The ECUA was created for the purpose of acquiring, constructing, financing, owning, managing, providing, promoting, improving, expanding, maintaining, operating, regulating, franchising, and otherwise having plenary authority with respect to certain utility systems within the territorial limits of Escambia County, Florida and areas adjacent thereto. The ECUA has all powers with regard to water, sewer, and natural gas, and such other additional utilities as may be designated.

The governing body of the ECUA consists of 7 elected members who are elected by a majority of their electors in nonpartisan elections.
