

Bill No. CS for SB 314

Amendment No. \_\_\_\_

1 (d) The availability and affordability of health  
2 insurance for small businesses.

3 (e) Total health care expenditures in the state  
4 according to the sources of payment and the type of  
5 expenditure.

6 (f) The quality of health services, using techniques  
7 such as small area analysis, severity adjustments, and  
8 risk-adjusted mortality rates.

9 (g) The development of an alternative uniform system  
10 of financial reporting of gross revenues per adjusted  
11 admission, based on the American Institute of Certified Public  
12 Accounts' Hospital Audit and Accounting Guide, which also  
13 measures the services provided by a hospital to charity,  
14 medically indigent, and other underinsured patients.  
15 Recommendations for the development of an alternative uniform  
16 system of financial reporting shall be submitted to the  
17 Legislature by July 1, 1993.

18 (h) The development of physician payment systems which  
19 are capable of taking into account the amount of resources  
20 consumed and the outcomes produced in the delivery of care.

21 (i) The impact of subacute admissions on hospital  
22 revenues and expenses for purposes of calculating adjusted  
23 admissions as defined in s. 408.07.

24 (j) Increases in hospital emergency room charges since  
25 1995, the impact on such charges from cost-shifting, coding  
26 and billing practices, and ss. 641.513 and 409.9128, and the  
27 effect of such charges on the cost of health care.
