- (1) Sections 163.2511-163.2529, may be cited as the "Urban Infill and Redevelopment Act."

  (2) It is found and declared that:

  (a) Fiscally strong urban centers are beneficial to
- (a) Fiscally strong urban centers are beneficial to regional and state economies and resources, are a method for reduction of future urban sprawl, and should be promoted by state, regional, and local governments.
- (b) The health and vibrancy of the urban cores benefit their respective regions and the state. Conversely, the deterioration of those urban cores negatively impacts the surrounding area and the state.
- (c) In recognition of the interwoven destiny between the urban center, the suburbs, its region, and the state, the respective governments need to establish a framework and work in partnership with communities and the private sector to revitalize urban centers.
- (d) State urban policies should guide the state, regional agencies, local governments, and the private sector in preserving and redeveloping existing urban centers and ensuring the adequate provision of infrastructure, human services, safe neighborhoods, educational facilities, and economic development to sustain these centers into the future.
- (e) Successfully revitalizing and sustaining the urban centers is dependent on addressing, through an integrated and coordinated community effort, a range of varied components essential to a healthy urban environment including cultural, educational, recreational, economic, transportation, and social service components.
- (f) Infill development and redevelopment are recognized as one of the important components and useful mechanisms to promote and sustain urban centers. State,

regional entities, and local governments should provide incentives to promote urban infill and redevelopment. Existing 2 3 programs and incentives should be integrated to the extent possible to promote urban infill and redevelopment and to 4 5 achieve the goals of the state urban policy. 6 163.2514 Definitions.--As used in ss. 7 163.2511-163.2529, the term: 8 (1) "Local government" means any county or 9 municipality. 10 "Urban Infill and Redevelopment Area" means an 11 area or areas designated by a local government for the development of vacant, abandoned, or significantly 12 underutilized parcels located where: 13 (a) Public services such as water and wastewater, 14 transportation, schools and recreation are already available 15 or are scheduled to be provided in an adopted 5-year schedule 16 17 of capital improvements and are located within the existing 18 urban service area as defined in the local government's 19 comprehensive plan; 20 (b) The area contains not more than 10 percent 21 developable vacant land; 22 The residential density is at least five dwelling units per acre and the average nonresidential intensity is at 23 24 least a floor area ratio of 1.00; and (d) The land area designated as an Urban Infill and 25 Redevelopment Area does not exceed 2 percent of the land area 26 27 of the local government jurisdiction or a total area of 3 28 square miles, whichever is more. 29 163.2517 Designation of urban infill and redevelopment area.--30

- (1) A local government may designate a geographic area or areas within its jurisdiction an urban infill and redevelopment area for the purpose of targeting economic, job creation, housing, transportation, and land-use incentives to encourage urban infill and redevelopment within the urban core.
- (2) A local government seeking to designate a geographic area within its jurisdiction as an urban infill and redevelopment area shall first prepare a plan that describes the infill and redevelopment objectives of the local government within the proposed area. The plan should demonstrate the local government and community's commitment to comprehensively addressing the urban problems within the urban infill and redevelopment area and identify activities and programs to accomplish locally identified goals such as code enforcement; improved educational opportunities; reduction in crime; provision of infrastructure needs, including mass transit and multi-modal linkages; and mixed-use planning to promote multi-functional redevelopment to improve both the residential and commercial qualify of life in the area. The plan must also:
  - (a) Contain a map depicting the geographic area or areas to be included within the designation.
- (b) Identify the relationship between the proposed area and the "existing urban service area" defined in the local government's comprehensive plan.
- (c) Identify existing enterprise zones, community redevelopment areas, community development corporations, brownfield areas, downtown redevelopment districts, safe neighborhood improvement districts, historic preservation districts, and empowerment zones located within the area

4 5

proposed for designation as an urban infill and redevelopment area and provide a framework for coordinating infill and redevelopment programs within the urban core.

