Stamp costs
- 46% increase in father presence and partner stability
- 31% reduction in closely-spaced subsequent pregnancies
- 48% reduction in child abuse and neglect
- 35% fewer cases of pregnancy-induced hypertension
- 56% reduction in emergency room visits for accidents and poisonings

In Florida:

- 89% of babies were born full term
- 92% of mothers initiated breastfeeding
- 96% of children received all recommended immunizations by 24 months
- 77% of NFP participants do not have a subsequent pregnancy within 18months
- 67% of clients 18+ were employed at 24 months

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Unused or misused funds would be returned to the state.

14. Is this project related to mitigation, response, or recovery from a natural disaster? No

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)
