

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1616

1. Project Title
2. Senate Sponsor
3. Date of Request

4. Project/Program Description

The Rotary Park area of the City of Hollywood, Florida, is subject to significant flooding during rain events, which creates risks to pedestrians, vehicles and properties, and impedes access to vehicular and pedestrian traffic. The City's Stormwater Master Plan recommends the construction and installation of exfiltration trenches and the expansion of the stormwater collection system to capture stormwater runoff, alleviate flooding, and improve water quality. The proposed project consists of the installation of approximately 450 LF of 24-inch drainage pipe along N 31st Road and east along Taft Street to connect the drainage system, approximately 450 LF of exfiltration trench along Roosevelt Street from N Park Road to N 31st Road to obtain water quality credits, and a 12-inch drainage pipe west of Rotary Park, north of Arthur Street (approx.700 LF), to improve drainage in the area, a 48-inch WAPRO valve and access structure in the outfall pipe to prevent backflow from the C-10 canal.

5. State Agency to receive requested funds
- State Agency contacted? Yes

6. Amount of the Nonrecurring Request for Fiscal Year 2025-2026

Type of Funding	Amount
Operating	0
Fixed Capital Outlay	550,000
Total State Funds Requested	550,000

7. Total Project Cost for Fiscal Year 2025-2026 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	550,000	50%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	550,000	50%
Other	0	0%
Total Project Costs for Fiscal Year 2025-2026	1,100,000	100%

8. Has this project previously received state funding? No
- If yes, provide the most recent instance:

Fiscal Year (YYYY-YY)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future-year funding likely to be requested? No
- a. If yes, indicate nonrecurring amount per year.
- b. Describe the source of funding that can be used in lieu of state funding.
-

The Florida Senate

Fiscal Year 2025-2026

LFIR # 1616

Complete questions 10 and 11 for Fixed Capital Outlay Projects

10. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)?

Yes

c. What is the estimated start date of construction?

10/01/2025

d. What is the estimated completion date of construction?

9/30/2026

e. What funding stream will be used for ongoing operations and maintenance of the project?

An annual allocation for operations and maintenance is provided each year in the Department of Public Utilities Stormwater Fund budget.

11. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

City of Hollywood

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Installation of approximately 450 LF of 24-inch drainage pipe along N 31st Road and east along Taft Street, approximately 450 LF of exfiltration trench along Roosevelt Street from N Park Road to N 31st Road, and a 12-inch drainage pipe west of Rotary Park north of Arthur Street (approx. 700 LF), a 48-inch WAPRO valve and access structure in the outfall to prevent backflow from the C-10 canal.	550,000
Total State Funds Requested (must equal total from question #6)		550,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1616

The area in and around Rotary Park is subject to significant flooding during rain events, which creates risks to pedestrians, vehicles and properties, and impedes access to vehicular and pedestrian traffic. The City's Stormwater Master Plan recommends the construction and installation of exfiltration trenches, and the expansion of the stormwater collection system to capture stormwater runoff, alleviate flooding, and improve water quality.

b. What activities and services will be provided to meet the intended purpose of these funds?

The project will construct and install exfiltration trenches, and expand the stormwater collection system to capture stormwater runoff, alleviate flooding, and improve water quality.

c. What direct services will be provided to citizens by the appropriation project?

Direct positive impacts would be achieved by preserving and protecting property and right-of-ways.

d. Who is the target population served by this project? How many individuals are expected to be served?

The majority of the funds requested will serve the general public, City of Hollywood residents (154,000). It is estimated that 20,000 residents a year utilize the immediately adjacent Rotary Park.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The new system will reduce the depth of flooding and the time of dissipation of ponding post storm, recovering the beneficial use of Rotary Park, improving public and vehicular access, as well as minimizing the risk of residential properties in the area incurring flood damage. Measurement of flood levels during 5-year and 10-year storm events, and comparison with the calibrated stormwater master plan model is the proposed methodology to measure the outcome of the project. In addition, approximately 450 LF of new exfiltration trenches will remove contaminants from stormwater runoff in the area. Water quality sampling before and after the project is the proposed methodology to measure the outcome of the project.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The contractor will be required to provide a performance bond for the project. Liquidated damages will be established for this contract at \$1,000 per day.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?

- Yes, Applied
- Yes, Received
- No
- No, but intends to apply

a. If yes, provide the FEMA project worksheet ID#:

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1616

b. Provide the total project cost listed on the FEMA project worksheet:

16. Has the entity applied for or received state assistance for this project (other than this request)?

- Yes, Applied
- Yes, Received
- No
- No, but intends to apply

a. If yes, specify the program and state agency (ex. Local Government Emergency Bridge Loan, Department of Commerce):

Please complete questions 17 through 21 for Water Projects only.

17. Have you been awarded or applied for alternative state funding for this project?

- Water Quality Improvement Grant Program
- Resilient Florida Grant Program
- Wastewater Revolving Loan
- Drinking Water Revolving Loan
- Small Community Wastewater Treatment Grant
- Other (please specify, ex. Alternative Water Supply Grants)
- N/A

18. What is the population economic status?

- Financially Disadvantaged Community (ch. 62-552, F.A.C)
- Financially Disadvantaged Municipality (ch. 62-552, F.A.C)
- Rural Area of Economic Concern
- Rural Area of Opportunity (s. 288.0656, Florida Statutes)
- N/A

19. What is the status of construction?

Shovel Ready

20. What percentage of the construction has been completed?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1616

21. What is the estimated completion date of construction?

22. Requester Contact Information

a. First Name Last Name

b. Organization

c. E-mail Address

d. Phone Number Ext.

23. Recipient Contact Information

a. Organization

b. Municipality and County

c. Organization Type

- For Profit Entity
- Non Profit 501(c)(3)
- Non Profit 501(c)(4)
- Local Entity
- University or College
- Other (please specify)

d. First Name Last Name

e. E-mail Address

f. Phone Number Ext.

24. Lobbyist Contact Information

a. Name

b. Firm Name

c. E-mail Address

d. Phone Number

The information provided will be posted to the Florida Senate website for public viewing if sponsored by a Senator.
