b. What activities and services will be provided to meet the intended purpose of these funds?

Specialized therapeutic interventions tailored to each family's needs, and support for healthy attachment relationships and positive parenting practices.

c. What direct services will be provided to citizens by the appropriation project?

Targeted case management and therapy for children and family's mental health to help individuals gain access to medical, social, educational and other services. The primary goal is to optimize functioning of people with complex needs by coordinating the provision of quality treatment and support services. Families First PBC is dedicated to empowering vulnerable children and their families.

d. Who is the target population served by this project? How many individuals are expected to be served?

Children and young people at high risk of mental health issues impacting their daily lives and ability to function within their homes and communities and families.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Specialized therapeutic interventions tailored to each family's needs and support healthy attachment relationships and positive parenting practices.
