The bill became chapter 98-475, Laws of Florida.

II. SUMMARY:

The bill codifies all prior special acts relating to Carrollwood Recreation District in Hillsborough County into one special act.

The bill removes outdated provisions, redundancies, and makes reviser corrections.

The bill provides notice that the District is an independent district.

The bill also makes several substantive changes to its current charter.

III. SUBSTANTIVE RESEARCH:

A. PRESENT SITUATION:

Codification

The 1997 Legislature amended chapter 189, Florida Statutes, to provide for codification of special districts' charters (including fire control districts), either by December 1, 2001, or when any act relating to such district is introduced to the Legislature, whichever occurs first. In addition, section 189.429, Florida Statutes, requires that no changes be made to a district's charter as it exists on October 1, 1997, in the codifying legislation. However, in the 1997 interim, some districts expressed the need to request substantive changes to their charters but because of the number of amendments (special acts) to their charters, they do not have time to codify.

As a result, the Chair of the Committee on Community Affairs issued a Memorandum on October 3, 1997, explaining the policy of the Committee for charter codifications for the 1998 Legislative Session. In part the Memorandum states:

1. Although two bills are preferable (one to codify and one to accomplish the substantive change), the House Committee on Community Affairs will accept one bill (containing the codification and substantive change).
2. The substantive change, if included in the codifying local bill, **must be advertised** clearly and concisely, i.e., "a substantive change to the charter is being sought affecting membership of the Board," or whatever change(s) is applicable.
3. If a substantive change is needed to a District's charter this Session, but codification is too large a task to accomplish at the same time, the Committee will hear bills for any substantive changes that a legislative delegation deems necessary.
4. The Committee will accept voluntary charter codifications from any district for the 1998 Legislative Session. A schedule for submitting the codifying charter is attached and is based on the number of special acts a district currently enjoys. The attached proposed schedule of submittals is based on an extended deadline of 2004, which must be accomplished legislatively. The Committee will have a bill to address this issue during the 1998 Legislative Session. Keep in mind, if they choose to do so, a district may submit its codification earlier than the proposed schedule indicates.

Status Statement

Also, section 189.404(5), Florida Statutes, provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform with the department's determination or declaratory statement regarding the status of the district.

Current Charter

The Carrollwood Recreation District was created by chapter 72-565, Laws of Florida. The District was created for the purpose of continued development, administration, and maintenance of properties for recreational and related activities. The District's facilities may only be used by residential property owners in the District, their family members, and guests. The District is governed by nine trustees serving 2 year terms. The Board has a president, vice-president, recording secretary, corresponding secretary, and a treasurer. The current charter provides for the qualifications and election procedures of trustees. A maximum non-ad valorem tax of \$100 is currently provided. The Board is granted numerous powers, including: acquiring, holding and leasing property; entering into contracts; issuing bonds; and making rules and regulations. The charter also provides that the District may be abolished by a majority vote of the District's electors.
