1 Such teams may be composed of representatives of appropriate
2 health, mental health, social service, legal service, and law

4 coordination of child protection teams and sexual abuse
5 treatment programs requires collaboration between the
6 Department of Health and the Department of Children and Family
7 Services. The two departments shall maintain an interagency
8 agreement that establishes protocols for oversight and

14 (e) Short-term psychological treatment. It is the
15 intent of the Legislature that short-term psychological
16 treatment be limited to no more than 6 months' duration after
17 treatment is initiated, except that the appropriate district
18 administrator may authorize such treatment for individual
19 children beyond this limitation if the administrator deems it
20 appropriate.

2 staffing, consultation, or staff activity involving a child, a

4 attend and participate.

5 (h) Case service coordination and assistance,
6 including the location of services available from other public

13 upon request, to the state attorney, law enforcement, the
14 department, and necessary professionals, in furtherance of the
15 treatment or additional evaluative needs of the child or by

17 provided in s. 381.0025.

18 (5) ENFORCEMENT AND PENALTIES.--

19 (a) Any person who constructs, modifies, or operates a
20 limited use community or limited use commercial public water
21 system, or a private water system, without first complying
22 with the requirements of this section, who operates a water
23 system in violation of department order, or who maintains or
24 operates a water system after revocation of the permit is
25 guilty of a misdemeanor of the second degree, punishable as
26 provided in s. 775.082 or s. 775.083.

27 (b) This section and rules adopted pursuant to this
28 section may be enforced by injunction or restraining order
29 granted by a circuit court as provided in s. 381.0012(2).

30 (c) Additional remedies available to county public
31 health unit staff through any county or municipal ordinance

1 may be applied, over and above the penalties set forth in this
2 section, to any violation of this section or the rules adopted
3 pursuant to this section.

4 (6) VARIANCES AND EXEMPTIONS.--

5 (a) The department may grant variances and exemptions
6 from the rules promulgated under the provisions of this
7 section through procedures set forth by the rule of the
8 department.

9 (b) Any establishment with a limited-use commercial
10 public water system which does not make tap water available
11 for public consumption and meets the water quality standards
12 established by the department shall be exempt from obtaining
13 an annual operating permit from the department, if provided
14 the supplier of water:

15 1. Registers with the department; if the establishment
16 changes ownership or business activity, it must register; and
17 pay a \$15 registration fee; and

18 2. Performs an initial water quality clearance of the
19 water supply system.~~well; and~~

20 3. ~~Conducts~~

21
22 A system exempt under this subsection may, in order to retain
23 potable water status, conduct annual testing for bacteria in
24 the form of one satisfactory microbiological sample per
25 calendar year. In the event that the establishment changes
26 ownership or business activity, reregistration is required. A
27 fee of \$15 shall be assessed for registration.

28 Section 21. Subsections (3) and (4) of section
29 381.0065, Florida Statutes, 1996 Supplement, are amended to
30 read:

31

1 381.0065 Onsite sewage treatment and disposal systems;
2 regulation.--

3 (3) DUTIES AND POWERS OF THE DEPARTMENT OF HEALTH ~~AND~~
4 ~~REHABILITATIVE SERVICES~~.--The department shall:

5 (a) Adopt rules to administer ss. 381.0065-381.0067.

6 (b) Perform application reviews and site evaluations,
7 issue permits, and conduct inspections and complaint
8 investigations associated with the construction, installation,
9 maintenance, modification, abandonment, or repair of an onsite
10 sewage treatment and disposal system for a residence or
11 establishment with an estimated domestic sewage flow of 10,000
12 gallons or less per day which is not currently regulated under
13 chapter 403.

14 (c) Develop a comprehensive program to ensure that
15 onsite sewage treatment and disposal systems regulated by the
16 department are sized, designed, constructed, installed,
17 repaired, modified, abandoned, and maintained in compliance
18 with this section and rules adopted under this section to
19 prevent groundwater contamination and surface water
20 contamination and to preserve the public health. The
21 department ~~State Health Office~~ is the final administrative
22 interpretive authority regarding rule interpretation. In the
23 event of a conflict regarding rule interpretation, the
24 Division Director ~~Assistant Health Officer~~ for Environmental
25 Health of the department ~~of Health and Rehabilitative~~
26 ~~Services~~, or his or her designee, shall timely assign a staff
27 person to resolve the dispute.

28 (d) Grant variances in hardship cases under the
29 conditions prescribed in this section and rules adopted under
30 this section.

31

1 (e) Permit the use of a limited number of innovative
2 systems for a specific period of time, when there is
3 compelling evidence that the system will function properly and
4 reliably to meet the requirements of this section and rules
5 adopted under this section.

6 (f) Issue annual operating permits under this section.

7 (g) Establish and collect fees as established under s.
8 381.0066 for services provided with respect to onsite sewage
9 treatment and disposal systems.

10 (h) Conduct enforcement activities, including imposing
11 fines, issuing citations, suspensions, revocations,
12 injunctions, and emergency orders for violations of this
13 section, part I of chapter 386, or part III of chapter 489 or
14 for a violation of any rule adopted under this section, part I
15 of chapter 386, or part III of chapter 489.

16 (i) Provide or conduct education and training of
17 department personnel, service providers, and the public
18 regarding onsite sewage treatment and disposal systems.

19 (j) Supervise research on, demonstration of, and
20 training on the performance, environmental impact, and public
21 health impact of onsite sewage treatment and disposal systems
22 within this state. Research fees collected under s.
23 381.0066(2)(k) must be used to develop and fund hands-on
24 training centers designed to provide practical information
25 about onsite sewage treatment and disposal systems to septic
26 tank contractors, master septic tank contractors, contractors,
27 inspectors, engineers, and the public and must also be used to
28 fund research projects which focus on improvements of onsite
29 sewage treatment and disposal systems, including use of
30 performance-based standards and reduction of environmental
31 impact. Research projects shall be initially approved by the

1 technical advisory panel and shall be applicable to and
2 reflect the soil conditions specific to Florida. Such
3 projects shall be awarded through competitive negotiation,
4 using the procedures provided in s. 287.055, to public or
5 private entities that have experience in onsite sewage
6 treatment and disposal systems in Florida and that are
7 principally located in Florida. Research projects shall not
8 be awarded to firms or entities that employ or are associated
9 with persons who serve on either the technical advisory panel
10 or the research review and advisory committee.

11 (k) Approve the installation of individual graywater
12 disposal systems in which blackwater is treated by a central
13 sewerage system.

14 (l) Regulate septage-stabilization and disposal
15 facilities not regulated by the Department of Environmental
16 Protection.

17 (m) Permit and inspect portable or temporary toilet
18 services.

19 (4) PERMITS; INSTALLATION; AND CONDITIONS.--A person
20 may not construct, repair, modify, abandon, or operate an
21 onsite sewage treatment and disposal system without first
22 obtaining a permit approved by the department of ~~Health and~~
23 ~~Rehabilitative Services~~. The department may issue permits to
24 carry out this section. A construction permit is valid for 18
25 months from the issuance date and may be extended by the
26 department for one 90-day period under rules adopted by the
27 department. A repair permit is valid for 90 days from the
28 date of issuance. An operating permit is valid for 1 year
29 from the date of issuance and must be renewed annually. If
30 all information pertaining to the siting, location, and
31 installation conditions or repair of an onsite sewage

1 treatment and disposal system remains the same, a construction
2 or repair permit for the onsite sewage treatment and disposal
3 system may be transferred to another person, if the transferee
4 files, within 60 days after the transfer of ownership, an
5 amended application providing all corrected information and
6 proof of ownership of the property. There is no fee
7 associated with the processing of this supplemental
8 information. A person may not contract to construct, modify,
9 alter, repair, service, abandon, or maintain any portion of an
10 onsite sewage treatment and disposal system without being
11 registered under part III of chapter 489. A property owner
12 who personally performs construction, maintenance, or repairs
13 to a system serving his or her own owner-occupied
14 single-family residence is exempt from registration
15 requirements for performing such construction, maintenance, or
16 repairs on that residence, but is subject to all permitting
17 requirements.

18 (a) Subdivisions and lots in which each lot has a
19 minimum area of at least one-half acre and either a minimum
20 dimension of 100 feet or a mean of at least 100 feet of the
21 side bordering the street and the distance formed by a line
22 parallel to the side bordering the street drawn between the
23 two most distant points of the remainder of the lot may be
24 developed with a water system regulated under s. 381.0062 and
25 onsite sewage treatment and disposal systems, provided the
26 projected daily domestic sewage flow does not exceed an
27 average of 1,500 gallons per acre per day, and provided
28 satisfactory drinking water can be obtained and all distance
29 and setback, soil condition, water table elevation, and other
30 related requirements of this section and rules adopted under
31 this section can be met.

1 (b) Subdivisions and lots using a public water system
2 as defined in s. 403.852 may use onsite sewage treatment and
3 disposal systems, provided there are no more than four lots
4 per acre, provided the projected daily domestic sewage flow
5 does not exceed an average of 2,500 gallons per acre per day,
6 and provided that all distance and setback, soil condition,
7 water table elevation, and other related requirements that are
8 generally applicable to the use of onsite sewage treatment and
9 disposal systems are met.

10 (c) Notwithstanding the provisions of paragraphs (a)
11 and (b), for subdivisions platted of record on or before
12 October 1, 1991, when a developer or other appropriate entity
13 has previously made or makes provisions, including financial
14 assurances or other commitments, acceptable to the Department
15 of Health and Rehabilitative Services, that a central water
16 system will be installed by a regulated public utility based
17 on a density formula, private potable wells may be used with
18 onsite sewage treatment and disposal systems until the agreed
19 upon densities are reached. The department may consider
20 assurances filed with the Department of Business and
21 Professional Regulation under chapter 498 in determining the
22 adequacy of the financial assurance required by this
23 paragraph. In a subdivision regulated by this paragraph, the
24 average daily domestic sewage flow may not exceed 2,500
25 gallons per acre per day. This section does not affect the
26 validity of existing prior agreements. After October 1, 1991,
27 the exception provided under this paragraph is not available
28 to a developer or other appropriate entity.

29 (d) Paragraphs (a) and (b) do not apply to any
30 proposed residential subdivision with more than 50 lots or to
31 any proposed commercial subdivision with more than 5 lots

1 where a publicly owned or investor-owned sewerage system is
2 available. It is the intent of this paragraph not to allow
3 development of additional proposed subdivisions in order to
4 evade the requirements of this paragraph. The department
5 shall report to the Legislature by February 1 of each
6 odd-numbered year concerning the success in meeting this
7 intent.

8 (e) Onsite sewage treatment and disposal systems must
9 not be placed closer than:

- 10 1. Seventy-five feet from a private potable well.
- 11 2. Two hundred feet from a public potable well serving
12 a residential or nonresidential establishment having a total
13 sewage flow of greater than 2,000 gallons per day.
- 14 3. One hundred feet from a public potable well serving
15 a residential or nonresidential establishment having a total
16 sewage flow of less than or equal to 2,000 gallons per day.
- 17 4. Seventy-five feet from surface waters.
- 18 5. Fifty feet from any nonpotable well.
- 19 6. Ten feet from any storm sewer pipe, to the maximum
20 extent possible, but in no instance shall the setback be less
21 than 5 feet.
- 22 7. Fifteen feet from the design high-water line of
23 retention areas, detention areas, or swales designed to
24 contain standing or flowing water for less than 72 hours after
25 a rainfall or the design high-water level of normally dry
26 drainage ditches or normally dry individual-lot
27 stormwater-retention areas.

