Fixed Capital Construction/Majo	r Renovation:					
Construction/Renovation/Land/ Planning Engineering		0				
Total State Funds Requested (m	ust equal total from question #6)	175,000				

### 13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

LFIR # 3525

To provide the identified lack of comprehensive grief and emotional support tailored to individuals and communities throughout the targeted 10 rural counties. Services will include 1-on-1 counseling, facilitated grief support groups, educational workshops, community presentations, specialized seasonal programs for grief support, youth-focused bereavement initiatives and referral to external resources.

b. What activities and services will be provided to meet the intended purpose of these funds?

Tailored counseling services to meet the unique needs of each county by offering a comprehensive range of grief and emotional support. These services may include individual bereavement counseling, grief support groups, community education and presentations, access to grief resources, specialized support during the holiday season, and dedicated bereavement programs for youth.

c. What direct services will be provided to citizens by the appropriation project?

Funding will enable us to provide comprehensive grief and emotional support tailored to individuals and communities throughout 10 rural counties. Services will include 1-on-1 counseling, facilitated grief support groups, educational workshops, community presentations, specialized seasonal programs for grief support, youth-focused bereavement initiatives and referral to external resources.

d. Who is the target population served by this project? How many individuals are expected to be served?

The 400 - 800 cross-cultural targeted individuals to be served through the 10 counties targeted include: the elderly, persons with poor mental health, persons with poor physical health, the economically disadvantaged, at-risk youth, physically disabled, grade school students, high school students, university/college students, bereaved youth, adults and seniors.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Methodology: Assessment of community awareness efforts by monitoring outreach effectiveness through event attendance, media engagement, and social media interactions. These measures will provide a comprehensive understanding of our program's reach and effectiveness, guiding future improvements to better serve individuals in rural communities in navigating their grief and loss.

Outcome Assessment: Tracking participation and outcomes to assess effectiveness. Key metrics will include the number of individuals receiving one-on-one counseling, attending grief support groups, and participating in educational workshops or community presentations. Monitor attendance and engagement levels and use pre- and post-program surveys to measure improvements and long-term participants.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Efforts to meet performance measures and deliverables will be paramount to the level of service and goals presented in this funding request. Failure to meet measures will be examined and addressed, as necessary, by the program team and Big Bend Hospice leadership, with identified need for adjustments implemented. Penalties for under-performance will be determined between the state agency and Big Bend Hospice.

4. Is t	his project related to mitigation, response, or recovery from a natural disaster? No
a. If	Yes, what phase best describes the project?
	Mitigation (reducing or eliminating potential loss of life or property)
	Response (addressing the immediate and short-term effects of a natural disaster)
	Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure)
b. N	ame of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?
