LFIR # 1268

Designation of the Pasco County Behavioral Health Receiving System as a Coordinated Receiving System that will provide an array of evidenced based crisis services as outlined in 394.4573(2)(b), F.S. Target populations include adults needing immediate voluntary or involuntary crisis services, as well as adults in need of evaluation and/or stabilization under the Baker Act or Marchman Act.

b. What activities and services will be provided to meet the intended purpose of these funds?

The Coordinated Receiving System will establish a "no wrong door" philosophy for residents in need of crisis services in collaboration with local law enforcement, CFBHN Managing Entity, local government, area hospitals/emergency departments, designated receiving facilities, first responders, and behavioral health transportation vendors.

c. What direct services will be provided to citizens by the appropriation project?

Direct services will be provided by qualified professionals and include 24/7/365 crisis support - emergency services (triage, screening, evaluation, diagnosis); medical evaluation; inpatient crisis stabilization; inpatient withdrawal management; case management; care coordination; recovery supports; information and referral; medication management; medication assisted treatment and urgent care.

d. Who is the target population served by this project? How many individuals are expected to be served?

Adults in need of evaluation and/or stabilization under the Baker Act or Marchman Act (elderly, persons with poor mental or physical health, economically disadvantaged adults, homeless, substance users, currently or formerly incarcerated adults, drug offenders). >800 adults served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Physical health improvement through screening at admission and upon discharge. Linkage to or collaboration with primary care physician measured by individual health status - medical record. Pre and post physical health screening. Improved mental health and increased quality of life per self report. Diversion from acute care with linkage to Urgent Care Center. Rapid access to care. Measured by evidenced based screening and assessment tools. Decreased readmission rates and increased engagement at point of discharge or transition to Urgent Care Center. Ability to return quickly to community. Turnaround time and reduced wait times for law enforcement drop off to Integrated Stabilization Unit measured by wait times. Reduction in cost via diversions from state hospital placement, emergency room boarding, and use of jails for mental health or withdrawal management stabilization. Reduction in Baker Act and Marchman Act readmission rates.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Any non compliant deliverables or unmet performance outcomes will be corrected through the managing entity with a detailed action plan.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?