28 (f) All provisions of this section and rules adopted
29 under this section relating to soil condition, water table
30 elevation, distance, and other setback requirements must be
31 equally applied to all lots, with the following exceptions:

1 1. Any residential lot that was platted and recorded
 2 on or after January 1, 1972, or that is part of a residential
 3 subdivision that was approved by the appropriate permitting
 4 agency on or after January 1, 1972, and that was eligible for
 5 an onsite sewage treatment and disposal system construction
 6 permit on the date of such platting and recording or approval
 7 shall be eligible for an onsite sewage treatment and disposal
 8 system construction permit, regardless of when the application
 9 for a permit is made. If rules in effect at the time the
 10 permit application is filed cannot be met, residential lots
 11 platted and recorded or approved on or after January 1, 1972,
 12 shall, to the maximum extent possible, comply with the rules
 13 in effect at the time the permit application is filed. At a
 14 minimum, however, those residential lots platted and recorded
 15 or approved on or after January 1, 1972, but before January 1,
 16 1983, shall comply with those rules in effect on January 1,
 17 1983, and those residential lots platted and recorded or
 18 approved on or after January 1, 1983, shall comply with those
 19 rules in effect at the time of such platting and recording or
 20 approval. In determining the maximum extent of compliance
 21 with current rules that is possible, the department shall
 22 allow structures and appurtenances thereto which were
 23 authorized at the time such lots were platted and recorded or
 24 approved.

25 2. Lots platted before 1972 are subject to a 50-foot
 26 minimum surface water setback and are not subject to lot size
 27 requirements. The projected daily flow for domestic onsite
 28 sewage treatment and disposal systems for lots platted before
 29 1972 may not exceed:

30
 31

1 a. Two thousand five hundred gallons per acre per day
2 for lots served by public water systems as defined in s.
3 403.852.

4 b. One thousand five hundred gallons per acre per day
5 for lots served by water systems regulated under s. 381.0062.

6 (g)1. The department may grant variances in hardship
7 cases which may be less restrictive than the provisions
8 specified in this section. If a variance is granted and the
9 onsite sewage treatment and disposal system construction
10 permit has been issued, the variance may be transferred with
11 the system construction permit, if the transferee files,
12 within 60 days after the transfer of ownership, an amended
13 construction permit application providing all corrected
14 information and proof of ownership of the property and if the
15 same variance would have been required for the new owner of
16 the property as was originally granted to the original
17 applicant for the variance. There is no fee associated with
18 the processing of this supplemental information. A variance
19 may not be granted under this section until the department is
20 satisfied that:

21 a. The hardship was not caused intentionally by the
22 action of the applicant;

23 b. No reasonable alternative exists for the treatment
24 of the sewage; and

25 c. The discharge from the onsite sewage treatment and
26 disposal system will not adversely affect the health of the
27 applicant or the public or significantly degrade the
28 groundwater or surface waters.

29
30 Where soil conditions, water table elevation, and setback
31 provisions are determined by the department to be

1 satisfactory, special consideration must be given to those
2 lots platted before 1972.

3 2. The department shall appoint a variance review and
4 advisory committee, which shall meet monthly to recommend
5 agency action on variance requests. The board consists of the
6 following:

7 a. The Division Director ~~Assistant Health Officer~~ for
8 Environmental Health of the department ~~of Health and~~
9 ~~Rehabilitative Services~~ or his or her designee.

10 b. A representative from the county public health
11 units.

12 c. A representative from the home building industry.

13 d. A representative from the septic tank industry.

14 e. A representative from the Department of
15 Environmental Protection.

16
17 Members shall be appointed for a term of 3 years, with such
18 appointments being staggered so that the terms of no more than
19 two members expire in any one year. Members shall serve
20 without remuneration, but may be reimbursed for per diem and
21 travel expenses as provided in s. 112.061.

22 (h) A construction permit may not be issued for an
23 onsite sewage treatment and disposal system in any area zoned
24 or used for industrial or manufacturing purposes, or its
25 equivalent, where a publicly owned or investor-owned sewage
26 treatment system is available, or where a likelihood exists
27 that the system will receive toxic, hazardous, or industrial
28 waste. An existing onsite sewage treatment and disposal
29 system may be repaired if a publicly owned or investor-owned
30 sewerage system is not available within 500 feet of the
31 building sewer stub-out and if system construction and

1 operation standards can be met. This paragraph does not
2 require publicly owned or investor-owned sewerage treatment
3 systems to accept anything other than domestic wastewater.

4 1. A building located in an area zoned or used for
5 industrial or manufacturing purposes, or its equivalent, when
6 such building is served by an onsite sewage treatment and
7 disposal system, must not be occupied until the owner or
8 tenant has obtained written approval from the department. The
9 department shall not grant approval when the proposed use of
10 the system is to dispose of toxic, hazardous, or industrial
11 wastewater or toxic or hazardous chemicals.

12 2. Each person who owns or operates a business or
13 facility in an area zoned or used for industrial or
14 manufacturing purposes, or its equivalent, or who owns or
15 operates a business that has the potential to generate toxic,
16 hazardous, or industrial wastewater or toxic or hazardous
17 chemicals, and uses an onsite sewage treatment and disposal
18 system that is installed on or after July 5, 1989, must obtain
19 an annual system operating permit from the department. A
20 person who owns or operates a business that uses an onsite
21 sewage treatment and disposal system that was installed and
22 approved before July 5, 1989, need not obtain a system
23 operating permit. However, upon change of ownership or
24 tenancy, the new owner or operator must notify the department
25 of the change, and the new owner or operator must obtain an
26 annual system operating permit, regardless of the date that
27 the system was installed or approved.

28 3. The department shall periodically review and
29 evaluate the continued use of onsite sewage treatment and
30 disposal systems in areas zoned or used for industrial or
31 manufacturing purposes, or its equivalent, and may require the

1 collection and analyses of samples from within and around such
2 systems. If the department finds that toxic or hazardous
3 chemicals or toxic, hazardous, or industrial wastewater have
4 been or are being disposed of through an onsite sewage
5 treatment and disposal system, the department shall initiate
6 enforcement actions against the owner or tenant to ensure
7 adequate cleanup, treatment, and disposal.

8 (i) An onsite sewage treatment and disposal system for
9 a single-family residence that is designed by a professional
10 engineer registered in the state and certified by such
11 engineer as complying with performance criteria adopted by the
12 department must be approved by the department subject to the
13 following:

14 1. The performance criteria applicable to
15 engineer-designed systems must be limited to those necessary
16 to ensure that such systems do not adversely affect the public
17 health or significantly degrade the groundwater or surface
18 water. Such performance criteria shall include consideration
19 of the quality of system effluent, the proposed total sewage
20 flow per acre, wastewater treatment capabilities of the
21 natural or replaced soil, water quality classification of the
22 potential surface-water-receiving body, and the structural and
23 maintenance viability of the system for the treatment of
24 domestic wastewater. However, performance criteria shall
25 address only the performance of a system and not a system's
26 design.

27 2. The technical review and advisory panel shall
28 assist the department in the development of performance
29 criteria applicable to engineer-designed systems. Workshops
30 on the development of the rules delineating such criteria
31 shall commence not later than September 1, 1996, and the

1 department shall advertise such rules for public hearing no
 2 later than October 1, 1997.

3 3. A person electing to utilize an engineer-designed
 4 system shall, upon completion of the system design, submit
 5 such design, certified by a registered professional engineer,
 6 to the county health department ~~local public health unit~~. The
 7 county health department ~~local public health unit~~ may utilize
 8 an outside consultant to review the engineer-designed system,
 9 with the actual cost of such review to be borne by the
 10 applicant. Within 5 working days after receiving an
 11 engineer-designed system permit application, the county health
 12 department ~~local public health unit~~ shall request additional
 13 information if the application is not complete. Within 15
 14 working days after receiving a complete application for an
 15 engineer-designed system, the county health department ~~local~~
 16 ~~public health unit~~ either shall issue the permit or, if it
 17 determines that the system does not comply with the
 18 performance criteria, shall notify the applicant of that
 19 determination and refer the application to ~~the State Health~~
 20 ~~Office~~ of the department for a determination as to whether the
 21 system should be approved, disapproved, or approved with
 22 modification. The department ~~State Health Office~~ engineer's
 23 determination shall prevail over the action of the county
 24 health department ~~local public health unit~~. The applicant
 25 shall be notified in writing of the department's determination
 26 and of the applicant's rights to pursue a variance or seek
 27 review under the provisions of chapter 120.

28 4. The owner of an engineer-designed performance-based
 29 system must obtain an annual system operating permit from the
 30 department. The department shall inspect the system at least
 31 annually and may collect system-effluent samples if

1 appropriate to determine compliance with the performance
2 criteria. The fee for the annual operating permit shall be
3 collected beginning with the second year of system operation.

4 5. If an engineer-designed system fails to properly
5 function or fails to meet performance standards, the system
6 shall be re-engineered, if necessary, to bring the system into
7 compliance with the provisions of this section.

8 (j) An innovative system may be approved in
9 conjunction with an engineer-designed site-specific system
10 which is certified by the engineer to meet the
11 performance-based criteria adopted by the department.

12 (k) For the Florida Keys, the department shall adopt a
13 special rule for the construction, installation, modification,
14 operation, repair, maintenance, and performance of onsite
15 sewage treatment and disposal systems which considers the
16 unique soil conditions and which considers water table
17 elevations, densities, and setback requirements. On lots
18 where a setback distance of 75 feet from surface waters,
19 saltmarsh, and buttonwood association habitat areas cannot be
20 met, an injection well, approved and permitted by the
21 department, may be used for disposal of effluent from onsite
22 sewage treatment and disposal systems. The department shall
23 require effluent from onsite sewage treatment and disposal
24 systems to meet advanced waste treatment concentrations, as
25 defined in s. 403.086.

26 (l) No product sold in the state for use in onsite
27 sewage treatment and disposal systems may contain any
28 substance in concentrations or amounts that would interfere
29 with or prevent the successful operation of such system, or
30 that would cause discharges from such systems to violate
31 applicable water quality standards. The department shall

1 publish criteria for products known or expected to meet the
2 conditions of this paragraph. In the event a product does not
3 meet such criteria, such product may be sold if the
4 manufacturer satisfactorily demonstrates to the department
5 that the conditions of this paragraph are met.

6 (m) Evaluations for determining the seasonal
7 high-water table elevations or the suitability of soils for
8 the use of a new onsite sewage treatment and disposal system
9 shall be performed by department personnel, professional
10 engineers registered in the state, or such other persons with
11 expertise, as defined by rule, in making such evaluations.
12 The department shall accept evaluations submitted by
13 professional engineers and such other persons as meet the
14 expertise established by rule unless the department has a
15 reasonable scientific basis for questioning the accuracy or
16 completeness of the evaluation.

17 (n) The department shall appoint a research review and
18 advisory committee, which shall meet at least semiannually.
19 The committee shall advise the department on directions for
20 new research, review and rank proposals for research
21 contracts, and review draft research reports and make
22 comments. The committee is comprised of:

- 23 1. A representative of the Division of ~~a district~~
24 Environmental Health ~~Office~~ of the Department of Health ~~and~~
25 ~~Rehabilitative Services~~.
- 26 2. A representative from the septic tank industry.
- 27 3. A representative from the home building industry.
- 28 4. A representative from an environmental interest
29 group.

1 5. A representative from the State University System,
2 from a department knowledgeable about onsite sewage treatment
3 and disposal systems.

4 6. A professional engineer registered in this state
5 who has work experience in onsite sewage treatment and
6 disposal systems.

7 7. A representative from the real estate profession.

8 8. A representative from the restaurant industry.

9 9. A consumer.

10
11 Members shall be appointed for a term of 3 years, with the
12 appointments being staggered so that the terms of no more than
13 four members expire in any one year. Members shall serve
14 without remuneration, but may be reimbursed for per diem and
15 travel expenses as provided in s. 112.061.

16 (o) An application for an onsite sewage treatment and
17 disposal system permit shall be completed in full, signed by
18 the owner or the owner's authorized representative, or by a
19 contractor licensed under chapter 489, and shall be
20 accompanied by all required exhibits and fees. No specific
21 documentation of property ownership shall be required as a
22 prerequisite to the review of an application or the issuance
23 of a permit. The issuance of a permit does not constitute
24 determination by the department of property ownership.

25 (p) The department may not require any form of
26 subdivision analysis of property by an owner, developer, or
27 subdivider prior to submission of an application for an onsite
28 sewage treatment and disposal system.

29 (q) Nothing in this section limits the power of a
30 municipality or county to enforce other laws for the
31 protection of the public health and safety.

