Flood mitigation activities and services consist of the permitting, Construction, and inspection of a new drainage system including new catch basins, manholes, drainage pipes, exfiltration trenches (French drains), milling and resurfacing of roadway, and signing and pavement markings.

c. What direct services will be provided to citizens by the appropriation project?

The direct service will be increased drainage capacity and reduced street flooding in the drainage basin which will lessen impact to property of over 360 residential homes.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is the surrounding residential community. Increased drainage capacity in this area would directly benefit over 360 properties which is estimated to be over 1,000 individuals.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Expected benefits include improved drainage, reduced localized flooding, increased drainage capacity, improved stormwater management, eliminated standing rainwater, reduced probability of mosquito-transmitted diseases to the public, reduced impact to property and life, enhanced environmental protection to the general public, improved transportation conditions, and improved groundwater and surface water quality. Outcome will be measured by field inspection and documentation of rainfall events. Project will create specific contractor, engineer, environmental, and consultant immediate job opportunities in stormwater and construction management measured by contractual agreements.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

No payment will be made for a request for reimbursement which does not include an updated summary of the project, dated invoices, checks paid by the contracting agency and proof of payment via copies of deposited checks.
