13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

LFIR #3313

These funds will allow for the continued operation of the Frank P. Toppino Poinciana Gardens Senior Living Complex, a 106 unit, 3-tiered affordable senior living community with 29 independent living apartments on the first floor, 31 fully-supported independent living apartments on the second floor, and 46 licensed assisted living units on the third floor, and the continued employment of over 20 employees.

b. What activities and services will be provided to meet the intended purpose of these funds?

The activities and services that will be provided are affordable housing for up to 106 households including advanced care for elderly and disabled residents occupying the assisted living floor (third floor) of Poinciana Gardens.

c. What direct services will be provided to citizens by the appropriation project?

The direct services to be provided to the citizens is access to a local quality affordable housing complex with an assisted living facility on the third floor where they or their loved ones can live and obtain the advanced care they may need at subsidized rates that are affordable.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population served by this project are elderly persons, near-elderly persons, persons with poor mental health, persons with poor physical health, developmentally disabled persons, and physically disabled persons.

The ALF is licensed for 58-beds.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Poinciana Gardens plays a crucial role in improving the physical and mental health of its residents by offering a range of services and support that addresses its residents' unique needs, including providing healthy meals and nutrition, exercise classes, medication management, medical care coordination, fall prevention, and a range of social activities that help its residents stay active and engaged including communal dining, group outings, games, BINGO!, arts and crafts, exercise classes, and other various fitness programs. The method for measuring the level of benefit of services is a case-by-case collaborative effort between the resident and their medical care providers, family members, and the Resident Care Director.