1 Section 22. Section 381.0101, Florida Statutes, is
2 amended to read:

3 381.0101 Environmental health professionals.--

4 (1) LEGISLATIVE INTENT.--Persons ~~specifically~~
5 responsible for providing technical and scientific evaluations
6 of environmental health and sanitary conditions in business
7 establishments and communities throughout the state may create
8 a danger to the public health if they are not skilled or
9 competent to perform such evaluations. The public relies on
10 the judgment of environmental health professionals employed by
11 both government agencies and industries to assure them that
12 environmental hazards are identified and removed before they
13 endanger the health or safety of the public. The purpose of
14 this section is to assure the public that persons specifically
15 responsible for performing environmental health and sanitary
16 evaluations have been certified by examination as competent to
17 perform such work.

18 (2) DEFINITIONS.--As used in this section:

19 (a) "Board" means the Environmental Health
20 Professionals Advisory Certification Board.

21 (b) "Department" means the Department of Health ~~and~~
22 ~~Rehabilitative Services~~.

23 (c) "Environmental health" means that segment of
24 public health work which deals with the examination of those
25 factors in the human environment which may impact adversely on
26 the health status of an individual or the public.

27 (d) "Environmental health professional" means a person
28 who is employed or assigned the responsibility for assessing
29 the environmental health or sanitary conditions within a
30 building, on an individual's property, or within the community
31

1 at large, and who has the knowledge, skills, and abilities to
2 carry out these tasks.

7 Department of Health ~~Agency for Health Care Administration~~
8 shall develop a request-for-proposal process to solicit grant
9 applications.

10 (16) CERTIFICATION.--For the purpose of certifying

22 amended to read:

23 381.04065 Rural health network cooperative
24 agreements.--

25 (1) INTENT.--It is the Legislature's intent that, to
26 the extent necessary to foster the development of rural health
27 networks as provided for in s. 381.0406, competitive market
28 forces shall be replaced with state regulation, as provided
29 for in this section ~~subsections (2) and (3)~~. It is also the
30 intent of the Legislature that consolidation of network
31 hospital services or technologies undertaken pursuant to this

1 section, and cooperative agreements between members of rural
 2 health networks, shall not violate the state's antitrust laws
 3 when such arrangements improve the quality of health care,
 4 moderate cost increases, and are made between members of rural
 5 health networks as defined in s. 381.0406. It is also the
 6 intent of the Legislature that such arrangements be protected
 7 from federal antitrust laws, subject to the approval and
 8 supervision of the Department of Health ~~Agency for Health Care~~
 9 ~~Administration~~. Such intent is within the public policy of the
 10 state to facilitate the provision of quality, cost-efficient
 11 medical care to rural patients.

 13 are members of certified rural health networks who seek to
 14 consolidate services or technologies or enter into cooperative
 15 agreements shall seek approval from the Department of Health
 16 ~~Agency for Health Care Administration~~, which may consult with
 17 the Department of Legal Affairs. The department ~~agency~~ shall
 18 determine that the likely benefits resulting from the
 19 agreement outweigh any disadvantages attributable to any
 20 potential reduction in competition resulting from the
 21 agreement and issue a letter of approval if, in its
 22 determination, the agreement reduces or moderates costs and
 23 meets any of the following criteria:

- 24 (a) Consolidates services or facilities in a market
- 25 area used by rural health network patients to avoid
- 26 duplication;
- 27 (b) Promotes cooperation between rural health network
- 28 members in the market area;
- 29 (c) Encourages cost sharing among rural health network
- 30 facilities;
- 31 (d) Enhances the quality of rural health care; or

1 (e) Improves utilization of rural health resources and
2 equipment.

3 (3) STATE OVERSIGHT.--The Department of Health ~~agency~~
4 shall review each agreement approved under this section
5 ~~subsection (2)~~ at least every 2 years. If the department
6 ~~agency~~ determines that the likely benefits resulting from its
7 state action approval no longer outweigh any disadvantages
8 attributable to any potential reduction in competition
9 resulting from the agreement, the department ~~agency~~ shall
10 initiate proceedings to terminate its state action approval
11 governing the agreement. Such termination proceeding shall be
12 governed by chapter 120, ~~the Florida Administrative Procedure~~
13 ~~Act~~.

14 (4) JUDICIAL REVIEW.--Any applicant aggrieved by a
15 decision of the Department of Health ~~Agency for Health Care~~
16 ~~Administration~~ shall be entitled to both administrative and
17 judicial review thereof in accordance with chapter 120. In
18 such review, the decision of the department ~~agency~~ shall be
19 affirmed unless it is arbitrary, capricious, or it is not in
20 compliance with this section.

21 (5) RULEMAKING.--The Department of Health ~~Agency for~~
22 ~~Health Care Administration~~, in consultation with the State
23 ~~Health Office and the~~ Office of the Attorney General, shall
24 establish rules necessary to implement this section.

18 Section 30. Section 383.3362, Florida Statutes, is
19 amended to read:

20 383.3362 Sudden Infant Death Syndrome.--

21 (1) FINDINGS AND INTENT.--The Legislature recognizes
22 that ~~research has shown~~ Sudden Infant Death Syndrome, or SIDS,
23 is to be a leading cause of death among children under the age
24 of 1 year, both nationally and in this state. The Legislature
25 further recognizes that first responders to emergency calls
26 relating to such a death need access to special training to
27 better enable them to distinguish SIDS from death caused by
28 criminal acts and to appropriately interact with the deceased
29 infant's parents or caretakers. At the same time, the
30 Legislature, recognizing that the primary focus of first
31 responders is to carry out their assigned duties, intends to

1 increase the awareness of SIDS by first responders, but in no
2 way expand or take away from their duties. Further, the
3 Legislature recognizes the importance of a standard protocol
4 for review of SIDS deaths by medical examiners and the
5 importance of appropriate followup in cases of certified or
6 suspected SIDS deaths. ~~Further, the Legislature recognizes~~
7 ~~the benefits of establishing a SIDS Advisory Council.~~
8 Finally, the Legislature finds that it is desirable to analyze
9 existing data, and to conduct further research on, the
10 possible causes of SIDS and how to lower the number of sudden
11 infant deaths.

12 (2) DEFINITION.--As used in this section, the term
13 "Sudden Infant Death Syndrome," or "SIDS," means the sudden
14 unexpected death of an infant under 1 year of age which
15 remains unexplained after a complete autopsy, death-scene
16 investigation, and review of the case history. The term
17 includes only those deaths for which, currently, there is no
18 known cause or cure.

19 (3) TRAINING.--

20 (a) The Legislature finds that an emergency medical
21 technician, a paramedic, a firefighter, or a law enforcement
22 officer is likely to be the first responder to a request for
23 assistance which is made immediately after the sudden
24 unexpected death of an infant. The Legislature further finds
25 that these first responders should be trained in appropriate
26 responses to sudden infant death.

27 (b) After January 1, 1995, the basic training programs
28 required for certification as an emergency medical technician,
29 a paramedic, a firefighter, or a law enforcement officer as
30 defined in s. 943.10, other than a correctional officer or a
31

1 correctional probation officer, must include curriculum that
2 contains instruction on Sudden Infant Death Syndrome.

3 ~~(c) On or before January 1, 1994,~~The Department of
4 ~~Health and Rehabilitative Services,~~ in consultation with ~~the~~
5 ~~Sudden Infant Death Syndrome Advisory Council,~~the Emergency
6 Medical Services Advisory Council, the Firefighters Standards
7 and Training Council, and the Criminal Justice Standards and
8 Training Commission, shall develop and adopt, by rule,
9 curriculum that, at a minimum, includes training in the nature
10 of SIDS, standard procedures to be followed by law enforcement
11 agencies in investigating cases involving sudden deaths of
12 infants, and training in responding appropriately to the
13 parents or caretakers who have requested assistance.

14 (4) AUTOPSIES.--

15 (a) The medical examiner must perform an autopsy upon
16 any infant under the age of 1 year who is suspected to have
17 died of Sudden Infant Death Syndrome. The autopsy must be
18 performed within 24 hours after the death, or as soon
19 thereafter as is feasible. When the medical examiner's
20 findings are consistent with the definition of sudden infant
21 death syndrome in subsection (2), the medical examiner must
22 state on the death certificate that sudden infant death
23 syndrome was the cause of death.

24 (b) ~~Before January 1, 1994,~~The Medical Examiners
25 Commission shall develop and implement a protocol for dealing
26 with suspected sudden infant death syndrome. The protocol must
27 be followed by all medical examiners when conducting the
28 autopsies required under this subsection. The protocol may
29 include requirements and standards for scene investigations,
30 requirements for specific data, criteria for ascertaining
31 cause of death based on the autopsy, criteria for any specific

1 tissue sampling, and any other requirements that the
2 commission considers necessary.

3 (c) A medical examiner is not liable for damages in a
4 civil action for any act or omission done in compliance with
5 this subsection.

6 (d) An autopsy must be performed under the authority
7 of a medical examiner under s. 406.11.

8 ~~(5) VISITATION BY COUNTY PUBLIC HEALTH NURSE OR SOCIAL
9 WORKER.--~~

10 ~~(a) After the death of an infant which is attributed
11 to Sudden Infant Death Syndrome, a county public health unit
12 nurse or professional social worker affiliated with the county
13 public health unit must attempt to visit the parents or
14 guardians of the deceased, in order to provide the parents or
15 guardians with appropriate educational and support services.~~

16 ~~(b) A nurse or social worker who conducts visits under
17 paragraph (a) must receive training in providing appropriate
18 educational and support services to the parents or guardians
19 of an infant whose death is attributed to SIDS. The State
20 Health Office shall by rule prescribe the requirements for the
21 training, including content, protocol, and frequency.~~

22 ~~(6) SUDDEN INFANT DEATH SYNDROME ADVISORY COUNCIL.--~~

23 ~~(a) There is created the Sudden Infant Death Syndrome
24 Advisory Council, consisting of nine members appointed by the
25 secretary of the Department of Health and Rehabilitative
26 Services in consultation with the Florida SIDS Alliance, of
27 whom three are members of SIDS parents' groups, one is a
28 medical examiner, one is a county public health nurse, one is
29 a physician who has expertise in SIDS, one is a law
30 enforcement officer, one is an emergency medical technician,
31 and one is a paramedic. Either the emergency medical~~

1 ~~technician or the paramedic must also be a firefighter. Each~~
2 ~~member must be appointed for a term of 3 years, except that,~~
3 ~~of the initial appointees, who must be appointed before~~
4 ~~October 1, 1993, three must be appointed for terms of 1 year~~
5 ~~each, two must be appointed for terms of 2 years each, and~~
6 ~~three must be appointed for terms of 3 years each.~~

7 ~~(b) The council shall meet at least annually, and hold~~
8 ~~additional meetings by teleconference as necessary, and shall~~
9 ~~annually choose a chair from among its membership.~~

10 ~~(c) The State Health Office shall administer and~~
11 ~~provide support staff to the council.~~

12 ~~(d) The duties of the council are:~~

13 ~~1. To provide guidance to the department in the~~
14 ~~development of training, educational, and research programs~~
15 ~~regarding SIDS.~~

16 ~~2. To provide ongoing guidance to the Governor and the~~
17 ~~Legislature regarding the need for specific programs regarding~~

12 4. Abnormal skin sensitivity or burning may be caused
13 by certain foods, cosmetics, or medications, including,
14 without limitation, tranquilizers, diuretics, antibiotics,
15 high blood pressure medicines, or birth control pills.
16 5. Any person who takes a prescription or
17 over-the-counter medication should consult a physician before
18 using a tanning device.
19 6. It does not carry liability insurance for injuries
20 caused by tanning devices or states the limits of any
21 liability insurance it carries.

22 (b) A tanning facility must post a warning sign in any
23 area where a tanning device is used. Posting this sign does
24 not absolve the facility of any liability. The sign must
25 state:

26
27 DANGER, ULTRAVIOLET RADIATION

28 Follow these instructions:

- 29 1. Avoid frequent or lengthy exposure. As with
30 natural sunlight, exposure can cause eye and skin injury or
31 allergic reactions. Repeated exposure can cause chronic sun

1 damage characterized by wrinkling, dryness, fragility and
2 bruising of the skin or skin cancer.

