

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1513

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Funding is requested to design and implement a stormwater drainage system on Belvedere Drive on NE 10th Court and 94th Street to prevent ponding/standing water and water intrusion for proper drainage during rainfall events. This flooding occurs approximately 1600 feet from Biscayne Bay. This drainage system would allow the Village to capture water runoff and assure water quality contaminant predictability within the allowances of the NPDES guidelines before it reaches the Biscayne Bay aquifer.

5. State Agency to receive requested funds

State Agency contacted? No

6. Amount of the Nonrecurring Request for Fiscal Year 2025-2026

Type of Funding	Amount
Operating	0
Fixed Capital Outlay	250,000
Total State Funds Requested	250,000

7. Total Project Cost for Fiscal Year 2025-2026 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	250,000	50%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	250,000	50%
Other	0	0%
Total Project Costs for Fiscal Year 2025-2026	500,000	100%

8. Has this project previously received state funding? No

If yes, provide the most recent instance:

Fiscal Year (YYYY-YY)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future-year funding likely to be requested? No

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

Complete questions 10 and 11 for Fixed Capital Outlay Projects

Fiscal Year 2025-2026

LFIR # 1513

10. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)? No

c. What is the estimated start date of construction? 01/01/2026

d. What is the estimated completion date of construction? 06/30/2026

e. What funding stream will be used for ongoing operations and maintenance of the project?

The funding source to maintain the drainage will be through the Village stormwater fund.

11. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

Miami Shores Village

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Design and construction of a new drainage system	250,000
Total State Funds Requested (must equal total from question #6)		250,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Streets will have less standing water and garages and homes on this street will not be flooded.

b. What activities and services will be provided to meet the intended purpose of these funds?

Draining water from this residential area will allow residents to have less impact from rain fall as the roadway on NE 94th Street from Bayshore Drive west slopes down into this area creating a great amount of ponding which has in turn resulted in water intrusion in some homes in the area.

c. What direct services will be provided to citizens by the appropriation project?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1513

The residents will see less water intrusion and damage to their properties with better accessibility and resiliency.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is a residential neighborhood that has direct impact from rainfall events and water intrusion.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The streets will have less standing water so residents can access the roadways to their properties and not have water intrude into their homes, garages and septic systems. The outcome may be measured by inspection of streets during rainfall events. Additionally, the reduction in the amount of complaints received.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Loss of funding.

14. Is this project related to mitigation, response, or recovery from a natural disaster? No

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?

- Yes, Applied
- Yes, Received
- No
- No, but intends to apply

a. If yes, provide the FEMA project worksheet ID#:

b. Provide the total project cost listed on the FEMA project worksheet:

16. Has the entity applied for or received state assistance for this project (other than this request)?

- Yes, Applied
- Yes, Received
- No
- No, but intends to apply

a. If yes, specify the program and state agency (ex. Local Government Emergency Bridge Loan, Department of Commerce):

Please complete questions 17 through 21 for Water Projects only.

17. Have you been awarded or applied for alternative state funding for this project?

- Water Quality Improvement Grant Program
- Resilient Florida Grant Program
- Wastewater Revolving Loan
- Drinking Water Revolving Loan
- Small Community Wastewater Treatment Grant
- Other (please specify, ex. Alternative Water Supply Grants)
- N/A

18. What is the population economic status?

- Financially Disadvantaged Community (ch. 62-552, F.A.C)
- Financially Disadvantaged Municipality (ch. 62-552, F.A.C)
- Rural Area of Economic Concern
- Rural Area of Opportunity (s. 288.0656, Florida Statutes)
- N/A

19. What is the status of construction?

20. What percentage of the construction has been completed?

21. What is the estimated completion date of construction?

22. Requester Contact Information