- (d) Identify a memorandum of understanding between the county school board and the local government jurisdiction regarding public school board facilities located within the urban infill and redevelopment area to identify how the school board will provide priority to enhancing public school facilities and programs in the designated urban infill and redevelopment area, including the reuse of existing buildings for schools within the proposed area.
- (e) Identify how the local government intends to implement affordable housing programs, including, but not limited to, the State Housing Initiatives Partnership Program, within the urban infill and redevelopment area.
- (f) Adopt, if applicable, land development regulations specific to the urban infill and redevelopment area which include, for example, setbacks and parking requirements appropriate to urban development.
- (g) Identify any existing transportation concurrency exceptions areas and any relevant public transportation corridors designated by metropolitan planning organizations in their long-range transportation plans or by the local government in its comprehensive plan for which the local government seeks designation as a transportation concurrency exception area.
- (h) Identify and adopt a package of financial and local government incentives for which the local government will offer new development, expansion of existing development, and redevelopment within the urban infill and redevelopment area. Examples of such incentives include:

- 1. Waiver of license and permit fees.
  - 2. Waiver of local option sales taxes.
  - 3. Waiver of delinquent taxes or fees to promote the return of property to productive use.
    - 4. Expedited permitting.
  - 5. Prioritization of infrastructure spending within the urban infill and redevelopment area.
  - <u>6. Local government absorption of developers'</u> <u>concurrency costs.</u>
  - (i) Identify how activities and incentives within the urban infill and redevelopment area will be coordinated and what administrative mechanism the local government will use for the coordination.
  - (j) Identify performance measures to evaluate the success of the local government in implementing the urban infill and redevelopment plan.
  - (3) After the preparation of an urban infill and redevelopment plan and before the adoption hearing required for comprehensive plan amendments, the local government must conduct a public hearing in the area targeted for designation as an urban infill and redevelopment area to provide an opportunity for public input on the size of the area; the objectives for urban infill and redevelopment; coordination with existing redevelopment programs; goals for improving transit and transportation; the objectives for economic development; job creation; crime reduction; and neighborhood preservation and revitalization. The purpose of the public hearing is to encourage communities within the proposed urban infill and redevelopment area to participate in the design and implementation of the plan, including a "visioning" of the community core before redevelopment. Notice for the public

hearing must be in the form established in s. 166.041(3)(c)2., for municipalities, and s. 125.66(4)(b)2. for counties. 2 3 (4) In order for a local government to designate an urban infill and redevelopment area, it must amend its 4 5 comprehensive land use plan under s. 163.3187 to adopt the 6 urban infill and redevelopment area plan and delineate the 7 urban infill and redevelopment area within the future land-use 8 plan element of its comprehensive plan. An amendment to the local comprehensive plan to designate an urban infill and 9 10 redevelopment area is exempt from the twice a year amendment 11 limitation of s. 163.3187. (5) Upon amendment of its comprehensive plan to 12 identify an urban infill and redevelopment area, the local 13 government shall notify the Office of Tourism, Trade, and 14 15 Economic Development of the boundaries of the area and provide the office with a copy of the urban infill and redevelopment 16 17 plan. Section 163.2520 Implementation of plan; economic 18 19 incentives. --(1) An urban infill and redevelopment area adopted 20 under ss. 163.2511-163.2529 is eligible for the same 21 22 incentives available to enterprise zones under s. 290.007, at 50 percent of the value of the credit, including: 23 24 (a) The enterprise zones jobs credit provided in s. 25 220.181. The enterprise zone property tax credit provided 26 (b) 27 in s. 220.182. 28 The sales tax exemption for building materials 29 used in the rehabilitation of real property in enterprise 30 zones provided in s. 212.08(5)(g).