3 2. Wear protective eyewear. FAILURE TO USE PROTECTIVE
4 EYEWEAR CAN RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE
5 EYES.

6 3. Ultraviolet radiation from sunlamps will aggravate
7 the effects of the sun. Therefore, do not sunbathe before or
8 after exposure to ultraviolet radiation.

9 4. Using medications or cosmetics can increase your
10 sensitivity to ultraviolet radiation. Consult a physician
11 before using a sunlamp if you are using medications, have a
12 history of skin problems, or believe you are especially
13 sensitive to sunlight. Women who are pregnant or on birth
14 control who use this product can develop discolored skin. IF
15 YOU DO NOT TAN IN THE SUN YOU WILL NOT TAN BY USING THIS
16 DEVICE.

17

18 (5) A tanning facility may not claim or distribute
19 promotional materials that claim a tanning device is safe or
20 free from risk.

21 (6) A tanning facility must:

22 (a) During operating hours, have an operator present
23 who is sufficiently knowledgeable in the correct operation of
24 the tanning devices to inform and assist each customer in the
25 proper use of the devices.

26 (b) Before each use of a tanning device:

27 1. Properly sanitize that tanning device equipment,
28 including, without limitation, handrails, headrests, and bed
29 surfaces; and

30

31

1 2. Provide a customer with properly sanitized
2 protective eyewear that protects the eye from ultraviolet
3 radiation and allows adequate vision to maintain balance.

4 (c) Show each customer how to use suitable physical
5 aids, such as handrails and floor markings, to maintain proper
6 exposure distances recommended by the manufacturer.

7 (d) Use a timer on each tanning device which is
8 accurate for any selected time interval to plus or minus 10
9 percent.

10 (e) Limit each customer to the maximum exposure time
11 recommended by the manufacturer of the tanning device.

12 (f) Maintain the interior temperature of the tanning
13 facility below 100 °F.

14 (g) Each time a person uses a tanning facility or
15 executes or renews a contract to use a tanning facility, have
16 him sign a written statement acknowledging that he has read
17 and understands the warnings before using the device and that
18 he agrees to use the protective eyewear.

19 (h) Display its license in a public area of the
20 tanning facility.

21 (i) Report any injury or any complaint of injury to
22 the department on forms prescribed by the department and
23 provide a copy of the report to the complainant. The
24 department shall send to the federal Food and Drug
25 Administration a copy of any report of an injury occurring in
26 a tanning facility.

27 (j) Keep a record, for a period of not less than 4
28 years, of each customer's use of a tanning device.

29 (7) A tanning facility may not allow a minor between
30 the ages of 14 and 18 to use a tanning device unless it has on
31 file a statement signed by the minor's parent or legal

1 guardian stating that the parent or legal guardian has read
2 and understands the warnings given by the tanning facility,
3 consents to the minor's use of a tanning device, and agrees
4 that the minor will use the provided protective eyewear.

5 (8) A minor under the age of 14 must be accompanied by
6 a parent or legal guardian when using a tanning device.

7 (9) The department shall inspect or investigate a
8 tanning facility as necessary but at least annually.

9 (10) PENALTIES.--

11 the third degree, punishable as provided in s. 775.082 or s.
12 775.083:

13 1. Owning or operating, or soliciting business as, a
14 tanning facility in this state without first procuring a
15 license from the department, unless specifically exempted by
16 this section.

27 provided for, suspend or revoke the license of any licensee
28 under this section who has been found guilty of any violation
29 listed in paragraph (a) or paragraph (b).

30 (d) In the event the department or any state attorney
31 shall have probable cause to believe that a tanning facility

1 or other person has violated any provision of paragraph (a),
2 an action may be brought by the department or any state
3 attorney to enjoin such tanning facility or any person from
4 continuing such violation, or engaging therein or doing any
5 acts in furtherance thereof, and for such other relief as to
6 the court seems appropriate.

7 (11)(a) The department may impose an administrative
8 fine not to exceed \$1,000 per violation per day, for the
9 violation of any provision of this section, rule adopted under
10 this section, or term or condition of any license issued by
11 the department.

12 (b) In determining the amount of fine to be levied for
13 a violation, as provided in paragraph (a), the following
14 factors shall be considered:

15 1. The severity of the violation and the extent to
16 which the provisions of this act, the rules adopted under this
17 act, or any terms or conditions of any license were violated.

18 2. Actions taken by the licensee to correct the
19 violation.

14 (1) Develop comprehensive policies and programs for
15 the evaluation, determination, and amelioration of hazards
16 associated with the use, possession, or disposal of sources of

6 material, including naturally occurring radioactive material
7 and low-level radioactive waste, and radiation machines as may
8 be necessary to carry out the provisions of this chapter. The
9 recommendations of nationally recognized bodies in the field
10 of radiation protection shall be taken into consideration in
11 the adoption, promulgation, amendment, and repeal of such
12 rules and standards.

13 (5) Require the submission of plans, specifications,
14 and reports for new construction and material alterations on

14 waste, recording the quarterly amount of low-level radioactive
15 waste shipped by each licensee to commercial low-level
16 radioactive waste management facilities.

17 (9) Require, on forms prescribed and furnished by the
18 department, registration and periodic reregistration of
19 radiation machines, and licensing and periodic renewal of
20 licenses for radioactive materials.

21 (10) Exempt certain sources of ionizing radiation, or
22 kinds of uses or users, from the licensing or registration
23 requirements set forth in this chapter when the department
24 determines that the exemption of such sources of ionizing
25 radiation, or kinds of users or uses, will not constitute a
26 significant risk to the health and safety of the public.

27 (11) Adopt ~~Promulgate~~ rules pursuant to this chapter
28 which may provide for the recognition of other state and
29 federal licenses as the department deems desirable, subject to
30 such registration requirements as it may prescribe.

31

1 (12) Respond to any emergency which involves possible
2 or actual release of radioactive materials, carry out or

8 for assessing penalties for noncompliance with such provisions
9 as prescribed in ss. 404.161 and 404.162.

10 (14) Require department licensees and nuclear power
11 plant licensees of the United States Nuclear Regulatory
12 Commission to take appropriate measures to reduce the volume
13 of low-level radioactive waste they generate, and to monitor
14 the progress of department licensees and nuclear power plant
15 licensees of the commission in reducing such volume.

30 added to subsection (3) of that section, to read:

31

1 404.056 Environmental radiation standards and
2 programs; radon protection.--

3 (2) FLORIDA COORDINATING COUNCIL ON RADON
4 PROTECTION.--

5 (a) Establishment.--It is declared to be in the best
6 interest of the state that public agencies responsible for and
7 involved in radon protection activities work together to
8 reduce duplication of effort, foster maximum efficient use of
9 existing resources, advise and assist the agencies involved in
10 radon protection and mitigation in implementing the best
11 management practices and the best available technology in
12 limiting exposure to radon, identify outside funding sources

3 Section 58. Subsections (2), (3), and (5) of section
4 404.0614, Florida Statutes, are amended to read:

5 404.0614 Licensing of commercial low-level radioactive
6 waste management facilities.--

7 (2) The department, within 90 days of receiving an
8 application for a license to construct, operate, or close a
9 commercial low-level radioactive waste management facility,
10 shall forward a copy of the application to the Department of
11 Environmental Protection and, after review by both
12 departments, notify the applicant of any errors or omissions
13 and request any additional information needed by the
14 Department of Environmental Protection to issue a report to
15 the Department of Health ~~and Rehabilitative Services~~ as
16 required by subsection (3) and needed by the Department of
17 Health ~~and Rehabilitative Services~~ to review the license
18 application.

19 (3) The department, after receiving a complete license
20 application, shall notify the Department of Environmental
21 Protection that a complete license application to construct,
22 operate, or close a commercial low-level radioactive waste
23 management facility has been received, shall send a copy of
24 the complete application to the Department of Environmental
25 Protection, and shall request a report from the Department of
26 Environmental Protection describing the ecological,
27 meteorological, topographical, hydrological, geological, and
28 seismological characteristics of the proposed site. Such
29 report shall be completed no later than 180 days from the date
30 the department requests the report. The Department of

3 (5) The department shall consider the report by the
4 Department of Environmental Protection in addition to
5 information required by the Department of Health ~~and~~
6 ~~Rehabilitative Services~~ in the license application and, within
7 180 days from receiving that report, decide whether to grant a
8 license to construct, operate, or close the commercial
9 low-level radioactive waste management facility. Such a
10 license shall be subject to renewal by the department as
11 specified in the terms of the license initially granted by the
12 department. The failure of the department to renew a license
13 does not relieve the licensee of any obligations incurred
14 under this section.

15 Section 59. Subsection (1) of section 404.131, Florida
16 Statutes, 1996 Supplement, is amended to read:

17 404.131 Fees.--

18 (1) The department ~~of Health and Rehabilitative~~
19 ~~Services~~ is authorized to charge and collect reasonable fees
20 for specific and general licenses and for the registration of
21 radiation machines. The fees shall not exceed the estimated
22 costs to the department of performing licensing, registration,
23 inspection, and other regulatory duties. Unless otherwise
24 provided by law, such fees shall be deposited to the credit of
25 the Radiation Protection Trust Fund, to be held and applied
26 solely for salaries and expenses of the department incurred in
27 implementing and enforcing the provisions of this chapter.

28 Section 60. Subsections (1), (2), (6), and (8) of
29 section 404.20, Florida Statutes, are amended to read:

30 404.20 Transportation of radioactive materials.--

31

1 (1) The department ~~of Health and Rehabilitative~~
2 ~~Services~~ shall adopt reasonable rules governing the
3 transportation of radioactive materials which, in the judgment
4 of the department, will promote the public health, safety, or
5 welfare and protect the environment.

6 (a) Such rules shall be limited to provisions for the
7 packing, marking, loading, and handling of radioactive
8 materials, and the precautions necessary to determine whether
9 the material when offered is in proper condition for
10 transport, and shall include criteria for departmental
11 approval of routes in this state which are to be used for the
12 transportation of radioactive materials as defined in 49
13 C.F.R. s. 173.403(1)(1), (2), and (3) and (n)(4)(i), (ii), and
14 (iii), and all radioactive materials shipments destined for
15 treatment, storage, or disposal facilities as defined in the
16 Southeast Interstate Low-Level Radioactive Waste Compact. The
17 department may designate routes in the state to be used for
18 the transportation of all other shipments of radioactive
19 materials.

20 (b) Such rules shall be compatible with, but no less
21 restrictive than, those established by the United States
22 Nuclear Regulatory Commission, the United States Federal
23 Aviation Agency, the United States Department of
24 Transportation, the United States Coast Guard, or the United
25 States Postal Service.

26 (2)(a) Rules adopted by the department ~~of Health and~~
27 ~~Rehabilitative Services~~ pursuant to subsection (1) may be
28 enforced, within their respective jurisdictions, by any
29 authorized representative of the department ~~of Health and~~
30 ~~Rehabilitative Services~~, the Department of Highway Safety and
31 Motor Vehicles, and the Department of Transportation.

1 (b) The department ~~of Health and Rehabilitative~~
2 ~~Services~~, through any authorized representative, is authorized
3 to inspect any records of persons engaged in the
4 transportation of radioactive materials when such records
5 reasonably relate to the method or contents of packing,
6 marking, loading, handling, or shipping of radioactive
7 materials.

8 (c) The department ~~of Health and Rehabilitative~~
9 ~~Services~~, through any authorized representative, is authorized
10 to enter upon and inspect the premises or vehicles of any
11 person engaged in the transportation of radioactive materials,
12 with or without a warrant, for the purpose of determining
13 compliance with the provisions of this section and the rules
14 promulgated hereunder.

