# I. SUMMARY:

This bill amends chapter 96-521, Laws of Florida, a special act which authorized the issuance of alcoholic beverage licenses to vendors in an entertainment/resort complex in Orange County as an exception to general law, to expand the boundaries thereof and to redefine the term "entertainment/resort complex."

The economic impact of the proposed expansion by Universal Studios is anticipated to have a substantial positive impact on state revenues due to the creation of a significant number of new jobs and new construction.

# II. SUBSTANTIVE RESEARCH:

### A. PRESENT SITUATION:

Chapter 96-521, Laws of Florida, created an exception to the prohibitions found in general law concerning the financial relationship between a manufacturer of alcoholic beverages and a retail vendor of alcoholic beverages and the licensure of same.

The 1995 acquisition of MCA, Inc., an entertainment conglomerate which owns half interest in Universal Studios Theme Park in Orlando, by The Seagrams Company, Ltd., a global producer and marketer of distilled spirits, resulted in an affiliation between a manufacturer and a retail vendor in violation of ss. 561.22 and 561.42, Florida Statutes.

The practical effect of the exemption from general law provided by Chapter 96-521, Laws of Florida, was twofold. First, it relieves Seagrams from an otherwise required divestiture of financial interest in Universal Studios. Second, the act allows the issuance of various alcoholic beverage licenses to retailers which have a financial relationship with a manufacturer and allows the issuance of alcoholic beverage licenses to entities which otherwise might be required to purchase a quota liquor license on the open market. Unlike a quota liquor license, however, these special alcoholic beverage licenses are restricted to sales for consumption on the licensed premises.

## B. EFFECT OF PROPOSED CHANGES:

The bill continues the exemption from general law from the prohibited financial relationship between a manufacturer and a vendor of alcoholic beverages [s.561.42(1), F.S.] and from the prohibition of licensure as both a manufacturer of alcoholic beverages and as a retail vendor of alcoholic beverages [s. 561.22, F.S.] created by Chapter 96-521, Laws of Florida.

This bill expands the boundaries set forth in Chapter 96-521, Laws of Florida, to encompass approximately 2,000 additional acres of land which is being considered for a future expansion of the entertainment/resort complex. The proposed expansion by Universal may include everything from retail and hotel space to new theme parks and golf courses. The Division of Alcoholic Beverages and Tobacco is authorized to issue separate alcoholic beverage licenses for each retail outlet within that expanded boundary according to the type of service offered, i.e., restaurant, golf club, bar. Each alcoholic beverage licensee is required to pay a license fee for consumption on premises establishments as set forth in s. 565.02(1)(b)-(f), Florida Statutes, except that a new theme park shall be issued a master license and pay license fees as provided in s. 565.02(6), Florida Statutes.

The bill deletes the definition of an "entertainment/resort complex" found in the original special act, and references the definition found in s. 561.01(18), Florida Statutes. The new language defines "close proximity" to be within a five mile radius of the theme park. The new definition continues to require that either the owner/operator of the theme park, a parent company or a subsidiary thereof, be required to have an equity interest in the entertainment/resort complex properties.
