Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1503

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

To protect limited state resources, UCF seeks to re-purpose an existing campus building, addressing critical deferred maintenance while adapting the space to meet the present and future needs of students. Renovations will centralize student support services to create a One Stop Student Success Hub including academic advising, financial, career services and registrar services. This renovation will extend the life of a 55-year old building, reducing future maintenance costs.

10. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)? Yes

c. What is the estimated start date of construction? July 1, 2026

d. What is the estimated completion date of construction? 08/01/2027

e. What funding stream will be used for ongoing operations and maintenance of the project?

UCF's base operational budget will need to cover plant, operations & maintenance as the state no longer funds PO&M for state buildings constructed on university campuses.

11. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

Owner of building and land on which to be constructed: The State of Florida/Board of Trustees of the Internal Improvement Trust Fund. The land is leased to the Board of Trustees of the University of Central Florida which is responsible for operating and maintaining the building.

12. Details on how the requested state funds will be expended

Total State Funds Requested (must equal total from question #6)		17,000,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

One of UCF's oldest buildings, Howard Phillips Hall is consistently ranked within the university's Facilities Condition Assessment as a priority due to aging systems and the overall condition. Funding would support a full renovation of the interior of the building and building systems, in addition to comprehensively reconfiguring the building to optimize space utilization and support the strategic goals of the university. The renovation would allow the university to co-locate student success departments to better serve students, downsize underutilized office space, and create new spaces that better support learning trends and student needs.