15 (6) Any person desiring to transport radioactive
16 materials into or through the borders of this state, destined
17 to a treatment, storage, or disposal facility as defined in
18 the Southeast Interstate Low-Level Radioactive Waste Compact,
19 shall obtain a permit from the department ~~of Health and~~
20 ~~Rehabilitative Services~~ to bring such materials into the
21 state. A permit application shall contain the time at which
22 such radioactive materials will enter the state; a description
23 of the radioactive materials to be shipped; the proposed route
24 over which such radioactive materials will be transported into
25 the state; and, in the event that such radioactive materials
26 will leave the state, the time at which that will occur.

27 (8) Upon a finding by the department ~~of Health and~~
28 ~~Rehabilitative Services~~ that any provision of this section, or
29 of the rules adopted ~~promulgated~~ hereunder, is being violated,
30 it may issue an order requiring correction.

31

1 Section 61. Subsections (1), (2), (3), (4), and (5) of
2 section 404.22, Florida Statutes, are amended to read:

3 404.22 Radiation machines and components;
4 inspection.--

5 (1) The department ~~of Health and Rehabilitative~~
6 ~~Services~~ and its duly authorized agents have the power to
7 inspect in a lawful manner at all reasonable hours any
8 hospital or other health care facility or other place in the
9 state in which a radiation machine is installed for the
10 purpose of determining whether the facility, the radiation
11 machine and its components, the film and film processing
12 equipment, and the resultant image produced meet the standards
13 of the department ~~of Health and Rehabilitative Services~~ as set
14 forth in this chapter and rules adopted pursuant thereto. If,
15 in the opinion of the department, a radiation machine which
16 fails to meet such standards can be made to meet the standards
17 through an adjustment or limitation upon the stations or range
18 of the radiation machine or through the purchase of a
19 component meeting the standards, the department shall order
20 the owner of the radiation machine to make the necessary
21 adjustment or to purchase the necessary component within 90
22 days of the date or receipt of the order. However, if the
23 radiation machine cannot be made to meet the standards, the
24 department shall order the owner to cease the utilization of
25 the radiation machine.

26 (2) Any person who enters the state with a radiation
27 machine or component owned by him for the purpose of
28 installing and utilizing the radiation machine shall register
29 the radiation machine with the department ~~of Health and~~
30 ~~Rehabilitative Services~~. The department shall inspect the
31 radiation machine to determine its compliance with the

1 standards and shall approve or disapprove the radiation
 2 machine or shall order adjustments to the radiation machine in
 3 accordance with the provisions of subsection (1).

4 (3) No person shall sell or offer to sell in this
 5 state any radiation machine or component thereof which does
 6 not meet the standards of the department ~~of Health and~~
 7 ~~Rehabilitative Services~~ or which cannot be adjusted to meet
 8 such standards in accordance with the provisions of subsection
 9 (1).

10 (4) The department ~~of Health and Rehabilitative~~
 11 ~~Services~~ shall enforce the provisions of this section and may
 12 impose an administrative fine, in addition to all other fines
 13 and penalties imposed by law, in an amount of \$1,000 for each
 14 violation of this section.

15 (5)(a) The department may ~~is authorized to~~ charge and
 16 collect reasonable fees annually for the registration and
 17 inspection of radiation machines pursuant to this section.
 18 Such fees shall include the registration fee provided in s.
 19 404.131 and shall be deposited into the Radiation Protection
 20 Trust Fund. Registration shall be on an annual basis.
 21 Registration shall consist of having the registrant file, on
 22 forms prescribed and furnished by the department, information
 23 which includes, but is not limited to: type and number of
 24 radiation machines, location of radiation machines, and
 25 changes in ownership. ~~Subsequent to fiscal year 1981-1982,~~
 26 The department shall establish by rule a ~~an annual~~ fee
 27 schedule based upon the actual costs incurred by the
 28 department in carrying out its registration and inspection
 29 responsibilities, including the salaries, expenses, and
 30 equipment of inspectors, but excluding costs of supervision
 31 and program administration. The fee schedule shall reflect

1 differences in the frequency and complexity of inspections
2 necessary to ensure that the radiation machines are
3 functioning in accordance with the applicable standards
4 developed pursuant to this chapter and rules adopted pursuant
5 hereto.

6 (b) The fee schedule and frequency of inspections
7 shall be determined as follows:

8 1. Radiation machines which are used in the practice
9 of medicine, chiropractic medicine, osteopathic medicine, or
10 naturopathic medicine shall be inspected at least once every 2
11 years, but not more than annually, for an annual fee which is
12 not less than \$83 or more than \$145 for the first radiation
13 machine within an office or facility and not less than \$36 or
14 more than \$85 for each additional radiation machine therein.

15 2. Radiation machines which are used in the practice
16 of veterinary medicine shall be inspected at least once every
17 3 years for an annual fee which is not less than \$28 or more
18 than \$50 for the first radiation machine within an office or
19 facility and not less than \$19 or more than \$34 for each
20 additional radiation machine therein.

21 3. Radiation machines which are used for educational
22 or industrial purposes shall be inspected at least once every
23 3 years for an annual fee which is not less than \$26 or more
24 than \$47 for the first radiation machine within an office or
25 facility and not less than \$12 or more than \$23 for each
26 additional radiation machine therein.

27 4. Radiation machines which are used in the practice

2 has privileges.

14 7. A description of any criminal offense of which the
15 applicant has been found guilty, regardless of whether
16 adjudication of guilt was withheld, or to which the applicant
17 has pled guilty or nolo contendere. A criminal offense
18 committed in another jurisdiction which would have been a
19 felony or misdemeanor if committed in this state must be
20 reported. If the applicant indicates that a criminal offense
21 is under appeal and submits a copy of the notice for appeal of
22 that criminal offense, the department must state that the
23 criminal offense is under appeal if the criminal offense is
24 reported in the applicant's profile. If the applicant
25 indicates to the department that a criminal offense is under
26 appeal, the applicant must, upon disposition of the appeal,
27 submit to the department a copy of the final written order of
28 disposition.

29 8. A description of any final disciplinary action

 13 If the applicant indicates that the disciplinary action is
 14 under appeal and submits a copy of the document initiating an
 15 appeal of the disciplinary action, the department must state

18 (b) In addition to the information required under
 19 paragraph (a), each applicant who seeks licensure under
 20 chapter 458, chapter 459, or chapter 461, Florida Statutes,
 21 and who has practiced previously in this state or in another
 22 jurisdiction or a foreign country must provide the information
 23 required of licensees under those chapters pursuant to section
 24 455.247, Florida Statutes. An applicant for licensure under
 25 chapter 460, Florida Statutes, who has practiced previously in
 26 this state or in another jurisdiction or a foreign country
 27 must provide the same information as is required of licensees
 28 under chapter 458, Florida Statutes, pursuant to section
 29 455.247, Florida Statutes.

30 (2) Before the issuance of the licensure renewal
 31 notice required by section 455.273, Florida Statutes, the

1 Department of Health shall send a notice to each person
2 licensed under chapter 458, chapter 459, chapter 460, or
3 chapter 461, Florida Statutes, at the licensee's last known
4 address of record with the department, regarding the
5 requirements for information to be submitted by those
6 practitioners pursuant to this section in conjunction with the
7 renewal of such license and under procedures adopted by the
8 department.

9 (3) Each person who has submitted information pursuant
10 to subsection (1) must update that information in writing by
11 notifying the Department of Health within 45 days after the
12 occurrence of an event or the attainment of a status that is
13 required to be reported by subsection (1). Failure to comply
14 with the requirements of this subsection to update and submit
15 information constitutes a ground for disciplinary action under
16 each respective licensing chapter and section 455.227(1)(k),
17 Florida Statutes. For failure to comply with the requirements
18 of this subsection to update and submit information, the
19 department or board, as appropriate, may:

20 (a) Refuse to issue a license to any person applying
21 for initial licensure who fails to submit and update the
22 required information.

23 (b) Issue a citation to any licensee who fails to
24 submit and update the required information and may fine the
25 licensee up to \$50 for each day that the licensee is not in
26 compliance with this subsection. The citation must clearly
27 state that the licensee may choose, in lieu of accepting the
28 citation, to follow the procedure under section 455.225,
29 Florida Statutes. If the licensee disputes the matter in the
30 citation, the procedures set forth in section 455.225, Florida
31 Statutes, must be followed. However, if the licensee does not

1 dispute the matter in the citation with the department within
2 30 days after the citation is served, the citation becomes a
3 final order and constitutes discipline. Service of a citation
4 may be made by personal service or certified mail, restricted
5 delivery, to the subject at the licensee's last known address.

6 (4)(a) An applicant for initial licensure must submit
7 a set of fingerprints to the Department of Health in
8 accordance with section 458.311, section 458.313, section
9 459.0055, section 460.406, or section 461.006, Florida
10 Statutes.

11 (b) An applicant for renewed licensure must submit a
12 set of fingerprints for the initial renewal of his or her
13 license after January 1, 2000, to the agency regulating that
14 profession in accordance with procedures established under
15 section 458.319, section 459.008, section 460.407, or section
16 461.007, Florida Statutes.

17 (c) The Department of Health shall submit the
18 fingerprints provided by an applicant for initial licensure to
19 the Florida Department of Law Enforcement for a statewide
20 criminal history check, and the Florida Department of Law
21 Enforcement shall forward the fingerprints to the Federal
22 Bureau of Investigation for a national criminal history check
23 of the applicant. The department shall submit the fingerprints
24 provided by an applicant for a renewed license to the Florida
25 Department of Law Enforcement for a statewide criminal history
26 check, and the Florida Department of Law Enforcement shall
27 forward the fingerprints to the Federal Bureau of
28 Investigation for a national criminal history check for the
29 initial renewal of the applicant's license after January 1,
30 2000; for any subsequent renewal of the applicant's license
31

1 the department shall submit the required information for a
2 statewide criminal history check of the applicant.

3 (5) Each person who is required to submit information
4 pursuant to this section may submit additional information.
5 Such information may include, but is not limited to:

6 (a) Information regarding publications in
7 peer-reviewed medical literature within the previous 10 years.

8 (b) Information regarding professional or
9 community-service activities or awards.

10 (c) Languages, other than English, used by the
11 applicant to communicate with patients and identification of
12 any translating service that may be available at the place
13 where the applicant primarily conducts his or her practice.

14 (d) An indication of whether the person participates
15 in the Medicaid program.

16 Section 128. (1) Beginning July 1, 1999, the
17 Department of Health shall compile the information submitted
18 pursuant to section 1 into a practitioner profile of the
19 applicant submitting the information, except that the
20 Department of Health may develop a format to compile uniformly
21 any information submitted under paragraph 1(4)(b).

22 (2) On the profile required under subsection (1), the
23 department shall indicate if the information provided under
24 section 1(1)(a)7. is not corroborated by a criminal history
25 check conducted according to this subsection. If the
26 information provided under section 1(1)(a)7. is corroborated
27 by the criminal history check, the fact that the criminal
28 history check was performed need not be indicated on the
29 profile. The department, or the board having regulatory
30 authority over the practitioner acting on behalf of the
31 department, shall investigate any information received by the

1 department or the board when it has reasonable grounds to
 2 believe that the practitioner has violated any law that
 3 relates to the practitioner's practice.

4 (3) The Department of Health may include in each
 5 practitioner's practitioner profile that criminal information
 6 that directly relates to the practitioner's ability to
 7 competently practice his or her profession. The department
 8 must include in each practitioner's practitioner profile the
 9 following statement: "The criminal history information, if
 10 any exists, may be incomplete; federal criminal history
 11 information is not available to the public."

12 (4) The Department of Health shall include, with
 13 respect to a practitioner licensed under chapter 458 or
 14 chapter 459, Florida Statutes, a statement of how the
 15 practitioner has elected to comply with the financial
 16 responsibility requirements of section 458.320 or section
 17 459.0085, Florida Statutes. The department shall include, with
 18 respect to practitioners licensed under chapter 458, chapter
 19 459, or chapter 461, Florida Statutes, information relating to
 20 liability actions which has been reported under section
 21 455.247 or section 627.912, Florida Statutes, within the
 22 previous 10 years for any paid claim that exceeds \$5,000. Such
 23 claims information shall be reported in the context of
 24 comparing an individual practitioner's claims to the
 25 experience of other physicians within the same specialty to
 26 the extent such information is available to the Department of
 27 Health. If information relating to a liability action is
 28 included in a practitioner's practitioner profile, the profile
 29 must also include the following statement: "Settlement of a
 30 claim may occur for a variety of reasons that do not
 31 necessarily reflect negatively on the professional competence

1 or conduct of the physician. A payment in settlement of a
2 medical malpractice action or claim should not be construed as
3 creating a presumption that medical malpractice has occurred."