1 The sales tax exemption for business equipment used in an enterprise zone provided in s. 212.08(5)(h). 2 3 The sales tax exemption for electrical energy used in an enterprise zone provided in s. 212.08(5)(h). 4 5 The enterprise zone jobs credit against the sales (f) 6 tax provided in s. 212.096. 7 A local government with an adopted urban infill (2) 8 and redevelopment plan may issue revenue bonds under s. 9 163.385 and employ tax increment financing under s. 163.387 of the Community Redevelopment Act for the purpose of financing 10 11 the implementation of the urban infill and redevelopment plan. (3) A local government with an adopted urban infill 12 and redevelopment plan may exercise the powers granted under 13 s. 163.512 for community redevelopment neighborhood 14 improvement districts, including the authority to levy special 15 assessments under s. 163.514. 16 (4) State agencies that provide infrastructure 17 funding, cost reimbursement, grants, or loans to local 18 19 governments, including, but not limited to, the Department of Environmental Protection (Clean Water State Revolving Fund), 20 21 Drinking Water State Revolving Fund, and the State of Florida Pollution Control Bond Program; the Department of Community 22 Affairs (State Housing Initiatives Partnership, Florida 23 24 Communities Trust); and the Department of Transportation (Intermodal Transportation Efficiency Act funds) are directed 25 to report to the President of the Senate and the Speaker of 26 27 the House of Representatives by January 1, 1999, statutory and rule changes necessary to give urban infill and redevelopment 28 29 areas identified by local governments under this act an 30 elevated priority in infrastructure funding, loan, and grant 31 programs.

Redevelopment Assistance Grant Program is created for local governments with adopted urban infill and redevelopment areas in which 90 percent of the general revenue appropriated for this purpose is available for fifty/fifty matching grants for planning and implementing urban infill and redevelopment projects that further the objectives set forth in the local government's adopted urban infill and redevelopment plan. The remaining 10 percent of the revenue must be used for outright grants for smaller scale projects. The Department of Community Affairs, Division of Housing and Community Development, shall administer the grant program. The Department of Community Affairs shall adopt rules establishing grant review criteria consistent with this section.

## Section 163.2526 Economic incentives. --

(1) The economic incentives in s. 163.2520 are granted for an initial 5-year period beginning with the effective date of the amendment of the local comprehensive plan designating the urban infill and redevelopment area and may be renewable, upon the approval of the Department of Community Affairs, for an additional 5-year period, subject to the continuation of the enterprise zone program under ss. 290.001-290.015. Six months before the expiration of the initial 5-year period, the local government shall submit a report to the Department of Community Affairs evaluating the success of the urban infill and redevelopment plan based on the performance criteria identified in the plan and the ability of the local government to maintain the local fiscal and regulatory incentives committed to in the urban infill and redevelopment plan. If the evaluation is acceptable, the economic incentives may be

1 extended by the Department of Community Affairs for an additional 5 years. 2 3 (2) If the local government fails to implement the urban infill and redevelopment plan, the Department of 4 5 Community Affairs may seek to rescind an urban infill and 6 redevelopment designation subject to the provisions of chapter 7 120. The action to rescind may be initiated 90 days after 8 issuing a written letter of warning to the local government. 9 With respect to enterprise zone credits or exemptions, the 10 action does not act to deny credits or exemptions previously 11 granted or affect any bonds that have been issued. Section 163.2529 Review and evaluation. -- Before the 12 2003 Regular Session of the Legislature, the Office of Program 13 Policy Analysis and Government Accountability shall perform a 14 review and evaluation of ss. 163.2511-163.2529, including the 15 financial incentives listed in s. 163.2520. The report must 16 evaluate the effectiveness of the designation of urban infill 17 and redevelopment areas in stimulating urban infill and 18 19 redevelopment and strengthening the urban core. A report of 20 the findings and recommendations of the Office of Program Policy Analysis and Government Accountability shall be 21 22 submitted to the President of the Senate and the Speaker of the House of Representatives before the 2003 Regular Session 23 24 of the Legislature. Section 2. Subsection (5) of section 163.3180, Florida 25 Statutes, is amended to read: 26 27 163.3180 Concurrency.--28 (5)(a) The Legislature finds that under limited 29 circumstances dealing with transportation facilities, 30 countervailing planning and public policy goals may come into 31 conflict with the requirement that adequate public facilities

4 5

and services be available concurrent with the impacts of such development. The Legislature further finds that often the unintended result of the concurrency requirement for transportation facilities is the discouragement of urban infill development and redevelopment. Such unintended results directly conflict with the goals and policies of the state comprehensive plan and the intent of this part. Therefore, exceptions from the concurrency requirement for transportation facilities may be granted as provided by this subsection.

