Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 2494

1. Project Title
2. Senate Sponsor
3. Date of Request

4. Project/Program Description

This project would create a multi-step treatment and filtration process for the public water supply near the Interstate 75 and State Road 6 interchange. The process would involve chlorination, recirculation, aeration, and double filtration through an oxidation media to help improve water age, and water quality. This process will also add a product that will assist in maintaining the distribution system in the area, thus reducing the need for increased chlorination over time.
