Fiscal Year 2025-2026

LFIR # 1727

Sustaining the expanded access to prevention, early intervention, and treatment services for children, adolescents and families through mental health and parenting education programs. Services support families and children throughout the community and are offered in-house and at partner locations reaching the most at-risk families and helping families break cycles of child abuse and neglect by developing healthy coping skills, increasing parental knowledge and addressing and preventing trauma.

b. What activities and services will be provided to meet the intended purpose of these funds?

FCFC will provide prevention, intervention and treatment services for families, children and adolescents in need of mental health therapy and parenting education. Services are accessible to all at our center and at partner locations throughout the community, ensuring an expansive reach to meet the needs of families and eliminating barriers to vital psychoeducation and treatment.

c. What direct services will be provided to citizens by the appropriation project?

Mental health support and treatment for children, adolescents and adults will be provided as individual or family sessions or as group counseling, in person or via a telehealth platform. Direct services will include play-based and discussion-based parenting education groups in-house and at various locations such as public libraries, long-term recovery facilities, homeless shelters and schools.

d. Who is the target population served by this project? How many individuals are expected to be served?

FCFC serves more than 5,500 clients per year. The target population includes persons with poor mental health, jobless persons, economically disadvantaged persons, at-risk youth, homeless, preschool students, grade school students, high school students and victims of crime.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Progress in mental health is measured by the reduction of symptoms (depression, anxiety, anger) and increases in self-esteem as measured by evidence based assessments. Parenting Education measures success using an Outcomes Measurement model that quantifies clients' growth in 6 Protective Factors that mitigate or eliminate risk of abuse and increase the well-being of children and families. Mental health outcomes are individualized using evidence-based tools, i.e. Beck Youth Inventory, Strengths & Difficulties Questionnaire. Results from clients, parents and teachers. Parenting education outcomes are assessed with self-reporting tool reflective of Protective Factors, the foundation of the Strengthening Families Approach, including how behavior has changed as a result of services.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Failure to meet deliverables outlined in this request would result in the return of funds.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):