4 (5) The Department of Health may include in the
5 practitioner's practitioner profile any other information that
6 is a public record of any governmental entity and that relates
7 to a practitioner's ability to competently practice his or her
8 profession. However, the department must consult with the
9 board having regulatory authority over the practitioner before
10 such information is included in his or her profile.

11 (6) Upon the completion of a practitioner profile
12 under this section, the Department of Health shall furnish the
13 practitioner who is the subject of the profile a copy of it.
14 The practitioner has a period of 30 days in which to review
15 the profile and to correct any factual inaccuracies in it.
16 The Department of Health shall make the profile available to
17 the public at the end of the 30-day period. The department
18 shall make the profiles available to the public through the
19 World Wide Web and other commonly used means of distribution.

20 (7) Making a practitioner profile available to the
21 public under this section does not constitute agency action
22 for which a hearing under section 120.57, Florida Statutes,
23 may be sought.

24 Section 129. The Department of Health shall update
25 each practitioner's practitioner profile periodically. An
26 updated profile is subject to the same requirements as an
27 original profile with respect to the period within which the
28 practitioner may review the profile for the purpose of
29 correcting factual inaccuracies.

30 Section 130. Effective upon this act becoming a law,
31 the Department of Health must develop or contract for a

1 computer system to accommodate the new data collection and
2 storage requirements under this act pending the development
3 and operation of a computer system by the Department of Health
4 for handling the collection, input, revision, and update of
5 data submitted by physicians as a part of their initial
6 licensure or renewal to be compiled into individual
7 practitioner profiles. The Department of Health must
8 incorporate any data required by this act into the computer
9 system used in conjunction with the regulation of health care
10 professions under its jurisdiction. The department must
11 develop, by the year 2000, a schedule and procedures for each
12 practitioner within a health care profession regulated within
13 the Division of Medical Quality Assurance to submit relevant
14 information to be compiled into a profile to be made available
15 to the public. The Department of Health is authorized to
16 contract with and negotiate any interagency agreement
17 necessary to develop and implement the practitioner profiles.
18 The Department of Health shall have access to any information
19 or record maintained by the Agency for Health Care
20 Administration, including any information or record that is
21 otherwise confidential and exempt from the provisions of
22 chapter 119, Florida Statutes, and Section 24(a), Article I of
23 the State Constitution, so that the Department of Health may
24 corroborate any information that physicians are required to
25 report under section 1 of this act.

26 Section 131. Effective upon this act becoming a law,
27 the Department of Health shall adopt rules for the form of a
28 practitioner profile that the agency is required to prepare.
29 The Department of Health, pursuant to chapter 120, Florida
30 Statutes, must hold public workshops for purposes of rule
31 development to implement this section. An agency to which

1 information is to be submitted under this act may adopt by
2 rule a form for the submission of the information required
3 under section 1.

4 Section 132. Information in superseded practitioner
5 profiles must be maintained by the Department of Health, in
6 accordance with general law and the rules of the Department of
7 State.

8 Section 133. Paragraph (g) is added to subsection (1)
9 of section 458.311, Florida Statutes, 1996 Supplement, to
10 read:

11 458.311 Licensure by examination; requirements;
12 fees.--

13 (1) Any person desiring to be licensed as a physician
14 shall apply to the department to take the licensure
15 examination. The department shall examine each applicant whom
16 the board certifies:

17 (g) Has submitted to the department a set of
18 fingerprints on a form and under procedures specified by the
19 department, along with a payment in an amount equal to the
20 costs incurred by the Department of Health for the criminal
21 background check of the applicant.

22 Section 134. Subsection (1) of section 458.313,
23 Florida Statutes, 1996 Supplement, is amended to read:

24 458.313 Licensure by endorsement; requirements;
25 fees.--

26 (1) The department shall issue a license by
27 endorsement to any applicant who, upon applying to the
28 department and remitting a fee not to exceed \$500 set by the
29 board, demonstrates to the board that he:

30 (a) Has met the qualifications for licensure in s.
31 458.311(1)(b)-(g)s. ~~458.311(1)(b)-(f);~~

1 (b) Has obtained a passing score, as established by
2 rule of the board, on the licensure examination of the
3 Federation of State Medical Boards of the United States, Inc.
4 (FLEX), the United States Medical Licensing Examination
5 (USMLE), or the examination of the National Board of Medical
6 Examiners, or on a combination thereof, provided that said
7 examination or combination of examinations required shall have
8 been so taken within the 10 years immediately preceding the
9 filing of his application for licensure under this section;
10 and

11 (c) Shows evidence of the active licensed practice of

20 of the renewal application, evidence that the applicant has
21 actively practiced medicine or has been on the active teaching
22 faculty of an accredited medical school within the previous 4
23 years, and a fee not to exceed \$500; provided, however, that
24 if the licensee is either a resident physician, assistant
25 resident physician, fellow, house physician, or intern in an
26 approved postgraduate training program, as defined by the
27 board by rule, the fee shall not exceed \$100 per annum. If
28 the licensee has not actively practiced medicine within the
29 previous 4 years, the board shall require that the licensee
30 successfully complete a board-approved clinical competency
31 examination prior to renewal of the license. "Actively

1 practiced medicine" means that practice of medicine by
2 physicians, including those employed by any governmental
3 entity in community or public health, as defined by this
4 chapter, including physicians practicing administrative
5 medicine. An applicant for a renewed license must also submit
6 the information required under section 1 to the department on
7 a form and under procedures specified by the department, along
8 with payment in an amount equal to the costs incurred by the
9 Department of Health for the statewide criminal background
10 check of the applicant. The applicant must submit a set of
11 fingerprints to the Department of Health on a form and under
12 procedures specified by the department, along with payment in
13 an amount equal to the costs incurred by the department for a
14 national criminal background check of the applicant for the
15 initial renewal of his or her license after January 1, 2000.
16 If the applicant fails to submit either the information
17 required under section 1 or a set of fingerprints to the
18 department as required by this section, the department shall
19 issue a notice of noncompliance, and the applicant will be
20 given 30 additional days to comply. If the applicant fails to
21 comply within 30 days after the notice of noncompliance is
22 issued, the department or board, as appropriate, may issue a
23 citation to the applicant and may fine the applicant up to \$50
24 for each day that the applicant is not in compliance with the
25 requirements of section 1 of this act. The citation must
26 clearly state that the applicant may choose, in lieu of
27 accepting the citation, to follow the procedure under s.
28 455.225. If the applicant disputes the matter in the citation,
29 the procedures set forth in s. 455.225 must be followed.
30 However, if the applicant does not dispute the matter in the
31 citation with the department within 30 days after the citation

1 is served, the citation becomes a final order and constitutes
2 discipline. Service of a citation may be made by personal
3 service or certified mail, restricted delivery, to the subject
4 at the applicant's last known address. If an applicant has
5 submitted fingerprints to the department for a national
6 criminal history check upon initial licensure and is renewing
7 his or her license for the first time, then the applicant need
8 only submit the information and fee required for a statewide
9 criminal history check.

25 applicant's present ability and fitness to practice
26 osteopathic medicine;

27 (f) Not be under investigation in any jurisdiction for
28 an act which would constitute a violation of this chapter.

29 If, upon completion of such investigation, it is determined
30 that the applicant has committed an act which would constitute
31 a violation of this chapter, the applicant shall be ineligible

1 for licensure unless the board determines that such act does
2 not adversely affect the applicant's present ability and
3 fitness to practice osteopathic medicine;

4 (g) Have not had an application for a license to
5 practice osteopathic medicine denied or a license to practice
6 osteopathic medicine revoked, suspended, or otherwise acted
7 against by the licensing authority of any jurisdiction unless
8 the board determines that the grounds on which such action was
9 taken do not adversely affect the applicant's present ability
10 and fitness to practice osteopathic medicine. A licensing
11 authority's acceptance of a physician's relinquishment of
12 license, stipulation, consent order, or other settlement,

19 applicable;

20 (i) Submit to the department a set of fingerprints on
21 a form and under procedures specified by the department, along
22 with a payment in an amount equal to the costs incurred by the
23 Department of Health for the criminal background check of the
24 applicant.

25 Section 137. Subsection (1) of section 459.008,
26 Florida Statutes, is amended to read:

28 (1) The department shall renew a license or
29 certificate upon receipt of the renewal application and fee.
30 An applicant for a renewed license must also submit the
31 information required under section 1 to the department on a

1 form and under procedures specified by the department, along
2 with payment in an amount equal to the costs incurred by the
3 Department of Health for the statewide criminal background
4 check of the applicant. The applicant must submit a set of
5 fingerprints to the Department of Health on a form and under
6 procedures specified by the department, along with payment in
7 an amount equal to the costs incurred by the Department for a
8 national criminal background check of the applicant for the
9 initial renewal of his or her license after January 1, 2000.
10 If the applicant fails to submit either the information
11 required under section 1 or a set of fingerprints to the
12 department as required by this section, the department shall
13 issue a notice of noncompliance, and the applicant will be
14 given 30 additional days to comply. If the applicant fails to
15 comply within 30 days after the notice of noncompliance is
16 issued, the department or board, as appropriate, may issue a
17 citation to the applicant and may fine the applicant up to \$50
18 for each day that the applicant is not in compliance with the
19 requirements of section 1 of this act. The citation must
20 clearly state that the applicant may choose, in lieu of
21 accepting the citation, to follow the procedure under s.
22 455.225. If the applicant disputes the matter in the citation,
23 the procedures set forth in s. 455.225 must be followed.
24 However, if the applicant does not dispute the matter in the
25 citation with the department within 30 days after the citation
26 is served, the citation becomes a final order and constitutes
27 discipline. Service of a citation may be made by personal
28 service or certified mail, restricted delivery, to the subject
29 at the applicant's last known address. If an applicant has
30 submitted fingerprints to the department for a national
31 criminal history check upon initial licensure and is renewing

1 his or her license for the first time, then the applicant need
2 only submit the information and fee required for a statewide
3 criminal history check.

16 issued, the department or board, as appropriate, may issue a
17 citation to the applicant and may fine the applicant up to \$50
18 for each day that the applicant is not in compliance with the
19 requirements of section 1 of this act. The citation must
20 clearly state that the applicant may choose, in lieu of
21 accepting the citation, to follow the procedure under s.
22 455.225. If the applicant disputes the matter in the citation,
23 the procedures set forth in s. 455.225 must be followed.
24 However, if the applicant does not dispute the matter in the
25 citation with the department within 30 days after the citation
26 is served, the citation becomes a final order and constitutes
27 discipline. Service of a citation may be made by personal
28 service or certified mail, restricted delivery, to the subject
29 at the applicant's last known address. If an applicant has
30 submitted fingerprints to the department for a national
31 criminal history check upon initial licensure and is renewing

15 background check of the applicant.

16 Section 141. Subsection (1) of section 461.007,
17 Florida Statutes, is amended to read:

18 461.007 Renewal of license.--

19 (1) The department shall renew a license upon receipt
20 of the renewal application and a fee not to exceed \$350 set by
21 the board. An applicant for a renewed license must also submit
22 the information required under section 1 to the department on
23 a form and under procedures specified by the department, along
24 with payment in an amount equal to the costs incurred by the
25 Department of Health for the statewide criminal background
26 check of the applicant. The applicant must submit a set of
27 fingerprints to the Department of Health on a form and under
28 procedures specified by the department, along with payment in
29 an amount equal to the costs incurred by the department for a
30 national criminal background check of the applicant for the
31 initial renewal of his or her license after January 1, 2000.

