Total State Funds Requested (m	ust equal total from question #6)	2,000,000

### 13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

☐ Yes, Received

### The Florida Senate Local Funding Initiative Request Fiscal Year 2025-2026

**LFIR # 1477** 

To support underserved communities in Broward, Hillsborough, Miami-Dade, and Orange counties, ensuring the continuation of vital programming and services in the areas of academics, health and wellness, enrichment, leadership and workforce training. Our programs are designed to keep students safe and supervised during out-of-school hours while fostering their success both academically and in life. This funding request is essential for the continuation and expansion of our high-quality programs.

b. What activities and services will be provided to meet the intended purpose of these funds?

The following programs will be provided: Youth employment training and placement services, college preparation classes including test preparation, comprehensive academic programs that support and enhance in-school learning such as intensive tutoring and credit recovery. Programming also includes core comprehensive curriculum such as academic enrichment activities, leadership initiatives and health/wellness programs.

c. What direct services will be provided to citizens by the appropriation project?

Our organization provides direct services to citizens in the following key areas: 1) Workforce Development: Through strategic partnerships with local businesses and community leaders, we enhance youth workforce skills via our Opportunity Jobs Academy, preparing young people for success in the workforce. 2) Community and Neighborhood Safety: ASAS programs play a vital role in keeping youth safe and engaged during out-of-school hours, reducing the likelihood of risky behavior that often arises from idle time. By investing in these programs, we create safer communities and empower youth to build a brighter future.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is K-12 public/charter school students in Broward, Hillsborough, Miami-Dade, and Orange counties.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?
- 1) Improved On-Time Grade Promotion and Graduation Rates: Our programs are designed to foster academic success, leading to higher rates of grade promotion and graduation. 2) Enhanced School Day Attendance: By engaging students during out-of-school hours, we encourage consistent school attendance and active participation in their education. 3)Grow Youth Workforce Training and Employment by increasing student participation in workforce training to expand employment opportunities. 4) Improved Health and Wellness by offering programs that contribute to their long-term well-being.
- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

R	educed funding if measures are not met for this appropriation.
14. Is t	his project related to mitigation, response, or recovery from a natural disaster? No
a. If	Yes, what phase best describes the project?
	Mitigation (reducing or eliminating potential loss of life or property)
	Response (addressing the immediate and short-term effects of a natural disaster)
	Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure)
b. N	ame of the natural disaster (or Executive Order # for events not under a federal declaration):
	s the entity applied for or received federal assistance for this project?