- (b) A local government may grant an exception from the concurrency requirement for transportation facilities if the proposed development is otherwise consistent with the adopted local government comprehensive plan and is a project that promotes public transportation or is located within an area designated in the comprehensive plan for:
  - 1. Urban infill development,
  - 2. Urban redevelopment, or
  - 3. Downtown revitalization, or-
- 4. Is designated as an urban infill and redevelopment area under s. 163.2517.
- (c) The Legislature also finds that developments located within urban infill, urban redevelopment, designated urban infill and redevelopment areas under s. 163.2517, existing urban service, or downtown revitalization areas which pose only special part-time demands on the transportation system should be excepted from the concurrency requirement for transportation facilities. A special part-time demand is one that does not have more than 200 scheduled events during any calendar year and does not affect the 100 highest traffic volume hours.

(d) A local government shall establish guidelines for granting the exceptions authorized in paragraphs (b) and (c) in the comprehensive plan. These guidelines must include consideration of the impacts on the Florida Intrastate Highway System, as defined in s. 338.001. The exceptions may be available only within the specific geographic area of the jurisdiction designated in the plan. Pursuant to s. 163.3184, any affected person may challenge a plan amendment establishing these guidelines and the areas within which an exception could be granted.

Section 3. Subsection (1) of section 163.3187, Florida Statutes, is amended to read:

163.3187 Amendment of adopted comprehensive plan. --

- (1) Amendments to comprehensive plans adopted pursuant to this part may be made not more than two times during any calendar year, except:
- (a) In the case of an emergency, comprehensive plan amendments may be made more often than twice during the calendar year if the additional plan amendment receives the approval of all of the members of the governing body.

  "Emergency" means any occurrence or threat thereof whether accidental or natural, caused by humankind, in war or peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property or public funds.
- (b) Any local government comprehensive plan amendments directly related to a proposed development of regional impact, including changes which have been determined to be substantial deviations and including Florida Quality Developments pursuant to s. 380.061, may be initiated by a local planning agency and considered by the local governing body at the same time as the

application for development approval using the procedures provided for local plan amendment in this section and applicable local ordinances, without regard to statutory or local ordinance limits on the frequency of consideration of amendments to the local comprehensive plan. Nothing in this subsection shall be deemed to require favorable consideration of a plan amendment solely because it is related to a development of regional impact.

- (c) Any local government comprehensive plan amendments directly related to proposed small scale development activities may be approved without regard to statutory limits on the frequency of consideration of amendments to the local comprehensive plan. A small scale development amendment may be adopted only under the following conditions:
- 1. The proposed amendment involves a use of 10 acres or fewer and:
- a. The cumulative annual effect of the acreage for all small scale development amendments adopted by the local government shall not exceed:
- (I) A maximum of 120 acres in a local government that contains areas specifically designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e); however, amendments under this paragraph may be applied to no more than 60 acres annually of property outside the designated areas listed in this sub-sub-subparagraph.

- (II) A maximum of 80 acres in a local government that does not contain any of the designated areas set forth in sub-sub-subparagraph (I).
- (III) A maximum of 120 acres in a county established pursuant to s. 9, Art. VIII of the State Constitution.
- b. The proposed amendment does not involve the same property granted a change within the prior 12 months.
- c. The proposed amendment does not involve the same owner's property within 200 feet of property granted a change within the prior 12 months.
- d. The proposed amendment does not involve a text change to the goals, policies, and objectives of the local government's comprehensive plan, but only proposes a land use change to the future land use map for a site-specific small scale development activity.
- e. The property that is the subject of the proposed amendment is not located within an area of critical state concern.
- f. If the proposed amendment involves a residential land use, the residential land use has a density of 10 units or less per acre, except that this limitation does not apply to small scale amendments described in sub-sub-subparagraph a.(I) that are designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e).
- 2.a. A local government that proposes to consider a plan amendment pursuant to this paragraph is not required to comply with the procedures and public notice requirements of

