

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1644

1. Project Title
2. Senate Sponsor
3. Date of Request

4. Project/Program Description

The Shenandoah community is located in West Davie, a low-lying area that consistently experiences recurring flooding. The Town's Shenandoah Drainage Study conducted in 2019 evaluated various alternatives to alleviate the issues in this neighborhood. The proposed project will fund the construction of a pump station to reduce future flooding in the community. The project will improve drainage capacity, enhance water treatment, reduce water levels pre and post-storm, and alleviate flooding issues that prohibit residents from entering and leaving the community during a heavy rainstorm.

5. State Agency to receive requested funds

State Agency contacted? Yes

6. Amount of the Nonrecurring Request for Fiscal Year 2025-2026

Type of Funding	Amount
Operating	0
Fixed Capital Outlay	400,000
Total State Funds Requested	400,000

7. Total Project Cost for Fiscal Year 2025-2026 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	400,000	50%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	400,000	50%
Other	0	0%
Total Project Costs for Fiscal Year 2025-2026	800,000	100%

8. Has this project previously received state funding? Yes

If yes, provide the most recent instance:

Fiscal Year (YYYY-YY)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		
2024-25	0	200,000	2054	Yes

9. Is future-year funding likely to be requested? No

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

Fiscal Year 2025-2026

LFIR # 1644

10. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)?

c. What is the estimated start date of construction?

d. What is the estimated completion date of construction?

e. What funding stream will be used for ongoing operations and maintenance of the project?

11. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	The Shenandoah neighborhood experiences significant flooding during heavy rain events. The Town of Davie and CBWCD jointly completed a drainage study of this neighborhood in 2019. Based on the completed study, it was determined that constructing a stormwater master pump at the existing outfall discharging to the north into the new river canal will provide the most benefit to reduce the risk of flooding. The funding will be used to assist in constructing the pump station.	400,000
Total State Funds Requested (must equal total from question #6)		400,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

b. What activities and services will be provided to meet the intended purpose of these funds?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 1644

The project will improve drainage capacity, enhance water treatment, reduce water levels pre- and post-storm, and alleviate flooding issues that prohibit residents from entering and leaving the community during a heavy rainstorm. This poses a public safety concern for those who require assistance.

c. What direct services will be provided to citizens by the appropriation project?

This project will help to improve the drainage infrastructure, provide for easy access to the communities, during and after a rain event, public safety access and service, and improving the quality of life for our residents.

d. Who is the target population served by this project? How many individuals are expected to be served?

12,000

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

We anticipate the project will improve drainage capacity, enhance water treatment, reduce water levels pre- and post-storm, and alleviate flooding issues that prohibit residents from entering and leaving the community during a heavy rainstorm.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The Town would require liquidated damages if the improvements are not completed in a timely manner.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?

- Yes, Applied
- Yes, Received
- No
- No, but intends to apply

a. If yes, provide the FEMA project worksheet ID#:

b. Provide the total project cost listed on the FEMA project worksheet:

16. Has the entity applied for or received state assistance for this project (other than this request)?

- Yes, Applied

Fiscal Year 2025-2026

LFIR # 1644

- Yes, Received
- No
- No, but intends to apply

a. If yes, specify the program and state agency (ex. Local Government Emergency Bridge Loan, Department of Commerce):

Please complete questions 17 through 21 for Water Projects only.

17. Have you been awarded or applied for alternative state funding for this project?

- Water Quality Improvement Grant Program
- Resilient Florida Grant Program
- Wastewater Revolving Loan
- Drinking Water Revolving Loan
- Small Community Wastewater Treatment Grant
- Other (please specify, ex. Alternative Water Supply Grants)
- N/A

18. What is the population economic status?

- Financially Disadvantaged Community (ch. 62-552, F.A.C)
- Financially Disadvantaged Municipality (ch. 62-552, F.A.C)
- Rural Area of Economic Concern
- Rural Area of Opportunity (s. 288.0656, Florida Statutes)
- N/A

19. What is the status of construction?

Finalizing the design for the project

20. What percentage of the construction has been completed?

0%

21. What is the estimated completion date of construction?

08/01/2025
