(k) Notwithstanding the provisions of paragraph (j) to the contrary, if a substance abuse services provider fails to meet 80 percent of any of its performance standards established in the contract, the department must, in lieu of renewal at the end of the contract period, competitively procure the contract for substance abuse services, pursuant to paragraphs (a) and (b). The department must cancel the contract with a substance abuse provider that fails to meet at least 50 percent of a performance standard. The department may not enter into a new contract with that same provider for the services for which the contract was previously canceled for a period of at least 12 months after the date of cancellation. The provisions of this paragraph shall not apply in a service area in which there is no alternative substance abuse services provider.