- s. 163.3184(15)(c) for such plan amendments if the local government complies with the provisions in s. 125.66(4)(a) for a county or in s. 166.041(3)(c) for a municipality. If a request for a plan amendment under this paragraph is initiated by other than the local government, public notice is required.
- b. The local government shall send copies of the notice and amendment to the state land planning agency, the regional planning council, and any other person or entity requesting a copy. This information shall also include a statement identifying any property subject to the amendment that is located within a coastal high hazard area as identified in the local comprehensive plan.
- 3. Small scale development amendments adopted pursuant to this paragraph require only one public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184(7), and are not subject to the requirements of s. 163.3184(3)-(6) unless the local government elects to have them subject to those requirements.
- (d) Any comprehensive plan amendment required by a compliance agreement pursuant to s. 163.3184(16) may be approved without regard to statutory limits on the frequency of adoption of amendments to the comprehensive plan.
- (e) A comprehensive plan amendment for location of a state correctional facility. Such an amendment may be made at any time and does not count toward the limitation on the frequency of plan amendments.
- (f) Any comprehensive plan amendment that changes the schedule in the capital improvements element, and any amendments directly related to the schedule, may be made once in a calendar year on a date different from the two times provided in this subsection when necessary to coincide with

the adoption of the local government's budget and capital improvements program.

(g) A comprehensive plan amendment for the purpose of designating an urban infill and redevelopment area under s. 163.2517.

Section 4. Subsection (17) of section 187.201, Florida Statutes, is amended to read:

187.201 State Comprehensive Plan adopted.--The Legislature hereby adopts as the State Comprehensive Plan the following specific goals and policies:

- (17) <u>URBAN REDEVELOPMENT AND</u> DOWNTOWN REVITALIZATION.--
- (a) Goal.--In recognition of the importance of Florida's <u>vital urban centers and of the need to develop and redevelop developing and redeveloping</u> downtowns to the state's ability to use existing infrastructure and to accommodate growth in an orderly, efficient, and environmentally acceptable manner, Florida shall encourage the centralization of commercial, governmental, retail, residential, and cultural activities within downtown areas.
  - (b) Policies.--
- 1. Provide incentives to encourage private sector investment in the preservation and enhancement of downtown areas.
- 2. Assist local governments in the planning, financing, and implementation of development efforts aimed at revitalizing distressed downtown areas.
- 3. Promote state programs and investments which encourage redevelopment of downtown areas.
- 4. Develop strategies to guide the state, regional agencies, local governments, and the private sector in

30 31 preserving and redeveloping existing urban centers to ensure the adequate provision of infrastructure, human services, safe neighborhoods, educational facilities and economic development to sustain urban centers into the future.

- 5. Promote and encourage communities to engage in a redesign step to include public participation of members of the community in envisioning redevelopment goals and design of the community core before redevelopment.
- 6. Ensure that local governments have adequate flexibility to determine and address their urban priorities within the state urban policy.
- 7. Enhance the linkages between land, water use, and transportation planning in state, regional, and local plans for current and future designated urban areas.
- Develop concurrency requirements for urban areas that promote redevelopment efforts where the requirements do not compromise public health and safety.
- Encourage local governments to review and estimate the true costs of proposed developments that are incurred by the affected local governments and natural resources.
- 10. Promote processes for the state, general purpose local governments, school boards, and local community colleges to coordinate and cooperate regarding educational facilities in urban areas including; planning functions, the development of joint facilities, and the reuse of existing buildings.
- 11. Encourage that developing mass transit systems for urban centers, including multi-modal transportation feeder systems, is a priority of local, metropolitan, regional, and state transportation planning.