1 If the applicant fails to submit either the information
 2 required under section 1 or a set of fingerprints to the
 3 department as required by this section, the department shall
 4 issue a notice of noncompliance, and the applicant will be
 5 given 30 additional days to comply. If the applicant fails to
 6 comply within 30 days after the notice of noncompliance is
 7 issued, the department or board, as appropriate, may issue a
 8 citation to the applicant and may fine the applicant up to \$50
 9 for each day that the applicant is not in compliance with the
 10 requirements of section 1 of this act. The citation must
 11 clearly state that the applicant may choose, in lieu of
 12 accepting the citation, to follow the procedure under s.
 13 455.225. If the applicant disputes the matter in the citation,
 14 the procedures set forth in s. 455.225 must be followed.
 15 However, if the applicant does not dispute the matter in the
 16 citation with the department within 30 days after the citation
 17 is served, the citation becomes a final order and constitutes
 18 discipline. Service of a citation may be made by personal
 19 service or certified mail, restricted delivery, to the subject
 20 at the applicant's last known address. If an applicant has
 21 submitted fingerprints to the department for a national
 22 criminal history check upon initial licensure and is renewing
 23 his or her license for the first time, then the applicant need
 24 only submit the information and fee required for a statewide
 25 criminal history check.

26 Section 142. Section 455.225, Florida Statutes, 1996
 27 Supplement, is amended to read:

28 455.225 Disciplinary proceedings.--Disciplinary
 29 proceedings for each board shall be within the jurisdiction of
 30 the department or the Agency for Health Care Administration,
 31 as appropriate.

1 (1)(a) The department or the Agency for Health Care
2 Administration, for the boards under their respective
3 jurisdictions, shall cause to be investigated any complaint
4 that is filed before it if the complaint is in writing, signed
5 by the complainant, and legally sufficient. A complaint is
6 legally sufficient if it contains ultimate facts that show
7 that a violation of this chapter, of any of the practice acts
8 relating to the professions regulated by the department or the
9 agency, or of any rule adopted by the department, the agency,
10 or a regulatory board in the department or the agency has
11 occurred. In order to determine legal sufficiency, the
12 department or the agency may require supporting information or
13 documentation. The department or the agency may investigate,
14 and the department, the agency, or the appropriate board may
15 take appropriate final action on, a complaint even though the
16 original complainant withdraws it or otherwise indicates a
17 desire not to cause the complaint to be investigated or
18 prosecuted to completion. The department or the agency may
19 investigate an anonymous complaint if the complaint is in
20 writing and is legally sufficient, if the alleged violation of
21 law or rules is substantial, and if the department or the
22 agency has reason to believe, after preliminary inquiry, that
23 the alleged violations in the complaint are true. The
24 department or the agency may investigate a complaint made by a
25 confidential informant if the complaint is legally sufficient,
26 if the alleged violation of law or rule is substantial, and if
27 the department or the agency has reason to believe, after
28 preliminary inquiry, that the allegations of the complainant
29 are true. The department or the agency may initiate an
30 investigation if it has reasonable cause to believe that a
31 licensee or a group of licensees has violated a Florida

1 statute, a rule of the department, a rule of the agency, or a
2 rule of a board.

3 **(b)** Except as provided in ss. 458.331(9), 459.015(9),
4 460.413(5), and 461.013(6), when an investigation of any
5 subject is undertaken, the department or the agency shall
6 promptly furnish to the subject or the subject's attorney a
7 copy of the complaint or document that resulted in the
8 initiation of the investigation. The subject may submit a
9 written response to the information contained in such
10 complaint or document within 20 days after service to the
11 subject of the complaint or document. The subject's written
12 response shall be considered by the probable cause panel. The
13 right to respond does not prohibit the issuance of a summary
14 emergency order if necessary to protect the public. However,
15 if the secretary, or the secretary's designee, and the
16 chairman of the respective board or the chairman of its
17 probable cause panel agree in writing that such notification
18 would be detrimental to the investigation, the department or
19 the agency may withhold notification. The department or the
20 agency may conduct an investigation without notification to
21 any subject if the act under investigation is a criminal
22 offense.

23 (2) The department and the Agency for Health Care
24 Administration shall allocate sufficient and adequately
25 trained staff to expeditiously and thoroughly determine legal
26 sufficiency and investigate all legally sufficient complaints.
27 For purposes of this section, it is the intent of the
28 Legislature that the term "expeditiously" means that the
29 agency, for disciplinary cases under its jurisdiction, should
30 complete the report of its initial investigative findings and
31 recommendations concerning the existence of probable cause

1 within 6 months after its receipt of the complaint. The
 2 failure of the agency, for disciplinary cases under its
 3 jurisdiction, to comply with the time limits of this section
 4 while investigating a complaint against a licensee constitutes
 5 harmless error in any subsequent disciplinary action unless a
 6 court finds that either the fairness of the proceeding or the
 7 correctness of the action may have been impaired by a material
 8 error in procedure or a failure to follow prescribed
 9 procedure.When its investigation is complete and legally
 10 sufficient, the department or the agency shall prepare and
 11 submit to the probable cause panel of the appropriate
 12 regulatory board the investigative report of the department or
 13 the agency. The report shall contain the investigative
 14 findings and the recommendations of the department or the
 15 agency concerning the existence of probable cause. At any time
 16 after legal sufficiency is found, the department or the agency
 17 may dismiss any case, or any part thereof, if the department
 18 or the agency determines that there is insufficient evidence
 19 to support the prosecution of allegations contained therein.
 20 The department or the agency shall provide a detailed report
 21 to the appropriate probable cause panel prior to dismissal of
 22 any case or part thereof, and to the subject of the complaint
 23 after dismissal of any case or part thereof, under this
 24 section. For cases dismissed prior to a finding of probable
 25 cause, such report is confidential and exempt from s.
 26 119.07(1). The probable cause panel shall have access, upon
 27 request, to the investigative files pertaining to a case prior
 28 to dismissal of such case. If the department or the agency
 29 dismisses a case, the probable cause panel may retain
 30 independent legal counsel, employ investigators, and continue
 31

1 the investigation and prosecution of the case as it deems
 2 necessary.

3 (3) As an alternative to the provisions of subsections
 4 (1) and (2), when a complaint is received, the department or
 5 the agency may provide a licensee with a notice of
 6 noncompliance for an initial offense of a minor violation.
 7 Each board, or the department or the agency if there is no
 8 board, shall establish by rule those minor violations under
 9 this provision which do not endanger the public health,
 10 safety, and welfare and which do not demonstrate a serious
 11 inability to practice the profession. Failure of a licensee to
 12 take action in correcting the violation within 15 days after
 13 notice may result in the institution of regular disciplinary
 14 proceedings.

15 (4) The determination as to whether probable cause
 16 exists shall be made by majority vote of a probable cause
 17 panel of the board, or by the department or the Agency for
 18 Health Care Administration, as appropriate. Each regulatory
 19 board shall provide by rule that the determination of probable
 20 cause shall be made by a panel of its members or by the
 21 department or the agency. Each board may provide by rule for
 22 multiple probable cause panels composed of at least two
 23 members. Each board may provide by rule that one or more
 24 members of the panel or panels may be a former board member.
 25 The length of term or repetition of service of any such former
 26 board member on a probable cause panel may vary according to
 27 the direction of the board when authorized by board rule. Any
 28 probable cause panel must include one of the board's former or
 29 present consumer members, if one is available, willing to
 30 serve, and is authorized to do so by the board chairman. Any
 31 probable cause panel must include a present board member. Any

1 probable cause panel must include a former or present
2 professional board member. However, any former professional
3 board member serving on the probable cause panel must hold an
4 active valid license for that profession. All proceedings of
5 the panel are exempt from s. 286.011 until 10 days after
6 probable cause has been found to exist by the panel or until
7 the subject of the investigation waives his privilege of
8 confidentiality. The probable cause panel may make a
9 reasonable request, and upon such request the department or
10 the agency shall provide such additional investigative
11 information as is necessary to the determination of probable
12 cause. A request for additional investigative information
13 shall be made within 15 days from the date of receipt by the
14 probable cause panel of the investigative report of the
15 department or the agency. The probable cause panel or the
16 department or the agency, as may be appropriate, shall make
17 its determination of probable cause within 30 days after
18 receipt by it of the final investigative report of the
19 department or the agency. The secretary may grant extensions
20 of the 15-day and the 30-day time limits. ~~If the probable
21 cause panel does not find probable cause within the 30-day
22 time limit, as may be extended, or if the probable cause panel
23 finds no probable cause, the department or the agency may
24 determine, within 10 days after the panel fails to determine
25 probable cause or 10 days after the time limit has elapsed,
26 that probable cause exists.~~In lieu of a finding of probable
27 cause, the probable cause panel, or the department or the
28 agency when there is no board, may issue a letter of guidance
29 to the subject. If, within the 30-day time limit, as may be
30 extended, the probable cause panel does not make a
31 determination regarding the existence of probable cause or

1 does not issue a letter of guidance in lieu of a finding of
2 probable cause, the agency, for disciplinary cases under its
3 jurisdiction, must make a determination regarding the
4 existence of probable cause within 10 days after the
5 expiration of the time limit. If the probable cause panel
6 finds that probable cause exists, it shall direct the
7 department or the agency to file a formal complaint against
8 the licensee. The department or the agency shall follow the
9 directions of the probable cause panel regarding the filing of
10 a formal complaint. If directed to do so, the department or
11 the agency shall file a formal complaint against the subject
12 of the investigation and prosecute that complaint pursuant to
13 chapter 120. However, the department or the agency may decide
14 not to prosecute the complaint if it finds that probable cause
15 had been improvidently found by the panel. In such cases, the
16 department or the agency shall refer the matter to the board.
17 The board may then file a formal complaint and prosecute the
18 complaint pursuant to chapter 120. The department or the
19 agency shall also refer to the board any investigation or
20 disciplinary proceeding not before the Division of
21 Administrative Hearings pursuant to chapter 120 or otherwise
22 completed by the department or the agency within 1 year after
23 the filing of a complaint. The agency, for disciplinary cases
24 under its jurisdiction, must establish a uniform reporting
25 system to quarterly refer to each board the status of any
26 investigation or disciplinary proceeding that is not before
27 the Division of Administrative Hearings or otherwise completed
28 by the department or agency within 1 year after the filing of
29 the complaint. Annually, the agency, for disciplinary cases
30 under its jurisdiction if there is no board, or each board
31 must establish a plan to reduce or otherwise close any

1 investigation or disciplinary proceeding that is not before
2 the Division of Administrative Hearings or otherwise completed
3 by the agency within 1 year after the filing of the complaint.

4 A probable cause panel or a board may retain independent legal
5 counsel, employ investigators, and continue the investigation
6 as it deems necessary; all costs thereof shall be paid from
7 the Health Care Trust Fund or the Professional Regulation
8 Trust Fund, as appropriate. All proceedings of the probable
9 cause panel are exempt from s. 120.525.

10 (5) A formal hearing before an administrative law
11 judge from the Division of Administrative Hearings shall be
12 held pursuant to chapter 120 if there are any disputed issues
13 of material fact. The administrative law judge shall issue a
14 recommended order pursuant to chapter 120. If any party raises
15 an issue of disputed fact during an informal hearing, the
16 hearing shall be terminated and a formal hearing pursuant to
17 chapter 120 shall be held.

18 (6) The appropriate board, with those members of the
19 panel, if any, who reviewed the investigation pursuant to
20 subsection (4) being excused, or the department when there is
21 no board, shall determine and issue the final order in each
22 disciplinary case. Such order shall constitute final agency
23 action. Any consent order or agreed settlement shall be
24 subject to the approval of the department or the agency.

25 (7) The department or the Agency for Health Care
26 Administration, as appropriate, shall have standing to seek
27 judicial review of any final order of the board, pursuant to
28 s. 120.68.

29 (8) Any proceeding for the purpose of summary
30 suspension of a license, or for the restriction of the
31 license, of a licensee pursuant to s. 120.60(6) shall be

1 conducted by the Secretary of Business and Professional
2 Regulation or his designee or the Director of Health Care
3 Administration or his designee, as appropriate, who shall
4 issue the final summary order.

