13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Enhances Career Exploration and Development: The facility will provide resources, mentorship, and real-world learning opportunities for all students to explore career paths, make informed decisions, and build their professional network. By offering micro-credentials the facility caters to students and professionals to upskill. It will serve as a hub to ensure learning outcomes meet workforce demands.

b. What activities and services will be provided to meet the intended purpose of these funds?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2025-2026

LFIR # 2895

The new facility will provide a dedicated space for the implementation of targeted academic preparation programs designed to support incoming high school graduates in bridging the gap between secondary and postsecondary education. Additionally, through state-of-the-art career exploration and workforce readiness programs FGCU will equip students with the skills and experiences needed to thrive.

c. What direct services will be provided to citizens by the appropriation project?

It will improve graduation rates, retention rates to provide a skilled workforce.

d. Who is the target population served by this project? How many individuals are expected to be served?

University students with thousands of students served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Strengthen academic and workforce alignment with programs and curricula that meet our regional demand, respond to industry trends, integrate alternative credentials, include transferable skills and offer flexible degree lengths and delivery. Metrics: FTIC Four Year Graduation Rates; Academic Progress Rates and % of Bachelor's Graduates Employed and Earning 40K+ or continuing their education. State University Performance-based Metrics.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

All FGCU construction contracts have mechanisms for penalties and payment retaining in order to create incentives for the project to be completed on time.

14. Is this project related to mitigation, response, or recovery from a natural disaster? No

a. If Yes, what phase best describes the project?

- Mitigation (reducing or eliminating potential loss of life or property)
- Response (addressing the immediate and short-term effects of a natural disaster)
