Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1508

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Amidst rising antisemitism and threats of violence, many students feel unsafe participating in any activity that expresses their Jewish identity. FL has invested significantly to bolster security at Jewish schools and community centers but college campuses remain vulnerable. This initiative will support UF Hillel in launching a data-driven approach to reinforce physical and cultural safety, dispel misinformation regarding Israel and American Jews, and foster relationships on and near campus.

13. Program Performance

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1508

a. What specific purpose or goal will be achieved by the funds requested?

Amidst rising antisemitism and threats of violence, many students feel unsafe participating in any activity that expresses their Jewish identity. FL has invested significantly to bolster security at Jewish schools and community centers but college campuses remain vulnerable. This initiative will support UF Hillel in launching a data-driven approach to reinforce physical and cultural safety, dispel misinformation regarding Israel and American Jews, and foster relationships on and near campus.

b. What activities and services will be provided to meet the intended purpose of these funds?

Educational and cultural programming, including workshops to counter misinformation and antisemitic rhetoric, cultural programming to highlight Jewish heritage, values, and traditions, fostering understanding across diverse student and community populations. Wider community outreach to include interfaith events, to build stronger ties and understanding between Jewish and non-Jewish residents.

c. What direct services will be provided to citizens by the appropriation project?

Access to community events, trainings, and workshops in a secure, data-monitored context. Pre- and post-program data collection, including surveys, will gauge improvement within the UF campus and compare against data from other campuses without such a program.

d. Who is the target population served by this project? How many individuals are expected to be served?

University/College students; University/College faculty and staff; Victims of crime; General public

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Increased physical safety of students, staff, and community members; Significantly expanded and visible cultural programming, celebrations, and interfaith exposure; Increased access by UF faculty to curriculum regarding antisemitism and the dispelling of misinformation; Improved community outreach and counter misinformation both on campus in in broader community, with greater understanding diminishing threats of violence. Measurement: formal program monitoring and evaluation including pre- and post- data at UF and as a comparison between UF and other campuses without this intervention including utilization, perceived safety, enrollment, and incident tracking

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

If deliverables or performance measures are not met, the contracting agency may consider issuing a formal warning and requiring the implementation of a Performance Improvement Plan (PIP) within a specified timeframe to address deficiencies. Failure to comply with the PIP or continued non-performance could result in penalties such as withholding payments, contract renegotiation, or termination.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?