- 12. Locate appropriate public facilities within urban centers to demonstrate public commitment to the centers and to encourage private sector development.
- 13. Integrate state programs that have been developed to promote economic development and neighborhood revitalization through incentives to promote the development of designated urban infill areas.
- 14. Promote infill development and redevelopment as an important mechanism to revitalize and sustain urban centers.
- Section 5. Paragraph (b) of subsection (19) of section 380.06, Florida Statutes, is amended to read:
  - 380.06 Developments of regional impact.--
  - (19) SUBSTANTIAL DEVIATIONS.--
- (b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:
- 1. An increase in the number of parking spaces at an attraction or recreational facility by 5 percent or 300 spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by 5 percent or 1,000 spectators, whichever is greater.
- 2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates. However, if an airport is located in two counties, a 10-percent lengthening

4 5

of an existing runway or a 20-percent increase in the number of gates of an existing terminal is the applicable criteria.

- 3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.
- 4. An increase in industrial development area by 5 percent or 32 acres, whichever is greater.
- 5. An increase in the average annual acreage mined by 5 percent or 10 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 5 percent or 300,000 gallons, whichever is greater. An increase in the size of the mine by 5 percent or 750 acres, whichever is less.
- 6. An increase in land area for office development by 5 percent or 6 acres, whichever is greater, or an increase of gross floor area of office development by 5 percent or 60,000 gross square feet, whichever is greater.
- 7. An increase in the storage capacity for chemical or petroleum storage facilities by 5 percent, 20,000 barrels, or 7 million pounds, whichever is greater.
- 8. An increase of development at a waterport of wet storage for 20 watercraft, dry storage for 30 watercraft, or wet/dry storage for 60 watercraft in an area identified in the state marina siting plan as an appropriate site for additional waterport development or a 5-percent increase in watercraft storage capacity, whichever is greater.
- 9. An increase in the number of dwelling units by 5 percent or 50 dwelling units, whichever is greater.
- 10. An increase in commercial development by 6 acres of land area or by 50,000 square feet of gross floor area, or of parking spaces provided for customers for 300 cars or a 5-percent increase of any of these, whichever is greater.

- 1 11. An increase in hotel or motel facility units by 5 2 percent or 75 units, whichever is greater.
  - 12. An increase in a recreational vehicle park area by 5 percent or 100 vehicle spaces, whichever is less.
  - 13. A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.
  - 14. A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 100 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 100 percent has been reached or exceeded.
  - 15. A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.
  - 16. Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The further refinement of such areas by survey shall be considered under sub-subparagraph (e)5.b.

The substantial deviation numerical standards in subparagraphs 4., 6., 10., 14., excluding residential uses, and 15., are

31 increased by 100 percent for a project certified under s.

403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to 2 3 its impact on an area's economy, employment, and prevailing 4 wage and skill levels. The substantial deviation numerical 5 standards in subparagraphs 4., 6., 9., 10., 11., and 14. are 6 increased by 50 percent for a project located wholly within an 7 urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land-use 8 9 map and not located within the coastal high hazard area. 10 Section 6. The sum of \$5 million is appropriated from 11 the General Revenue Fund to the Department of Community 12 Affairs for the 1998-1999 fiscal year for the purpose of funding the Urban Infill and Redevelopment Assistance Grant 13 14 Program created in section 163.2523, Florida Statutes. 15 Section 7. This act shall take effect upon becoming a 16 law. 17 \*\*\*\*\*\*\*\*\*\*\* 18 19 SENATE SUMMARY 20 Authorizes counties and municipalities to designate urban infill and redevelopment areas based on specific criteria. Provides economic incentives, a grant assistance program, and requires a review and evaluation by the Office of Program Policy Analysis and Government Accountability. Provides exceptions to transportation concurrency and exceptions from limitations on amendments to local government comprehensive plans. Provides 21 22 23 to local government comprehensive plans. Provides additional goals and policies for the state comprehensive plan. Allows deviations from development of regional 24 25 impact requirements. Provides an appropriation. 26 27 28 29 30 31
