10. Status of Construction

The Florida Senate Local Funding Initiative Request Fiscal Year 2025-2026

LFIR # 2045

Complete questions 10 and 11 for Fixed Capital Outlay Projects

á	a. What is the cur	rent phase of the	e project?				
	Planning	O Design	Construction	O N/A			
ı	o. Is the project "	shovel ready" (i.	e permitted)?		No		
(. What is the est	estimated start date of construction? 10/01/2025					
(d. What is the est	imated completi	on date of construc	tion?	05/31/2026		
•	e. What funding s	tream will be us	ed for ongoing ope	rations a	and maintenance of	the project?	
	General fund reve	enues					
							
11.			receive, directly or s of the facility and		y, any fixed capital (y.	outlay funding.	Include the
	City of Sweetwar	ter will be the reci	pient of any fixed ca	pital outla	y funding- direct rela	tionship.	

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/ Other	Acquisition of foliage and other equipment necessary to implement the drainage improvement project and mitigate the after effects of construction.	452,000
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Majo	r Renovation:	
Construction/Renovation/Land/ Planning Engineering	All construction activity related to the installation and construction of a stormwater collection system, transmission piping, catch basins, junction boxes and appurtenant structures.	500,000
Total State Funds Requested (m	ust equal total from question #6)	952,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

1

1

□ No

□ No, but intends to apply

The Florida Senate Local Funding Initiative Request Fiscal Year 2025-2026

LFIR # 2045

By installing a stormwater drainage system, the project directly tackles flooding issues in the southeast portion of the city. The system is designed to handle rainfall effectively, reducing the risk of water accumulation and potential damage to properties and infrastructure. The integration of trees helps manage water flow naturally. Tree roots aid in reducing surface runoff, enabling better water infiltration into the ground. This reduces the strain on the stormwater system and enhances overall efficiency in managing excess water during heavy rain.

b. What activities and services will be provided to meet the intended purpose of these funds?

Flood mitigation, thereby improving vehicle and pedestrian transit along certain corridors following major storm or rain events.

c. What direct services will be provided to citizens by the appropriation project?

By implementing flood mitigation measures, the city can reduce the risk of property and roadway damage, which in turn saves costs on repairs and reconstruction. This helps maintain the city's structural integrity and ensures that essential services remain operational.

d. Who is the target population served by this project? How many individuals are expected to be served?

The residents of the City of Sweetwater. Approximately 25,000 residents.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The primary expected benefit of this project is the significant reduction in flooding in the city. By installing a stormwater drainage system, the project will efficiently manage runoff during heavy rainfall, preventing water from pooling on streets, in residential areas, or damaging property.

The integration of trees into the drainage system will help further reduce surface runoff, allowing rainwater to better infiltrate into the ground. This will lessen the burden on traditional stormwater infrastructure, making the overall system more sustainable and efficient.

In sum, the success of the Drainage Project will be measured by stormwater management performance which will provide a comprehensive view of its effectiveness.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

fo	r failing to meet deliverables or performance measures provided for in the contract?
F	Revocation of funding and return of funds to the state
4. Is	this project related to mitigation, response, or recovery from a natural disaster? No
a. I	f Yes, what phase best describes the project?
	Mitigation (reducing or eliminating potential loss of life or property)
	Response (addressing the immediate and short-term effects of a natural disaster)
	Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure)
b. N	Name of the natural disaster (or Executive Order # for events not under a federal declaration):
5. Ha	as the entity applied for or received federal assistance for this project?
	Yes, Applied
	Yes, Received

19. What is the status of construction?

а	. If yes, provide the FEMA project worksheet ID#:
h	. Provide the total project cost listed on the FEMA project worksheet:
	. Provide the total project cost listed on the Felma project worksheet.
16.	Has the entity applied for or received state assistance for this project (other than this request)?
ı	□ Yes, Applied
1	□ Yes, Received
1	□ No
1	□ No, but intends to apply
a C	. If yes, specify the program and state agency (ex. Local Government Emergency Bridge Loan, Department of commerce):
DI.	and complete acceptions 47 through 94 for Weter Dreinete and
Pie	ease complete questions 17 through 21 for Water Projects only.
17. ŀ	Have you been awarded or applied for alternative state funding for this project?
	□ Water Quality Improvement Grant Program
	□ Resilient Florida Grant Program
	□ Wastewater Revolving Loan
	□ Drinking Water Revolving Loan
	□ Small Community Wastewater Treatment Grant
	☐ Other (please specify, ex. Alternative Water Supply Grants)
	☑ N/A
18. \	What is the population economic status?
	☐ Financially Disadvantaged Community (ch. 62-552, F.A.C)
	☑ Financially Disadvantaged Municipality (ch. 62-552, F.A.C)
	□ Rural Area of Economic Concern
	□ Rural Area of Opportunity (s. 288.0656, Florida Statutes)
	□ N/A
