13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal is to complete the design phase for a much-needed expansion of a high-demand hurricane shelter at the MLK Multi-Purpose Center off of State Road 24. The center is designated as a preferred spot by local emergency management services given it is not a school property and thus provides an alternative instead of shutting school facilities down in order to supply adequate shelter for statewide hurricane evacuees.

b. What activities and services will be provided to meet the intended purpose of these funds?

LFIR # 1761

Design costs which include structural, landscaping, paving/grading, and drainage plans, along with additional stormwater management and building permitting fees, all of which are necessary towards the next phase in construction.

c. What direct services will be provided to citizens by the appropriation project?

Hurricane shelter services will be expanded at the adjacent MLK Center for all state residents impacted by severe storm events in their respective areas.

d. Who is the target population served by this project? How many individuals are expected to be served?

Different target populations include students of all ages (including at-risk), university/college students, developmentally/physically disabled, economically disadvantaged, elderly, jobless, and those in poor physical/mental health. In addition, approximately 32,000 local area residents will be directly served with space for public usage and for hurricane emergency shelter.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?
Increased number of Florida residents served in hurricane emergency shelter situations
f. What are the suggested penalties that the contracting agency may consider in addition to its standard penaltic for failing to meet deliverables or performance measures provided for in the contract?
Failure to utilize the funds in the specified manner shall result in funds being returned to the State.
