13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The existing structure is a fixed weir that is at the end of its useful life. Replacing the structure with an operable weir will allow for increased flood control for areas within both the City of Fort Myers and Lee County. Being able to lower water elevations prior to a storm event will have a positive affect on the surrounding properties in preventing flooding and damages.

b. What activities and services will be provided to meet the intended purpose of these funds?

Lee County will be able to lower water levels in the 10-mile canal to prevent flooding during natural disasters and other significant flooding events.

c. What direct services will be provided to citizens by the appropriation project?