5 (9)(a) The department or the Agency for Health Care
6 Administration, as appropriate, shall periodically notify the
7 person who filed the complaint of the status of the
8 investigation, whether probable cause has been found, and the
9 status of any civil action or administrative proceeding or
10 appeal.

11 (b) In any disciplinary case under the jurisdiction of
12 the Agency for Health Care Administration for which probable
13 cause has been found, the Agency for Health Care
14 Administration shall provide to the person who filed the
15 complaint a copy of the administrative complaint and:

16 1. A written explanation of how an administrative
17 complaint is resolved by the disciplinary process.

18 2. A written explanation of how and when the person
19 may participate in the disciplinary process.

20 3. A written notice of any hearing before the Division
21 of Administrative Hearings or the regulatory board at which
22 final agency action may be taken.

23 (c) In any disciplinary case for which probable cause
24 is not found, the Agency for Health Care Administration shall
25 so inform the person who filed the complaint and notify that
26 person that he or she may, within 60 days, provide any
27 additional information to the probable cause panel which may
28 be relevant to the decision. In any administrative proceeding
29 under s. 120.57, the person who filed the disciplinary
30 complaint shall have the right to present oral or written
31

1 communication relating to the alleged disciplinary violations
2 or to the appropriate penalty.

3 (10) The complaint and all information obtained
4 pursuant to the investigation by the department or the Agency
5 for Health Care Administration are confidential and exempt
6 from s. 119.07(1) until 10 days after probable cause has been
7 found to exist by the probable cause panel or by the
8 department or the agency, or until the regulated professional
9 or subject of the investigation waives his privilege of
10 confidentiality, whichever occurs first. Upon completion of
11 the investigation and pursuant to a written request by the
12 subject, the department or the agency shall provide the
13 subject an opportunity to inspect the investigative file or,
14 at the subject's expense, forward to the subject a copy of the
15 investigative file. Notwithstanding s. 455.241, the subject
16 may inspect or receive a copy of any expert witness report or
17 patient record connected with the investigation, if the
18 subject agrees in writing to maintain the confidentiality of
19 any information received under this subsection until 10 days
20 after probable cause is found and to maintain the
21 confidentiality of patient records pursuant to s. 455.241. The
22 subject may file a written response to the information
23 contained in the investigative file. Such response must be
24 filed within 20 days, unless an extension of time has been
25 granted by the department or the agency. This subsection does
26 not prohibit the department or the Agency for Health Care
27 Administration from providing such information to any law
28 enforcement agency or to any other regulatory agency.

29 (11) A privilege against civil liability is hereby
30 granted to any complainant or any witness with regard to
31 information furnished with respect to any investigation or

1 proceeding pursuant to this section, unless the complainant or
2 witness acted in bad faith or with malice in providing such
3 information.

4 (12)(a) No person who reports in any capacity, whether
5 or not required by law, information to the department or the
6 Division of Health Quality Assurance of the Agency for Health
7 Care Administration with regard to the incompetence,
8 impairment, or unprofessional conduct of any health care
9 provider licensed under chapter 458, chapter 459, chapter 460,
10 chapter 461, chapter 462, chapter 463, chapter 464, chapter
11 465, or chapter 466 shall be held liable in any civil action
12 for reporting against such health care provider if such person
13 acts without intentional fraud or malice.

14 (b) No facility licensed under chapter 395, health
15 maintenance organization certificated under part I of chapter
16 641, physician licensed under chapter 458, or osteopathic
17 physician licensed under chapter 459 shall discharge, threaten
18 to discharge, intimidate, or coerce any employee or staff
19 member by reason of such employee's or staff member's report
20 to the agency about a physician licensed under chapter 458,
21 chapter 459, chapter 460, chapter 461, or chapter 466 who may
22 be guilty of incompetence, impairment, or unprofessional
23 conduct so long as such report is given without intentional
24 fraud or malice.

25 (c) In any civil suit brought outside the protections
26 of paragraphs (a) and (b), where intentional fraud or malice
27 is alleged, the person alleging intentional fraud or malice
28 shall be liable for all court costs and for the other party's
29 reasonable attorney's fees if intentional fraud or malice is
30 not proved.

31

1 Section 143. Present subsections (8) and (9) of
2 section 455.2285, Florida Statutes, are renumbered as
3 subsections (9) and (10), respectively, and a new subsection
4 (8) is added to that section, to read:

5 455.2285 Annual report concerning finances,
6 administrative complaints, disciplinary actions, and
7 recommendations.--The department and the Agency for Health
8 Care Administration are each directed to prepare and submit a
9 report to the President of the Senate and Speaker of the House
10 of Representatives by November 1 of each year. In addition to
11 finances and any other information the Legislature may
12 require, the report shall include statistics and relevant
13 information, profession by profession, detailing:

14 (8) A description of any effort by the agency, for any
15 disciplinary cases under its jurisdiction, to reduce or
16 otherwise close any investigation or disciplinary proceeding
17 not before the Division of Administrative Hearings under
18 chapter 120 or otherwise not completed within 1 year after the
19 initial filing of a complaint under this chapter.

20 Section 144. Subsection (5) of section 458.320,
21 Florida Statutes, 1996 Supplement, is amended to read:

22 458.320 Financial responsibility.--

23 (5) The requirements of subsections (1), (2), and (3)
24 shall not apply to:

25 (a) Any person licensed under this chapter who
26 practices medicine exclusively as an officer, employee, or
27 agent of the Federal Government or of the state or its
28 agencies or its subdivisions. For the purposes of this
29 subsection, an agent of the state, its agencies, or its
30 subdivisions is a person who is eligible for coverage under
31

1 any self-insurance or insurance program authorized by the
2 provisions of s. 768.28(14).

3 (b) Any person whose license has become inactive under
4 this chapter and who is not practicing medicine in this state.
5 Any person applying for reactivation of a license must show
6 either that such licensee maintained tail insurance coverage
7 which provided liability coverage for incidents that occurred
8 on or after January 1, 1987, or the initial date of licensure
9 in this state, whichever is later, and incidents that occurred
10 before the date on which the license became inactive; or such
11 licensee must submit an affidavit stating that such licensee
12 has no unsatisfied medical malpractice judgments or
13 settlements at the time of application for reactivation.

14 (c) Any person holding a limited license pursuant to
15 s. 458.317 and practicing under the scope of such limited
16 license.

17 (d) Any person licensed or certified under this
18 chapter who practices only in conjunction with his teaching
19 duties at an accredited medical school or in its main teaching
20 hospitals. Such person may engage in the practice of medicine
21 to the extent that such practice is incidental to and a
22 necessary part of duties in connection with the teaching
23 position in the medical school.

24 (e) Any person holding an active license under this
25 chapter who is not practicing medicine in this state. If such
26 person initiates or resumes any practice of medicine in this
27 state, he must notify the department of such activity.

28 (f) Any person holding an active license under this
29 chapter who meets all of the following criteria:
30
31

1 1. The licensee has held an active license to practice
2 in this state or another state or some combination thereof for
3 more than 15 years.

4 2. The licensee has either retired from the practice
5 of medicine or maintains a part-time practice of no more than
6 1,000 patient contact hours per year.

7 3. The licensee has had no more than two claims for
8 medical malpractice resulting in an indemnity exceeding
9 \$10,000 within the previous 5-year period.

10 4. The licensee has not been convicted of, or pled
11 guilty or nolo contendere to, any criminal violation specified
12 in this chapter or the medical practice act of any other
13 state.

14 5. The licensee has not been subject within the last
15 10 years of practice to license revocation or suspension for
16 any period of time; probation for a period of 3 years or
17 longer; or a fine of \$500 or more for a violation of this
18 chapter or the medical practice act of another jurisdiction.
19 The regulatory agency's acceptance of a physician's
20 relinquishment of a license, stipulation, consent order, or
21 other settlement, offered in response to or in anticipation of
22 the filing of administrative charges against the physician's
23 license, shall be construed as action against the physician's
24 license for the purposes of this paragraph.

25 6. The licensee has submitted a form supplying
26 necessary information as required by the department and an
27 affidavit affirming compliance with the provisions of this
28 paragraph.

29 7. The licensee shall submit biennially to the
30 department certification stating compliance with the
31 provisions of this paragraph. The licensee shall, upon

1 request, demonstrate to the department information verifying
2 compliance with this paragraph.

3
4 A licensee who meets the requirements of this paragraph shall
5 be required either to post notice in the form of a sign
6 prominently displayed in the reception area and clearly
7 noticeable by all patients or provide a written statement to
8 any person to whom medical services are being provided. Such
9 sign or statement shall state that: Under Florida law,
10 physicians are generally required to carry medical malpractice
11 insurance or otherwise demonstrate financial responsibility to
12 cover potential claims for medical malpractice. However,
13 certain part-time physicians who meet state requirements are
14 exempt from the financial responsibility law. YOUR DOCTOR
15 MEETS THESE REQUIREMENTS AND HAS DECIDED NOT TO CARRY MEDICAL
16 MALPRACTICE INSURANCE. This notice is provided pursuant to
17 Florida law.

18 (g) Any person holding an active license under this
19 chapter who agrees to meet all of the following criteria:

20 1. Upon the entry of an adverse final judgment arising
21 from a medical malpractice arbitration award, from a claim of
22 medical malpractice either in contract or tort, or from
23 noncompliance with the terms of a settlement agreement arising
24 from a claim of medical malpractice either in contract or
25 tort, the licensee shall pay the judgment creditor the lesser
26 of the entire amount of the judgment with all accrued interest
27 or either \$100,000, if the physician is licensed pursuant to
28 this chapter but does not maintain hospital staff privileges,
29 or \$250,000, if the physician is licensed pursuant to this
30 chapter and maintains hospital staff privileges, within 60
31 days after the date such judgment became final and subject to

1 execution, unless otherwise mutually agreed to in writing by
2 the parties. Such adverse final judgment shall include any
3 cross-claim, counterclaim, or claim for indemnity or
4 contribution arising from the claim of medical malpractice.
5 Upon notification of the existence of an unsatisfied judgment
6 or payment pursuant to this subparagraph, the department shall
7 notify the licensee by certified mail that he shall be subject
8 to disciplinary action unless, within 30 days from the date of
9 mailing, he either:

10 a. Shows proof that the unsatisfied judgment has been
11 paid in the amount specified in this subparagraph; or

12 b. Furnishes the department with a copy of a timely
13 filed notice of appeal and either:

14 (I) A copy of a supersedeas bond properly posted in
15 the amount required by law; or

16 (II) An order from a court of competent jurisdiction
17 staying execution on the final judgment pending disposition of
18 the appeal.

19 2. The Department of Health shall issue an emergency
20 order suspending the license of any licensee who, after 30
21 days following receipt of a notice from the Department of
22 Health, has failed to: satisfy a medical malpractice claim
23 against him or her; furnish the Department of Health a copy of
24 a timely filed notice of appeal; furnish the Department of
25 Health a copy of a supersedeas bond properly posted in the
26 amount required by law; or furnish the Department of Health an
27 order from a court of competent jurisdiction staying execution
28 on the final judgment pending disposition of the appeal.

29 ~~3.2.~~ Upon the next meeting of the probable cause panel
30 of the board following 30 days after the date of mailing the
31 notice of disciplinary action to the licensee, the panel shall

1 make a determination of whether probable cause exists to take
2 disciplinary action against the licensee pursuant to
3 subparagraph 1.

4 ~~4.3.~~ If the board determines that the factual
5 requirements of subparagraph 1. are met, it shall take
6 disciplinary action as it deems appropriate against the
7 licensee. Such disciplinary action shall include, at a
8 minimum, probation of the license with the restriction that
9 the licensee must make payments to the judgment creditor on a
10 schedule determined by the board to be reasonable and within
11 the financial capability of the physician. Notwithstanding any
12 other disciplinary penalty imposed, the disciplinary penalty
13 may include suspension of the license for a period not to
14 exceed 5 years. In the event that an agreement to satisfy a
15 judgment has been met, the board shall remove any restriction
