22 created to read:

23 535.08 Thoroughbred sales; administration of
24 medications prior to sale; testing.--

25 (1) No person shall administer to any thoroughbred
26 horse offered for licensed public sale at a thoroughbred horse
27 sale any substance that is recognized as an injectable, oral,
28 or topical medication within 72 hours of the start of the sale
29 session in which the thoroughbred horse is offered for sale
30 unless the person is a licensed veterinarian and the
31

1 medication is therapeutic or necessary for the treatment or
2 prevention of an illness or injury.

3 (2) The administration of any such medication must be
4 reported to the sales organization on a form provided for this
5 purpose by the sales organization, signed by the attending
6 veterinarian, which shall set forth the following information:

7 (a) Identification of the medication, amount, and
8 strength.

9 (b) The date and time of administration.

10 (c) Identification of the horse's name, age, sex, and
11 entry number.

12 (d) The reason for administration.

13

14 The form must be filed with the sales organization no later
15 than 12 hours after administration or 1 hour before the start
16 of the sales session in which the thoroughbred horse is
17 offered for sale, whichever would require the earlier filing.
18 The sales organization shall make all such forms available to
19 the public, and the availability of this information shall be
20 publicized in any applicable sales catalogue.

21 (3)(a) The state veterinarian, or any veterinarian
22 designated by the department, may collect a blood sample from
23 any thoroughbred horse offered or sold at a licensed
24 thoroughbred horse sale for the purpose of determining if the
25 horse has been administered a substance in violation of
26 subsection (1). Such a test shall be performed at the request
27 of the purchaser of any thoroughbred horse sold, if the
28 purchaser makes such a request before taking physical
29 possession of the animal and within 24 hours of the time of
30 sale. The purchaser shall be solely responsible for the cost
31 of the test, and payment shall be made to the sales

1 organization. The sales organization shall then remit the cost
2 of these tests to the department.

3 (b) Any such blood sample shall be delivered for
4 initial testing to an official laboratory approved by the
5 department. One-half of any such blood sample shall be used
6 for initial testing and the remaining one-half shall be stored
7 for possible follow-up testing for a period of not less than 2

10 response to any positive test result within 48 hours after
11 receiving actual notice of such a result. The seller shall be
12 solely responsible for the cost of any followup testing. Upon
13 request of the seller, the original laboratory and an
14 additional laboratory selected by the seller and approved by
15 the state veterinarian shall test the stored sample.

16 (d) If initial testing reveals that a horse has been
17 administered a substance in violation of subsection (1) and
18 followup testing by both laboratories confirms this conclusion
19 or the seller does not request such testing within the 48-hour
20 period provided, the consignor must accept return of the horse
21 as unsold.

22 (e) The department shall by rule, establish those
23 medications and depressants for which a tolerance may be set
24 that, if found in the blood sample, may be construed to be
25 forbidden substances; shall establish procedures for the
26 collection, handling, and storage of blood samples; and shall
27 specify the type of test to be used. Until such time that a
28 tolerance or test is established, a zero tolerance will be
29 enforced.

30 (4)(a) Any person who violates subsection (1) commits
31 a misdemeanor of the second degree, punishable as provided in

1 ss. 775.082 and 775.083. For a second or subsequent offense,
