The installation of the backup generators will ensure these critical facilities can be used to support disaster response and

CC	ecovery operations following future disasters. Specifically, this project will allow Leon County to utilize these facilities as omfort stations, points of distribution for water and supplies, logistical staging areas, or for other uses, and as a result, llow citizens without electrical service to cool off, charge mobile devices, and receive assistance as needed.
d.	Who is the target population served by this project? How many individuals are expected to be served?
Т	This project will benefit residents and potential evacuees to Leon County.
	What is the expected benefit or outcome of this project? What is the methodology by which this outcome will e measured?
re th	This project will facilitate the expanded use of eight (8) county-owned facilities to support Leon County's emergency esponse efforts following a disaster. This outcome will be measured by conducting an updated vulnerability analysis for ne community, as identified in the Leon County Comprehensive Emergency Management Plan and the Tallahassee-eon County Hazard Mitigation Plan.
