Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 2426

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The goal of the Medley NW 96 Street Roadway and Drainage Improvements Project (NW 87 Ave to NW S River Dr) is to construct a new roadway and drainage system, as identified under the Storm-Water Master Plan (SWMP), which may include: 26 drainage structures, one outfall control, 3,200 LF of roadway, gutters, and other improvements to improve the traffic flow, water quality, mitigate flooding hazards, reduce nutrients loading in groundwater, and may ultimately help boost the local economy.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2025-2026

Type of Funding	Amount
Operating	0
Fixed Capital Outlay	700,000
Total State Funds Requested	700,000

7. Total Project Cost for Fiscal Year 2025-2026 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	700,000	27%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	500,000	20%
Local	1,350,000	53%
Other	0	0%
Total Project Costs for Fiscal Year 2025-2026	2,550,000	100%

8. Has this project previously received state funding?

If yes, provide the most recent instance:

Fiscal Year (YYYY-YY)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future-year funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

Fiscal Year 2025-2026

LFIR # 2426

10. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)? No

c. What is the estimated start date of construction? 10/01/2025

d. What is the estimated completion date of construction? 12/31/2026

e. What funding stream will be used for ongoing operations and maintenance of the project?

The Town of Medley intends to utilize its local resources to support ongoing administration, operations, and maintenance of the proposed project.

11. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

Town of Medley

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	100% of the total funds (including match) will be invested in design (up to 20% or \$140,000) and construction (at least 80% or \$560,000) phases of proposed infrastructure enhancement project, in accordance with the engineering plans to meet DERM, permitting, and other requirements.	700,000
Total State Funds Requested (must equal total from question #6)		700,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal of the Medley NW 96 Street Roadway and Drainage Improvements Project (NW 87 Ave to NW S River Dr) is to construct a new roadway and drainage system, as identified under the Storm-Water Master Plan (SWMP), which may include: 26 drainage structures, one outfall control, 3,200 LF of roadway, gutters, and other improvements to improve the traffic flow, water quality, mitigate flooding hazards, reduce nutrients loading in groundwater, and may ultimately help boost the local economy.

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 2426

b. What activities and services will be provided to meet the intended purpose of these funds?

The Town will complete the following activities and services for the proposed 96th street roadway and drainage improvements project, which may include, but not limited to a) new roadway; b) drainage pipes/outlets; c) trenches; d) curbs; e) gutters; f) outfall structure, and g) other improvements.

c. What direct services will be provided to citizens by the appropriation project?

The proposed project will serve as a direct investment in the local community and surrounding businesses. An efficient and well-maintained roadway system reduces accidents, enhance emergency responses, and boosts economic growth. Also, an improved drainage system will prevent flooding and will give excess water a place to safely transporting runoff to an area better suited to hold it. Additionally, the system will enhance the current infra-structure, drainage system performance, reduce flood hazards, thus reduces economic loses.

d. Who is the target population served by this project? How many individuals are expected to be served?

The proposed improvements will enhance the aging infrastructure, water quality, mitigate or eliminate flooding hazards, and reduce nutrients loading in surrounding groundwater, and improve local traffic access for Medley residents, commuters, and local businesses. The project is expected to serve over 800 individuals and over 100 local area businesses.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The project will complete the design and construction phases of 96th Street roadway and drainage improvements which may help mitigate flooding hazards and reduce nutrient loading into surrounding groundwater. The proposed improvements include but not limited to a) roadway; b) drainage pipes/outlets; c) trenches; d) curbs; e) gutters; f) outfall structure, and g) other improvements. At least 95% of the area will have an enhanced roadway and drainage system, which may help reduce flooding hazards that may lead to reduction in property damage and other losses to businesses and may enhance water quality protection.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The Town of Medley shall comply with all provisions of the fully executed state contract, including the standard language describing strict compliance with certain provisions regarding performance expectations, timely deliverable, and desired outcomes. The Town shall comply with standard penalties, such as holding payments or possible reduction in funding for failing to meet any deliverables, established performance measures, or non-performance.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
- Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?

- Yes, Applied
- Yes, Received
- No
