GOVERNMENTAL RULES AND REGULATIONS
BILL ANALYSIS & ECONOMIC IMPACT STATEMENT**

BILL #: HB 115

RELATING TO: Veterans

SPONSOR(S): Rep. Brown

STATUTE(S) AFFECTED: s. 295.17

COMPANION BILL(S):

ORIGINATING COMMITTEE(S)/COMMITTEE(S) OF REFERENCE:

- (1) GOVERNMENTAL RULES AND REGULATIONS
- (2) FINANCE AND TAXATION
- (3)
- (4)
- (5)

I. SUMMARY:

Section 295.17, Florida Statutes, requires the Florida Department of Veterans' Affairs to charge \$1.00 for a veteran's identification card. The identification card is issued to veterans who are permanent residents of this state and who:

-- have been adjudged by the United States Department of Veterans Affairs to have a 100 percent, service-connected permanent and total disability rating for compensation; or

-- have been determined to have a service-connected total and permanent disability rating of 100 percent and are in receipt of disability retirement pay from any branch of the United States Armed Services.

The ID card must be renewed by the veteran every four years.

This bill eliminates the \$1.00 fee for the veteran's ID card and eliminates the requirement for renewal every four years.

The Florida Department of Veterans' Affairs notes that the bill will save the department an indeterminate amount of staff time collecting and processing the fees for the veteran's identification cards.

The act takes effect July 1, 1997.

II. SUBSTANTIVE ANALYSIS:

A. PRESENT SITUATION:

Section 295.17, Florida Statutes, authorizes the Florida Department of Veterans' Affairs to issue an identification card to any veteran, upon written request, who is a permanent resident of this state and who meets the following criteria:

1. The veteran has been adjudged by the United States Department of Veterans Affairs to have a 100 percent service-connected permanent and total disability rating for compensation.

or

2. The veteran has been determined to have a service-connected total and permanent disability rating of 100 percent and is in receipt of disability retirement pay from any branch of the United States Armed Services.

The card may be used by a veteran as proof of eligibility for any benefit provided by state law for 100 percent service-connected permanent and total disability. The card is not valid for proof under ss. 196.081, 196.091, and 196.24, Florida Statutes. Section 196.081, Florida Statutes, provides the homestead exemption for certain permanently and totally disabled veterans. Section 196.091, Florida Statutes, provides for the homestead exemption for veterans who are receiving or have received pecuniary assistance for a disability requiring specially adapted housing and required to use a wheelchair for transportation. Section 196.24, Florida Statutes, provides for exemption from taxation as head of a household pursuant to article VII, section 3(b) of the Florida Constitution for any ex-service member who is a bona fide resident of this state and who has been disabled 10 percent or more due to wartime service as defined in section 1.01(14), Florida Statutes or by misfortune. These sections require certification of the disability by the United States Government or the United States Department of Veterans Affairs.

The Florida Department of Veterans' Affairs is responsible for design, issuance, and control of the cards. There is currently a \$1.00 service charge of each identification card issued by the department. The cards are valid for four years and the veterans must apply to the department to renew the cards.

A noncriminal penalty and a fine of \$200 for misuse of the card is provided in section 295.17(3), Florida Statutes.

According to the Florida Department of Veterans' Affairs and the sponsor's office, collection of the fee and renewal of the cards cost the department more than the fee that is being collected. Additionally, once a veteran is determined to be 100 percent permanently and totally disabled, that status does not change over the veteran's lifetime.

B. EFFECT OF PROPOSED CHANGES:

This bill eliminates the \$1.00 fee that veterans are required to pay to obtain the identification card that certifies that the veteran is 100 percent permanently and totally disabled. The card would continue to be issued by the department, however, the bill would eliminate the requirement that the card be renewed every four years.

C. APPLICATION OF PRINCIPLES:
